PREAMBLE

I proudly present the 2023/24 Anthology, an annual collection of Chinese and English essays by a group of little gems. In A-School, students are taught from the first day of admission to develop a great passion for reading and writing to foster their creativity, logical thinking, communication skills and aesthetic sensitivity.

The essays in this Anthology may not be impeccable, but they are full of the potential to become masterpieces. More importantly, they represent the distinctive stories of many talented writers. Their essays have impressed us and left an indelible mark on the writing landscape of A-School. Their creativity, passion, and dedication to the art of literature have been truly inspiring. I would also like to thank the hard work and dedication of the teachers who have supported and encouraged our budding writers all along. You have played an essential role in nurturing the talents and helping them reach this point. We look forward to reading more beautiful pieces from the burgeoning writers in the year to come.

Dr. Benjamin Chan
Chief Principal

Dear A-School families,

Welcome to the wonderful world of languages and literature!

Get ready to embark on an exciting adventure as you dive into our Chinese and English Anthology pages. This book is a treasure trove of stories, poems, and rhymes that will transport you to far-off lands and introduce you to fascinating characters.

In this anthology, you will discover the beauty and power of Chinese and English. Each page has vibrant tales and enchanting verses that ignite your imagination and take you on incredible journeys.

You will encounter dragons, princesses, talking animals, and brave heroes from ancient legends to modern tales. You will be captivated by the rhythm and rhyme of the poems, and you may even find your voice as a budding poet or storyteller.

We want to thank the young writers who have shared their creative talents with us. Your words have the power to inspire, entertain, and touch the hearts of others. Your stories and poems are a testament to your boundless imagination and linguistic skills.

To our parents, thank you for instilling a love for languages and literature in your children. Your support and encouragement have nurtured their language skills and helped them appreciate the beauty of storytelling.

So, dear students, let the pages of this anthology be your gateway to exploring the wonders of language and literature. Immerse yourself in the tales, let the words dance on your tongue, and let your imagination take flight.

May this anthology be a cherished keepsake that sparks a lifelong love for languages and the joy of storytelling. Let it inspire you to explore new worlds, express your thoughts and feelings, and embrace the magic of words.

Enjoy this incredible linguistic journey, and let your own stories and poems fill the pages of the future!

With warmest regards,

Mr. Kelvin Lee

Senior Vice Principal (Head of Primary Division)

I must say, I'm practically bursting with pride looking at the remarkable work featured in these pages.

Who would've thought that behind those cute, chubby cheeks and doe-eyed innocence lay the creative genius of Ernest Hemingway, Shakespeare, and J.K. Rowling all rolled into one? These students may be pint-sized, but their writing packs a major punch. You'll find everything from out-of-this-world fantasy stories to haikus and sonnets that'll have you clapping at the choice of words.

But whether these young wordsmiths are making you laugh, cry, or wonder at their advanced use of language skills, one thing is certain - they're leaving their mark on the literary world, one heartwarming sentence at a time.

So sit back, relax, and prepare to be dazzled by the boundless creativity and imagination of our student authors.

Congratulations to all our young literary legends featured in this anthology. You've proven that you've got the writing chops to rival even the greatest of the greats. Now keep honing those skills, because who knows? Maybe one day, I'll be begging for your autograph.

Mrs. Winnie Ashwini Pradhan

Assistant Principal (Curriculum and Quality Assurance)

Within the pages of this “Passion” anthology, the boundless creativity and unwavering spirit of our students shines through. These young authors have poured their hearts into their written works, transforming the page into a canvas for their cherished dreams, deepest emotions, and greatest aspirations.

I have had the honor of witnessing the journey these students have undertaken - from the initial spark of inspiration to the final, polished pieces. What began as mere words has blossomed into a tapestry of unique voices, each thread woven together by the students’ steadfast dedication and unrelenting passion.

The essays, poems, and stories compiled here are intimate glimpses into the minds and souls of these remarkable individuals. Through their writing, they have not only honed their craft but also discovered profound truths about themselves and the world around them. These young writers have dared to dream, to explore, and to share their most authentic selves. Their passion, evident in every line, stands as a testament to the transformative power of the written word.

As you immerse yourself in these pages, be inspired, be moved, and bear witness to the boundless potential of the next generation of literary luminaries.

Congratulations to all the contributors, and thank you for sharing your “Passion” with us.

「讀書破萬卷，下筆如有神」——閱讀與寫作是一件令人會心微笑的事情。通過文字，我們可以記錄生活、抒發情感，也可以探索思考、突出個人觀點主張。寫作是一種純然的、個人的表達方式，能夠為人們帶來無窮無盡、不能言喻的樂趣。

我校文集為同學們語文創作的精華，同學透過寫作表現了自己對生活、對世界的獨特觀察和感受。不論是抒情小品、記事寓理、閱讀心得、文學雅歌……都記載著同學們內心的喜怒哀樂與思考，每一篇都散發著孩子們對寫作的熱忱。

正所謂「見賢思齊」，通過欣賞同儕的優秀作品，同學們能夠進一步體會到寫作的魅力。最出色的作品皆是從「仿寫」這棵小幼苗而來，期待同學們認真、珍視這本作品集，好好學習，提高自身寫作能力；更期待看到同學們未來在寫作道路上越走越遠，發掘更多寫作的樂趣！

陳佩柔
協理副校長（家校事務及中文學科總監）

翻開《求敏》一書，你不難發現，這裏匯聚了同學們的熱情創作，能從文章中一窺他們對生活細緻地觀察和用心地創作。同學們獨具慧眼，透過文字帶領我們在幻想世界中遨遊，欣賞美好的生活片段，訴說夢想和憧憬。本年度作品題材多樣，既有生活寫照，抒發感懷，也有細膩入微的人物刻畫。同學們的文筆既具創意，每篇作品皆承載着學生對寫作的熱忱和真摯，又反映出他們成長歷程的點點滴滴。

各位讀者，請細細品味、領略學生們對生活、對創作的熱愛。一言一句，凝聚了學生們的心血和成長。這本文集不僅是一本文集，更是一面映照學生們內心世界的鏡子。

MY BIRTHDAY PARTY

Do you want to know about my birthday party? Please read on to know more about it.

On 5th October, I invited my dad, mom and sister. We had a party in a restaurant. We ate rice and birthday cake. We also ate plenty of other food. We ate birthday cake because it was my birthday. We drank juice. What juice did I drink? I drank apple juice. The drink was very juicy and sweet. I loved it very much!

Do you know I played board games? Do you want to play board games? I wanted to play, but suddenly the music played. It was time for musical chairs.

Do you like my birthday party and do you want to come and join my birthday party next time?

Chan Zander Wang Pok (1A)

Have you been to a birthday party before?

I will tell you about my birthday party. We played Nintendo Switch at home. I wanted to play games so my mom prepared a lot of games for us. I had jelly, candy, pizza, birthday cake, and chips. I played with my friends and I had a lot of fun. My birthday party is on February eighth.

For my birthday party I got a Lamborghini! I liked my birthday because I got a lot of presents. My party was in my party room. My party had a lot of food but I only ate a little. I love my Lamborghini birthday gift because I can "vroom vroom". I got a chance to break the Mr. Potato piñata. The boy holding the red balloons was actually Pennywise. My friend Morris broke the bigger piñata at my birthday party. And I got a Louis Vuitton bag for my mom. My mom was really happy because she loves Louis Vuitton. So do you want to join my birthday party?

Lau Lok Ching (1D)

Have you been to a princess party? I have! Let me show you my birthday party!

I can see a princess at my birthday party.

There is a cake. The cake is vanilla-flavored.

My mum and I made this princess cake together!

I put a princess toy on my cake.

My birthday is on 10th February.

At my party, I ate ice cream, chips, cheese pizza, macaron, and birthday cake.

Everyone went to my home.

There were many presents for me. I liked them very much!

Dad bought me a dress, and I wore it at the party.

Miss Jasmine came to my party!

My classmates gave me gifts.

At last, my classmates left.

Mum and Dad gave me gifts. Mum gave me toys. Dad gave me an iPhone!

Did your mum and dad give you gifts?

MY FAVORITE PLACE

Do you know where my favorite place in Hong Kong is? My favorite place in Hong Kong is Disneyland! Let me show you a lot more about Disneyland! I like this place because it is as gigantic as a whale.

The first place that I like to visit is "Meet Your Favorite Character". My favorite characters are Minnie and LinaBell, but I like LinaBell more than Minnie because LinaBell's skin is light pink. Even though Minnie's dress is neon pink, I still like LinaBell better than Minnie Mouse. I scream loudly, my mom screams louder, and my sisters scream the loudest! The reason we are loud is because they are as adorable as bunnies. There are a lot of characters like Mickey, Goofy, Duffy, and Cookie. All the characters' fur is very fluffy.

Next, the place that I am going to introduce is the Main Street Corner Café. The café has the most flavorful food at Disneyland! When I took a bite of the golden croissant, it was scrumptious! But don't forget to eat the newest dish called "Sour Fruit Punch"! It is the most popular dish from now on! What is your favorite dish from the Main Street Corner Café?

The last activity I would like to introduce is the fireworks. Fireworks at Disneyland are very colorful and piercing! They sound like a person talking in my ears! I like all of the rides, but I like the fireworks the most because they have my favorite colors, such as light and dark pink, dark purple, and light blue.

I feel delighted because I can spend more memorable time with my joyful family. Do you want to follow me to the fantastic Disneyland next time?

Wu Chun Morris (1A)

MY FAVORITE PLACE-DISNEYLAND

Have you ever been to Disneyland before? If you have not been to Disneyland before, let me tell you about it.

When you enter the gigantic entrance of the park, there is a beautiful and colorful castle in front of you. As you walk around the park, you will notice an amazing and fabulous tower. The tower is so tall and taller than the food shop. In the food shop, there is so much yummy food to eat.

In Disneyland, there is a huge and fast roller coaster called Space Mountain. It is as fast as a Ferrari. I sit in the roller coaster cart, and it is the most wonderful experience! When the roller coaster starts, we all shout with excitement. It is awesome! It will take a while to finish this dizzy and brilliant roller coaster.

I can't wait to go to Disneyland again! But we must do a lot of homework at home before we can go back. Do you want to go to Disneyland too?

Ng Pak Yeung Ocean (1D)

MY FAVOURITE PLACE

Where is your favourite place in Hong Kong? My favourite place in Hong Kong is Ocean Park. Ocean Park is a giant and beautiful place. It has a lot of animals. They are lovely. I love them so much!

In the aquarium, there are so many sea animals! There are spotty fish, stripy dolphins, and thin stingrays. They are as gentle as bunnies. In the aquarium, there is also a lot of long seaweed at the bottom of the tank. It looks like a dancer dancing along to the music. The whole aquarium wall, and even the ceilings, are full of fish! Some fish are thinner, and some are fatter. Some are gigantic, and some are tiny.

The aquarium smells fishy and stinky, but it is so beautiful. They also have a lot of other types of fish, such as jellyfish, x-ray fish, sharks, whales, and dolphins. When I touch the tank, it feels colder than anything. I heard the fish playing with bubbles.

You can't eat in the aquarium. If you eat there, you will get caught. However, I would like to introduce the restaurant. You are going to taste incredible food, and you can even see the fish on the side of the wall.

The next place I am going to introduce to you is the maze. In the middle of it is a shiny ball. It was so sparkly. I hugged it, and it was cool! I think the maze was a bit too easy.

Would you like to come with me next time after I share this place with you? Tell me where you would meet me at Ocean Park!

MY EASTER HOLIDAY

Easter is one of my favorite festivals. This year I had a special Easter holiday with my parents. We travelled in the early morning by plane to Fukuoka, Japan. We visited animals like bears, lions, tigers, elephants, and kangaroos. At the zoo, we took a helicopter ride around the volcano, picked and ate strawberries from the farm, and also had a hot spring during camping. We all had so much fun on the trip. What a fantastic Easter holiday!

EXPERIENTIAL LEARNING DAY

We had three days of Experiential Learning from 5th to 7th December. Firstly, we attended a talk about natural disasters. It was talking about earthquakes, landslides, volcanoes and tornadoes. The speaker reminded us how to keep ourselves safe. I am interested in this topic. The second Experiential Learning Day was on Wednesday. We made a picture about Math About Me. We wrote down our birthday date and how many teeth we lost. My birthday is on 4th January. But I did not lose any teeth yet. Then we shared our information with all 1A students. On the last Experiential Learning Day, we played games in English Drama Activities. My English teacher, Ms. Rabia, divided us into group A and group B. I was in group A. The first game needed us to tell classmates about our names and what we like to do one by one. If you forgot the previous classmate's name and what he/she liked to do, you would lose the game and the others get a star.

Finally, group A got 25 marks and group B got 24 stars. Group A was the winner and everyone got 10 Award Scheme points.

I felt so happy and had so much fun during the Experiential Learning Day.

FREEZING WINTER

Freezing winter, so I'm shivering from the wind

Readng books in my winter holiday, and enjoying my hot chocolate in my home while hearing my favorite pop songs

Eating hotpot is like snuggling with my family because the hotpot has flavorsome warm soup

Even though it is freezing cold, we like to go to other places to play with snow because we are playful and not scared of the icy wind

Zoom! Snow sled dashing beside me, and I wish to be one awesome snow sledder, too

I think this will be the best holiday yet! How will you keep warm in the freezing winter? I will take cover under my thick blanket and drink hot soup, which would be great

Never go outside without a thick jacket, or you will get sick and miss out all the wonderful Christmas events like snowball fights and making snow castles

Good days in the snow when cold breeze flows, and I saw ice on the trees and snow beside the paths

Winter is my favorite season because on Christmas night, I can get gifts from Santa. The gifts are always the best

In winter, most people stay in homes because they are scared of catching a cold, but we go out to play! Snow pouring from the sky, freezing breeze from day to night

No scorching sun in the sky making me feel chilled to the bones

The Christmas trees are full of leaves, but the trees outside are lonely and frozen

Even though the trees are shaky, the dancing snowflakes jump on the trees, so now the trees are warm and not lonely

Room windows feel the sun, melting the snow, slowly turning it into liquid water, so say bye to winter

BURNING SUMMER

Burning summer is extremely overheated like fire, but it's sometimes refreshing because you can go to the beach to cool down.

Under the bright yellow sun, in the crystal-clear sky without a single cloud, I like to go to the gigantic beach and play in the sand because it's ultra fun!

Rainbows appear like a wonderful and colourful bridge, so I take a picture of it.

Need to shower because in summer you will be sweaty and dirty.

I like summer because I can eat scrumptious popsicles and enjoy flavoursome ice cream with chocolate and strawberry flavours.

No school because it's the amazing enjoyable summer holiday, and I can play with my playful friends!

Games like Hide and Seek and Catch are wonderful and fun in the magnificent summer holiday because I can be delighted.

Summer is nice, amazing and spectacular!

Unhappy days will be better because it's a holiday, and you can play on the pink, sandy beach and relax in the comfortable sea, and it's fantastic!

Mum likes to make me cold cereal to help me cool down, and it's scrumptious!

Minute by minute, I am having so much fun because I get to be free and don't need to go to school.

End of summer holiday makes me feel sad, but also excited at the same time because I can play with my friends.

Really excited for next summer holiday, and I would even like to go on a trip next time!

ENJOYABLE WINTER

Enjoyable and Snowy winter gives blissful things to play with.

Naughty and excited kids will love to play on the crunchy snow.

Joyful winter produces a complicated snowman with a slushy snowball fight. What a fun day!

On an icy and happy day, we can go ice-skating, and do all kinds of difficult tricks. They are all very skillful and challenging.

Yawning at the next day of frozen snow, we will hike the highest mountain of all.

Able to ski with the discerning talent allows you to ski down steep mountain slopes and round over backbreaking bends.

Bored for a minute, we will go to an aesthetic place called Harbin. The coldest and the most freezing place in China.

Let's build a gigantic, comfortable and upbeat igloo.

Eagles, with piercing and petrifying eyes, fly around the super snowy land. What a great and inspiring view!

Would you like to have a gleeful hotpot?

In a little pocket-sized warm and cozy hut?

Never turn on the heater so you can feel the extreme, cold and chilly weather of this fun winter.

The powdery snow covers your freezing body. Wear your warm mittens and prepare for a snowball fight!

Everyday we flatten the slushy snow, carve out the shape of the snow block, and dig up the dazzling snow.

Race to see whose snug and warm parka is prettier!

ALL ABOUT KOALAS

Koalas are mammals. They can live up to 20 – 22 years.

Do you know what koalas look like? They are adorable. They have enormous fluffy ears, small, brown eyes that look like buttons, a big, black nose and ten little fingers.

Koalas eat different kinds of food. Koalas are the pickiest animal in Australia. They just eat eucalyptus leaves. But we need to know that eucalyptus leaves are poisonous to those without special digestive systems. Koalas have a number of predators, such as dingoes, owls, lizards, and humans.

Have you ever wondered where koalas live? We can find koalas in Australia and in the forest. Do you know how koalas live? A report shows that koalas sleep in the daytime and are active at night. I am so surprised that they sleep a lot! Leaves take a lot of energy to digest. They sleep 20 – 22 hours a day.

Here are some more amazing facts about Koalas. A report shows that koalas like to lie on trees and then get back in the sun to dissipate heat. Their mouths have a pouch to put some snacks inside, so if they are hungry, they can eat their snacks. They are just too lazy.

They make snoring noises to scare others away. They also have a pouch in their belly where baby koalas are born. They will live in there for six months.

I was so surprised that baby Koalas eat their mother's poop during these six months!

READING DAY

We had Reading Day at A-School on 26th April, 2024. When I arrived at school, I saw all our teachers and many schoolmates wearing colorful and pretty costumes to school on that day. It was exciting!

After the opening ceremony in the hall, I watched the Book Character Catwalk Show. During the show, I saw our teachers and schoolmates with their parents dress up as their favourite book characters, such as Mario, Minecraft, Harry Potter, and Dog Man. I felt so much joy when I saw the hall filled with all these amazing characters!

After recess, I went to the hall again to watch the drama, "Reading is Fun!", which was performed by some professional artists invited by our school. The show was so interesting as the artists asked some of our teachers to join their performance which made us laugh loudly! I loved watching this drama very much!

During lunch recess, I quickly finished my lunch and walked down to the Atrium to take photos with PERCCI and Friends. I saw a lot of schoolmates queuing up and took 10 minutes to have a group photo with them. I felt so hot!

After lunch recess, I went to the Indoor Gymnasium on the 2nd floor to watch the exciting "Battle of the Books". Six of my classmates volunteered to represent our class to join the competition and finally got 4th place among Grade 2.

It was a day full of imagination and fun! It reminded me of how wonderful books are and how they could send us to different places without leaving our classroom. I can't wait to read more books and discover new stories!

A NIGHT AT SCHOOL

On Sunday night, Iverson wanted to have a little adventure at school, so he packed his bag with a torch, a snack and a sleeping bag. Iverson lived very close to the school, and he remembered that the cleaning ladies would clean the school. So, Iverson's plan was to sneak behind the cleaning ladies, and when the cleaning ladies were heading inside, he could go in. Finally, he was in the school, but then he realised his torch had run out of battery.

Iverson was so scared because he suddenly heard zombies moaning, but what Iverson did not know was that there were actually no zombies. All Iverson saw was a shadow resembling a zombie. Then, Iverson had a plan. He tied a piece of meat to a string and tried to get the zombies go into 2A classroom. When the zombies were in, Iverson quickly ran to the staff room and tried to get in and use the phone, but he couldn't find a way to get in. He knew the alarm would go off when he broke the door, so he thought of another way to get out. Iverson ran to the playground, and tried to find lots of things like rocks, sticks, branches, coins, and everything he could possibly think of to throw. Then, he threw them at the gate, but they just broke or bounced off.

At last, Iverson decided to give up and just wait until it was morning, but he realised that if he was going to stay at school, he needed to hide in a place where the zombies wouldn't find him. He decided to go to the Art Lab on the 14th floor, but when he was about to go in, he realised that there was a Steam Lab on the 13th floor, and there were batteries there. So, he ran into the Steam Lab. He didn't know where the batteries were stored, so he searched for a long time and tried to find the batteries.

When it was 11 p.m., he finally found them, and he plugged the batteries in, and the torch turned on!!!! "Yay!" said Iverson, "I can finally feel safe and protected." He ran back down and searched for the zombies. When he thought he saw the zombies, he opened the torch and flashed it at the zombies.

Iverson was shocked when he saw the face of the janitors. The janitors said, "What are you doing here?"

Iverson had no choice but to lie, so he said, "We are the prefects and the teacher called us to have a night at school."

Then, the janitors asked, "Then, where are the others?"

"Asleep!" said Iverson.

Then he ran away. When Iverson was about to secretly go back to his home, he saw his mom holding a torch, and before he knew it, his mom found him, and she said, "Where have you been?" Iverson said, "I've been at school the whole night." Then, his mom said, "Don't do that next time! I was so worried!!" The next day, he shared all the things he had done at school the other night to his friends.

MY BEST HOLIDAY

Have you ever been to Thailand before? I have, and it was really fun because I went with my family. I loved the trip! Let me share this unforgettable trip with you!

First, I woke up, and I woke my dad, mum and sister up, too. I screamed, ‘It is the summer holidays! Did you forget we are going to Thailand?’ My sister said, ‘Oh, Mom and Dad say we are going to Thailand?’ I packed my bags, changed my clothes and ate breakfast quickly.

Next, we rode in a taxi for one hour to get to the airport. We thought the airplane would be there, but we waited for an hour, and the plane finally arrived. It took three hours to arrive in Thailand. What a long journey!

Then, after we arrived in Thailand, we checked in to a hotel. When Mum was checking in to the hotel, Dad, my sister and I started another adventure named ‘Explore the Hotel’. After that, we unpacked and ordered food. We enjoyed delicious food, for example, rice, soup, fresh bananas and sweets. With a full tummy, we became sleepy, so we went to bed and had a wonderful night’s sleep.

The next day, we went to the zoo. We took photos with the zebra and giraffe. I was about to run away when some zebra stepped towards me. I was very scared, but I found out that I was getting a sign from the zebra, so I stopped crying. I packed my bags and went back to Hong Kong.

I had a wonderful time in the summer holidays. I am looking forward to the next summer holiday. Also, I felt happy because I could travel with my family.

MY BEST HOLIDAY

Do you know where I went for my best summer holiday? I went to Japan with my kindergarten friend, Ashley, and my family. It was the best holiday ever!

First, we went to check in at the hall before arriving. The line was as long as a giraffe’s neck. I felt tired when I was standing. We almost got lost because it was crowded with people, who were bumping into us. We got lost because after check-in, lots of people rushed to the plane, and the only thing I could see was their clothes. Suddenly, we heard someone shout ‘Jacqueline! I am here!’ That was how I found Ashley again. This was very unforgettable!

Next, we went onto the aeroplane, and we watched a funny movie called ‘Olaf’s Story’. After a while, we were tired, so we went to sleep. After four hours, we were there. Then, it was getting late, so we went to the hotel. The hotel was large and beautiful!

Then, the next day, we went to a water park by car. We played on the interesting slides. It was fun because I played with my dad, and then we slid down. My dad crashed onto my back because he was sliding down behind me every time. It was painful but fun! At last, we took a rest because everyone was extremely tired.

Finally, we went to a zoo which was one of the largest zoos in Japan. I fed some naughty monkeys with worms. They were called ‘Squirrel Monkeys’. They moved and ate very fast. They finished my cup of worms in just ten seconds! Their tails were as long as a kangaroo’s.

I had a wonderful time on this holiday! I felt joyful because I had lots of interesting and wonderful experiences on this holiday. I hope I can have an even better trip in the term break. I hope you now know my best holiday! Thank you!

LET ME TELL YOU A SECRET

Let me tell you a secret. Let’s just say that I have mind-reading powers. I know this sounds fake, but this is TRUE. And if you tell this to anybody, I will turn into a furious buffalo that sees red and chase you to Mexico. Now, I will tell you how I use the powers everyday and how I lost my powers one day.

Having mind-reading powers has a lot of advantages. For example, I can help people without them telling me since I know what they are thinking, and I can help them immediately. Because of it, I have a lot of friends so I never get lonely, and I can talk to them everyday which is very entertaining. I am also popular since I have many friends. Surprisingly, my friends don’t even realize that I have the powers. I think mind-reading is the best superpower, but it is not as fun if you lose it...

So, on a peaceful morning, I experienced the worst that could happen. My powers were gone! I went to school, and I felt so weak, and I could not get along with the feeling of not having my powers. I also started losing friends since I didn’t know what they were thinking and couldn’t help them which made them disappointed, so they didn’t want to be my friends anymore. I was so depressed, until my best friend stood up for me.

After I calmed down, my best friend, Willis, asked me what happened. I told him the truth about my mind-reading powers and how it suddenly disappeared. He said that he would try to do research about it since he was smart. I thought this was a very good idea. So, from that day on, I got permission from my mom to go to Willis’s house to do research with him.

After a few days, we finally found out the reason why my powers disappeared. A thief stole the superpowers. He stored the superpowers on a super-secret website with a 30-digit password. It was such a nightmare!

After a few weeks, we finally figured out the website and the password. But when we entered the password, we found that it was changed! I burst out crying! Willis thought it was his fault, but it was not. After Willis left, I was still very sad, but everything changed the next day at school.

On the next day at school, there was an important announcement, so we had to go to the hall. The Principal said that this was international news, so everyone in the world would also know. After that the Principal announced, “Police have caught the thief who stole all the superpowers, and he has been sentenced to 10 years in jail. For those who have superpowers in this school, please come to my office and talk to me after this announcement.” I was shaken since I had mind-reading powers, and I didn’t want anyone to know. So, when I got back to the classroom, I asked the teacher, “May I go to the toilet?” After she said yes, I quickly ran to the Principal’s Office, and he gave me my power back. Then the Principal said, “You still need to treat others equally even though you have this power.” “I was the one that was treated unfairly when I lost my superpower, and no one wants to be friends with me,” I replied. The Principal was surprised and made another announcement on the intercom about treating others equally or getting different kinds of punishments if they didn’t after two warnings. When I went back to the classroom, my friends apologized to me, and I forgave them. Later that day, my friends were coming back, and they introduced their friends to me. I became even more popular than before.

The moral of the story: Always treat people equally and watch your belongings or else they will be stolen just like my superpowers.

A SWEET, TERRIFIC, WONDERFUL, VERY GOOD DAY

Have you ever had a sweet, terrific, wonderful, magnificent, very good day? Well, I had one, and it was so good! I don't know if I could ever have an even better day than this, but I'll tell you what happened on that day. It all started wonderfully when I was at home.

It all started when I woke up. Ding! Ding! Ding! It was the ancient clock that my grandpa gave me, or should I say an alarm clock. I woke up. I heard the adorable birds chirp beautifully. I went out of my room and down the clean, shiny hallway, all the way to the kitchen, which is also where my dining table is. I went to the cabinet, which was as white as a piece of writing paper. I got a box of cereal. I turned on the just to see that it was the morning news show again, so I turned my attention to the window. I saw my favorite band outside playing my favorite song! I was shocked and thought that was already amazing, but when I sat down at the table, the doorbell rang. Ding dong! Ding dong! I didn't know who it was, so I didn't care. Ding dong! Ding dong! I said, "Fine, I'll open it for you!" I went to the door, opened it, and I saw that it was my favorite band coming to see me! I thought it was a beautiful dream, but it was real. I said, "Can I have your autographs?" They said nothing and gave me their autographs. I said, "Thank you very much!" They left, and I ate breakfast. I could smell the pungent smell of the cereal from the box. I got out all the cereal and wondered what I could find in my colorful cereal box. I found an ultra rare legendary Pokémon! I shouted, "Oh my god!" I was so happy that I got it. This is the best day ever! I went to hug my fluffy cat to celebrate. "Meow!" Went my cat. Suddenly, my alarm clock went off. Ring! Ring! Ring! Ring! I just remembered that I needed to go to school. Better run! I was as excited as I had just won the top prize.

Then, after breakfast, I went to my famous school up on a hill, right to the south of my house. I heard that I got the star of courtesy, and I was so excited when I went to the hall. I could smell the flowery perfume. I said, "Yay!" I heard the announcement that it was my turn to get the golden prize. Then,

my friends called me and said that I got two gold medals for running. I loved it because my parents might give me a present for getting two medals! The medals were as shiny as diamonds. I went to celebrate with my best friends, who were the nicest to me, so I consider them as best friends. I got better medals than last year, so I was very joyful about that. I had lots of cool lessons after that. When I saw that it was time to go home, I went home to play and do homework. Also, I wanted to play video games. Suddenly, I remembered I had AOLE! I went to AOLE with a happy face, happier than ever, because I was excited and filled with joy about my accomplishments at school. I had received the star of courtesy, won two gold medals in running, and even improved upon my previous year's performance. Finally, I went home.

Later, I did my homework and played a game which I love. Then, my mom told me to go to the Ma On Shan Sports Ground. She told me that I could join a running competition. It was going to be so much fun! When I got there, I could touch the soft little blocks bigger than sand. They were as soft as a fluffy doll. I walked over to where I needed to race. Two minutes later, I heard that the race was starting. On your marks, get set, go! I ran as fast as I could, blasting through everyone in the race, and finally, I won the race. I went to check my time on the giant scoreboard, and I saw that I got a time so fast that I got my personal record in a staggering time of 15.875 seconds. I really did it! Yay! I went to claim the prize I won, and I went back home peacefully, and cheerfully. I showed my mom that I made it! The air was so fresh. I could hear the wild noises from the animals. Baa! Oink! Chirp! I finally got to my home.

Lastly, I had a tasty dinner. It was so aromatic. I tasted the best dinner ever in my life! I had fried eggs, chicken wings, vegetables, and siu mai! When I finished my dinner, which tasted better than ever, I could finally play my favorite video game again. After that, I went to bathe in a lukewarm bath. And at last, I went to sleep. This was the best day ever!

Dear Polly,

I am doing well in Hong Kong, and I am happy to know that your new school is fine. How is your family? Please send my best regards to them.

The new semester has started. I made some new friends in class. My friends are Silas, Noel, Pak Yin, Megan and Aki. We meet up every day in the classroom to play. We talk and play Rubik's Cube and chat.

Now I will talk about one of my best friends, Aki. She is clever. In fact, we've been friends since Grade 2. Our common friend, Kacy, introduced us to each other. Although Kacy left the school, Aki and I are in the same class in Grade 3. We are monitor and monitress this year! Aki is friendly, and she is funny too! She is also in split class. Aki has long hair and orange glasses. I like being friends with her.

I am glad to hear your school life is so exciting! At my school, HKBUAS Wong Kam Fai Secondary and Primary school, games and events are everywhere on special days. During Christmas, we have Music Marathon which provides an opportunity for students to showcase their musical talents. Reading Day cum Book Character Day is where we can dress as our favorite book characters and participate in a catwalk show. Thematic game booths and shows during Chinese New Year are for students to experience the Chinese culture. Not to mention the annual Athletic and Aquatic Meet, and different kinds of STEAM fairs. So much fun!

My most unforgettable moments in school are participating in Music Marathon. Our music teacher assigned me to play the piano accompaniment for my classmates. Playing the piano is one of my hobbies. I am practicing for Grade 8 ABRSM exam. Will you be supporting me?

Do you have any questions about my school? Can you be the leader in Purple Academy? I hope to hear from you soon!

Yours truly,
Jane

Dear Polly,

I am doing well recently. How are you? Are you doing well? How is your school life? Did you make new friends? Does your school have any special events or activities? Did you do anything exciting or fun?

I met a new friend called Hollie. I met her in my class. She sits next to me. We sit in the second group. We also do fun things together. We go to the library together at recess. We read and borrow books like the Owl Diaries. After borrowing books, we use a small paper to keep our book borrowing records. She cares about me a lot, and I care about her too. She has big round eyes. She is slightly taller than me. She loves to play too!

My school is in Shek Mun. There is not much homework, only about three or four different assignments a day. We have activities like the Music Marathon and the Athletic Meet. The Music Marathon is for us to sing together. We also need to do it every year. We can choose two songs to sing, and our class chose the songs "The Little Light of Mine" and "Try Everything". However, we can sing for eight minutes only! In this year's Athletic Meet, we needed to sit according to our house. I couldn't sit with Hollie because she is in another house. We needed to make cheering props to cheer on the athletes. Let me share more details with you next time.

Please write back to me again.

Your friend,
Jane

UNFOLD THE EASTER EGG MYSTERY

"It is finally Easter!" shouted Bun Bun and Melody excitedly. They had been waiting for the largest Easter Egg Hunt in school for a long time. They saw beautiful decorations around the classroom and everywhere else, and noticed the nutty smell from scrumptious bunny-shaped chocolate. How astonishing!

Suddenly, there was a loud announcement from the principal, "We are going to have an Easter egg hunt with more than 160 eggs in school. You will be divided into grades to find the Easter eggs. Once you find an egg, unfold it, and there will be a letter inside. The grade that is the fastest to spell "HAPPY EASTER" will win a mysterious grand prize!" Everyone in the classroom shouted out and started to jump around like cheeky little Easter bunnies. We wondered what the grand prize was.

Do you know what we did next? We started our Easter egg hunt! 3...2...1... We unfolded the Easter egg mystery by running off quickly like shooting stars. Zoom! Thomas, our team member, found the first colorful egg. We unfolded it, and lucky for us there was the letter "A"! Moving on to the other corner of the playground, we looked in the bushes, and we found one again! This time, the egg was petite and rough. Bun Bun and Melody opened it together. It was the letter "H"!

Ding Dong! Oh no! Only 50 minutes left. We ran to different corners of the atrium to search for more eggs. This time Melody found a baby-blue colored egg. It was wrapped in delicious chocolate. Coco helped us eat the chocolate and unfolded the egg. It was the letter "A"!

"Let's go," whimpered Bun Bun, we ran to classroom 3B. We

found another egg. Hopefully, there was a letter inside. It was sparkly and smelled woody. Inside, it was the letter "R"! Soon, we walked to Bun Bun's drawer. Ta-da! There was an egg. It was dark purple and smooth. We unfolded the Easter egg and found three letters! It was "E", "T", and "A"! We were so lucky!

Do you know where we went next? We went to 1C classroom, which is Calista's extremely annoying brother's classroom. By the way, it had fewer Easter decorations. We went to the teacher's desk and saw one light pink egg. It was vanilla scented. We unfolded it and saw the letter "Y". Ding dong! There were only 15 minutes left, so we went to the staff room. It was an Easter hunt, so we could go anywhere in the school. When we walked to Ms. Pinky's seat, there was an egg on our red folders! We unfolded it and saw the last two letters "P" and "R"! "Yay!" we all exclaimed.

Beep! Last but not least, it was time for the Principal to give out the grand prize! The Principal told us to gather in the atrium and announced, "G1 got 4 letters correct. G2 got 7 letters correct. G3 got all the letters correct. G4 got 7 letters correct. G5 got 8 letters correct. G6 got 9 letters correct. This means Grade 3 won!" The grand prize was a humongous egg with a ribbon tied to it. We put our hands together and pulled the ribbon. The egg split into half, and instantly, many bags of Haribo Easter Gummies came crashing down.

"Yay!" I shouted. From this Easter hunt, I learnt that we need to use teamwork. Always encourage each other and don't argue when your teammates get the wrong letter.

OPINION WRITING

Fong Yui Ming (3A)

SHOULD THERE BE NO HOMEWORK?

Have you ever wondered: should there be no homework? Since most of the students need to do homework, we should discuss whether students should do homework. In my opinion, students should not do homework because homework stresses students, students spend a lot of time doing homework, and homework negatively affects students' health.

Firstly, homework gives a lot of stress to students. For example, my classmate, Kate, has many extracurricular activities after school, so she is always late getting home. She is worried about getting late homework records and being punished by teachers as a result. Another example is a book I read a few days ago called "Homework!?" written by a professor who has conducted a lot of research on students experiencing stress with homework. It said that 90% of students in the world are under high stress, and they get very tired after doing homework. The third example is that I interviewed 30 students from Shek Mun Secondary School, asking them if there should be no homework. All of them think there should not be homework because they feel extremely stressed about their school life.

Secondly, students spend a large amount of time finishing their homework. For instance, I read a newspaper article yesterday called "Time Waster" written by an experienced principal, Mr. Chau. The article mentions that students always finish their homework late at night. It causes them to have less

sleep and little time to do sports or relax. Additionally, I read a book last year called "Homework Yes or No". It supported my opinion and reasoning that students spend too much time doing homework so they cannot strike a balance between work time and leisure time. Another example, my friend, Tony, had a similar experience before. He often had to sleep at 1 o'clock in the morning after he finished all his homework. Consequently, he could not concentrate in class or understand the teacher, and then he struggled with doing his homework again.

Most importantly, homework can severely affect students' health. My cousin, Ken, had this kind of experience in Grade 5. The homework made his school bag really heavy, and it made his back painful. He could barely carry his school bag up to the classroom on the fourth floor, so he had to ask for help from a janitor. Also, I read a book yesterday called "Too Heavy!", which says that if school bags are too heavy, it will harm children's backbone in the long term. Lastly, some research pointed out that some schools have started to give students electronic homework instead, to try to reduce the weight of their school bags, but it causes another problem. Using electronic devices for homework for hours can be harmful to students' eyes.

To sum up, students should not have homework. It is because homework is way too stressful and time-consuming for students, and it is harmful for their health.

SHOULD STUDENTS WEAR UNIFORMS TO SCHOOL?

Should students wear uniforms to school? In my opinion, students should wear uniforms to school because it is easy to identify them. Also, it will be fair. Another reason is it will save time.

Firstly, uniform is easy to identify. For example, I read a book called "No Thieves In School" written by a 10-year-experienced teacher and it said that, "If you wear uniform, and thieves wear different clothes, you could identify who is a thief." Besides, I asked my mother, "Will the sense of belonging increase when wearing a uniform to represent my school at speech festivals or debating?" She said, "Yes."

Secondly, it will be fair. For example, I read a newspaper article called "Fairness - No Arguments" written by a 10-year-experienced teacher. It said, "Kids don't need to argue about comparing the style of their clothes." Besides this, I read a book

called "Less Argument Among Children - Good Relationship" written by a 20-year-experienced famous expert. It said, "Less argument and good relationships can create a happy environment and a more focused class."

Lastly, it will save time. In particular, I read a newspaper article called "No Need To Choose" written by a 25-year-experienced parent. It said that, "If kids don't grow too fast, they can wear the same uniform for a long time. This can help to save time." The second example is children could pass their uniforms on to their siblings which helps to be environmentally-friendly, and saves parents' time and money.

To sum up, students should wear uniforms to school because it is easy to identify. Also, it will be fair. Additionally, it will save time.

THE ENORMOUS CROCODILE’S FIFTH TRICK

Splash! The Enormous Crocodile got hit by a rocket in space and crashed into the muddiest and dirtiest river in Africa. The Enormous Crocodile cried, "Aw man, my clever tricks had been destroyed." Then he slowly walked out of the river.

Do you know what the Enormous Crocodile did for his fifth trick? He walked into the jungle. While he was walking, he met Slamy the Sloth. "Hello, Enormous Crocodile, where are you going? You don't usually walk through this jungle." The Enormous Crocodile answered, "I am going to the city to eat juicy little children." Slamy exclaimed, "You've got nasty plans, and you are so evil. Nobody likes you because you have never done a good thing in your life before." The Enormous Crocodile ignored Slamy and disappeared into the jungle, heading to the city.

Bang! A horse statue suddenly fell from a very high pole and broke. A huge number of people surrounded the broken statue. A girl called Jolie jumped out of the crowd and told a policeman about the problem. Then, the policeman told everyone to leave. After that, the police told the cleaners to clean up the mess. After twenty minutes, everybody left. That suddenly gave the Enormous Crocodile a brilliant idea. While nobody was watching, the Enormous Crocodile covered himself with slimy mud to make himself brown, then he stood on a pole and pretended to be a statue. Then he got into position and waited. As it got sunnier, the Enormous Crocodile got thirstier and hungrier, he was about to give up, but he didn't. He waited for hours just to eat those juicy little children.

"Emily, do you want to take a picture with that cool crocodile statue?" Lily asked. "Yes, I'd love to, as long as it's fake," answered Emily. The Enormous Crocodile's expression changed immediately when he knew he was going to have two juicy little children in his stomach soon and was ready to eat both of them.

When the children were walking towards the Enormous Crocodile, he lost his balance because he was so tired and fell on the hard stone ground. He cried like a baby.

Emily and Lily yelled, "Ahh!" They ran home as fast as a cheetah because they were super scared. The Enormous Crocodile failed again. He was super sad.

The Enormous Crocodile felt something large on top of him. He also saw a black shadow of an object that was in the shape of a square. Do you know what it was? All of a sudden, a cage dropped out of nowhere, and now the Enormous Crocodile was trapped in a boring and horrible cage. What he didn't know was Slamy, the Notsobig One, and Trunky the Elephant had seen his every movement, so they planned to lock the Enormous Crocodile in a cage, so he couldn't harm any more people and would starve to death. After two weeks of being trapped in a boring and horrible prison cell with no food or drinks, the Enormous Crocodile starved to death. And now his dead body is displayed in a museum, and many visitors came to see him.

Never ever try to eat children, or you will have to be locked up in a cage like the Enormous Crocodile or have other horrible consequences.

Dear Andy,

Hi, Andy! It's me, Jennifer! Are you going anywhere for Christmas? How's life? You can tell me. I'm here for you!

I heard that you're coming to Hong Kong for Christmas holiday. Fantastic! It's quite cold as you mentioned. Don't be worried. I'll help you prepare for a cold winter! Firstly, you'll need suitable winter clothes. In the attic, I have a bunch of small winter gear. It's my dad's, from when he was a child. It's still in great condition. The inside of the winter boots is furry, so you can comfortably fit your feet in them. Also, the inside of the navy-blue coat is fuzzy and warm, just like a kitten I know called Snowflake. Just bring a long-sleeved shirt, a jumper, and sweatpants, plus a pair of socks to wear in the house.

Next, you can visit the warmest place ever, The hot "Pot". It's a terrific place to warm you up. This five-star rated hot spring is located all over the world, so you can go there in Australia too! In each tub, there are different kinds of water, like carbonated water, mineral water, natural water. It soothes your skin, and since these waters are from real springs, the water is yellow, like chicken broth!

Lastly, come over to my house, Flat B, 8/F, Block 3, Mong Kok. My dad makes the best hot cocoa! I'll tell you how to make it. First, add a spoonful of chocolate sauce and Nutella. Next, add two teaspoons of cocoa powder. Add one teaspoon of vanilla and

sugar. Then, pour in warm milk. Grab a mug, and smear Hershey's chocolate syrup all over the side. Sprinkle toppings over the side of the mug. Dump marshmallows inside the mug. Pour yourself a serving and enjoy!

Next, you said that you are bad at math. Don't worry because if you follow my directions, you'll become an 'A' student as I'll guide you through the hardships! First, try out this math tutorial class, "Code Math". It's very helpful for improving grades. Once you join, you can get a 7-day trial, then the tuition fee is \$20 a month! I was getting C- s and sometimes Ds! After I had joined "Code Math", I became a B+ student! In my last test, I got an A-! Next, you can go to "May You Teach Me", a store that sells flashcards, and other math learning materials. I bought my little brother some for his birthday with Peppa Pig printed on them. He suddenly got a B+ on his test! If you have questions, ask your friends, or teachers at the end of the lesson about what you don't understand. You can text or call me if you want. My number is +852 9463 1017.

If you have any problems, write back or text me using the number above. Write back to me soon! Remember, I'm someone who knows how you feel! You're never alone, even if we're far apart. Bye!

Your friend,
Jennifer

Dear Andy,

Hello! I just received your letter, and you said you have many problems, so I am here to help you. By the way, I'm fine. How are you? I am happy to know that you are coming back to Hong Kong! I hope you are doing well.

Firstly, you told me that you don't know what you are going to bring to Hong Kong because you don't know how cold Hong Kong is. I know that Australia is in the southern hemisphere, so it's not really cold at the moment in Australia. I suggest you should not bring too much because it's not really cold in Hong Kong either. It's about 15°C to 25°C in Hong Kong. You can bring long-sleeved clothes, long pants, and a few jackets. You can buy them in Hong Kong. It's not very expensive, and you can see them everywhere in the shopping mall. But sadly, you can't play with snow in Hong Kong because it doesn't snow in Hong Kong. Also, you can drink hot chocolate to keep you warm, which can be found at Fusion, ParknShop, and Wellcome.

Secondly, you got a D in your last Math assessment. You also don't know who you should ask for help. I have some solutions to help you. First, you can go to some after-school classes to help you revise some subjects. All the teachers are very nice and friendly, so I think you can go there to revise. The teacher will give you some exercises to do. Second, I think you should tell your parents that they need to buy some practice books from bookstores such as Commercial Press for you to do every day because practice makes perfect. I recommend you buy Side-by-Side as it is very useful for your Math.

Anyway, thanks for reading my letter. If you have more questions, please tell me, and I will help you. Write back soon!

Your friend,
Jennifer

INFORMATION REPORTS

Cheng Lok Hei Isabel (4D)

BALANCE BEAM / WOMEN'S ARTISTIC GYMNASTICS

There are many sports in the Olympic Games, and the balance beam in Women's Artistic Gymnastics is one of them. Gymnastics on the balance beam is like tumbling or dancing on a beam. This information report includes the history, rules, and famous gymnasts in this sport. Read on to find out more!

History

The balance beam in Women's Artistic Gymnastics has an intricate and historic past. In the early years, Friedrich Ludwig John developed the sidebar, the horizontal bar, men's parallel bars, the women's balance beam, and other jumping events. The first use of the balance beam in competitions was in 1921 in Lebzging. In the early years of balance beam, the gymnast's routine was mostly dancing and less tumbling. Tumbling is acrobatic movements like rolls, twists, handsprings, or somersaults on the floor, mat, or beams. This happened because it was considered more "elegant" for women. In the first few years of the balance beam, the rectangular, long beam was covered with the same material used to make basketballs. But the material was too slippery and caused gymnasts to slip and fall often. That is why in modern days, the balance beams are covered in leather or suede, a leather-like material. To conclude, the balance beam in Women's Artistic Gymnastics has a historic past.

Rules

The balance beam in Women's Artistic Gymnastics has strict but reasonable rules. Firstly, it is the female gymnast's choice whether to compete barefoot or with special balance beam shoes. The shoes are made with leather-like material and cover just the front parts of the gymnast's feet. They are used so the gymnast will not slip easily. Once the exercise or routine has started, the gymnast's coach must not interfere, or the gymnast will be disqualified. The only time the coach is permitted to interfere is

if the gymnast's beam routine involves the use of a springboard. The springboard is a strong flexible board that someone may jump on to add more power when performing a dive or a gymnastic movement. In that case, the coach may quickly step up to remove the springboard in that area. To conclude, balance beam in Women's Artistic Gymnastics is a sport that has strict rules.

Famous Gymnasts

There are a lot of inspiring and game-changing gymnasts in Women's Artistic Gymnastics. One example is Olga Valentinova Korbut. She was a famous gymnast, and her characteristic performance, an important point in Gymnastics, captivated audiences and judges deeply. Another famous gymnast, Nadia Elena Comaneci Conner, was the first gymnast in Olympic history to get a perfect score of 10.0, a score that means the gymnast had done her routine perfectly! Even a non-pointed toe or bent leg could reduce a gymnast's score! Even the most talented gymnasts cannot get a 10.0. Eva Bosakova-Hlavackova, nee Vechtova was possibly the gymnast who turned dancing on the beam into tumbling and dancing on a beam, as she was the first gymnast to complete a cartwheel and a circular sideways handspring on a beam at the Olympics. To conclude, there are a lot of famous gymnasts in Women's Artistic Gymnastics.

To conclude, balance beam in Women's Artistic Gymnastics has a historic past, strict but reasonable rules, and inspiring athletes. Artistic gymnasts are hardworking people who have been recorded to have trained up to 16 hours a day! You can be like them if you never give up. Did you learn more about the balance beam in Women's Artistic Gymnastics after reading this information report?

WHAT IS CANOE SLALOM?

Canoeing is a sport where players use a paddle to move in water in a small boat. But Canoe Slalom is even more. Today you will know the rules, and the differences between Canoe Slalom and Canoe Flatwater, and learn about famous athletes after reading this information report. Read on to find out more.

Rules

Firstly, this is a sport only professionals can play. The competitors go upstream and downstream at most 25 times. Next, there are two types of boats for the players, canoes and kayaks. Most importantly, canoes and kayaks have big differences, although some people think they are the same. Canoes use single-blade paddles and have rounded heads, while kayaks use double-blade paddles and have pointed heads. So don't mix them up.

Characteristics

There are some differences between Canoe Flatwater and Canoe Slalom. One of them is the venue. Canoe Flatwater is mostly in natural venues like a lake or the ocean. Canoe Slalom uses man-made venues like the Kasia Canoe Slalom Centre used in the Tokyo Olympics in 2020. Another difference is the length. Canoe Flatwater has a 200 m and 1 km route. Canoe Slalom only has a 300 m route. The reasons are Canoe Slalom is in man-

made venues where the size is limited. Also, the competitors go upstream and downstream making it too hard to go such a long distance because they will get too tired.

Famous Athletes

The best Canoe Slalom player is Michal Martikán. He was born on May 18, 1979. He is a Slovak canoeist who started his international career in 1993. He was the first Slovak to get an Olympic gold medal when Slovakia gained independence in 1993. He also won five gold medals which is the most among Slovak athletes. Another Slovak Slalom canoeist is Matej Beňuš. He didn't have as many gold medals as Michal Martikán. He only has one Olympic silver medal from the 2016 Summer Olympics in Rio de Janeiro. He was born on November 2, 1987. He started his international career in 2002 at the ICF Canoe World Championships. He also won 12 medals at the ICF Canoe World Championships. That includes nine gold medals, one silver medal, and two bronze medals.

Now you should know more about Canoe Slalom rules, its characteristics and famous athletes. But first, players have to learn to canoe, which is hard. Do you think Michal Martikán will win his sixth medal at the Paris Olympics 2024?

THE TALE OF AUTUMN LIN

Once upon a time, there was a woman named Autumn Lin. She was two meters tall and had long, golden, curly hair, big orange eyes, and a beautifully warm smile. Moreover, she wore a white T-shirt, a pair of long loose black pants and a red ribbon. She worked for Springfield School as a bus driver every day. Additionally, she drove students to school and had a great relationship with the students. She also had super sensitive smell and sight that could cover a radius of 1 km. She could even smell the students' lunch before they went on the bus.

On the other hand, there was a middle-aged woman called Nanny who worked as a school bus driver at Springfield School. She had a frail body with thick eyebrows and a pair of angry eyes that she used every day, practically burning holes in people's brains when they looked into her eyes. She wore a black sweater and long jeans. She could throw things like pencils and nails so accurately that she would never miss. She was jealous of Autumn because she was treated better and nicer than her. To make it fair, she planned to kill Autumn in a car accident.

One foggy day, Autumn was just driving the students to school. As she was crossing the bridge, she saw a very familiar bus going 90 km per hour. Everything was normal until she realized that it was Nanny.

Instead of keeping her pace, she decided to speed up and say good morning to Nanny. When she opened the windows, Nanny secretly threw a nail under Autumn's bus, making her lose control, bursting the tires and almost making the bus flip upside down. As she was trying to throw another nail at her, Autumn instantly reacted with her super sight and swerved in the bus to the right side, just enough to minimize the damage to the bus and to protect the students. She went left then right and then left until Nanny's bus vanished into the thick grey fog in front of her. She used her super-sensitive smell to track Nanny's location. Instead of nails, Nanny tried to make it even more lethal and pulled out an entire batch of cutters and kitchen knives. Autumn finally knew that she intended to kill her, so she dodged from left to right and made it to the school. After she delivered the students to the atrium and let them go up to their classrooms, Autumn decided to find Nanny and deal with it personally. She found her and directly punched her in the face with 100 kg of power, instantly knocking her out.

After that, Autumn reported to the principal council about the damage to the bus and what happened to her and Nanny. The principal forgave her for the trouble and chaos that were caused to the bus and Nanny. She ended up buying a larger and more luxurious bus that she could drive for herself and her students as a reward for stopping the evil plans of Nanny. Autumn asked the principal, "Now what should we do with Nanny?" The principal replied, "It's okay. I will call 911 soon and report her to the Police Department."

There would be no more chaos. It was peaceful at Springfield School again, and it was all thanks to their hero, Autumn Lin.

READING DAY REFLECTION

On 23 April this year, we had our annual Reading Day. It was fun dressing up as different characters and reading books.

First, I noticed there were a variety of costumes, such as Harry Potter and Spider-Man. It was interesting to guess what costumes my friends were going to dress up in. One of our classmates even dressed up as Spider-Man with a face mask. He was so mysterious that no one knew who he was until he took off the face mask!

Secondly, we had a silent reading session. The books that were given out were intriguing and exciting. One book was about a detective trying to break a case. The detective often thought outside the box. One time, two people were arguing over an umbrella. He told them to go away and listened to what they said to determine the culprit.

Overall, Reading Day was fun. As Albert Einstein said, "The only thing you absolutely have to know is the location of the library."

SWIMMING

When I jump into the phenomenal water,
I always feel myself swimming faster.
I dive into the deep blue sea.
My family always comes with me.

I view thousands of butterflyfish.
My family makes thousands of amazing wishes.
Some dolphins are swimming,
Lots of terrifying sharks are playing.

Come along, come with me.
Let's dive into the deep blue sea.
It's gorgeous underwater.
I like diving with my lovely mother.

Swimming makes you strong and healthy,
But it doesn't make you cool and wealthy
I adore swimming very much.
Many colourful fishes you can touch.

MY HOBBIES

My favorite hobby is playing basketball,
Because I want to be tall.
My favorite NBA star is Kobe Bryant,
When I see how tall he is, I feel like I am just an ant.

My dream is to meet LeBron James,
So I play hard in competition games.
When my dream becomes true,
I must wear his new shoes in blue.

My second favorite hobby is watching television,
But my mother wants me to do revision.
My favorite YouTuber is Dapter,
Because he plays games like a programmer.

I also like to watch Netflix,
Because I like to watch something about the Phoenix.
Dragon is my second choice.
Its roar could cover all the noise.

Tsoi Elliot Oheil (4B)

MY HOBBIES

In badminton when we hit the shuttlecock,
It flies so fast that it gives everyone a sudden shock.
Badminton is useless when we don't have a net.
So with it, we can gamble or set a bet.

There is a sport that requires water. What is it? It's swimming.
In competitions, everyone wants to be winning.
When we jump into the water, it is called diving.
And in a game when we lose, we want to be reviving.

There is a sport where we can train our legs called running.
If we run in a shape, we can say that we are cunning.
In races, everyone wants to sprint.
When we win games with no help, then no one gives us a hint.

At school, math is pretty easy, and the easiest part is when we add.
In detective stories, some people are bad.
Triangles, squares, and pentagons, which are all shapes.
They are all very easy, but the only things that don't know them are apes.

TALL TALES

Mao Lydia Minlei (4D)

THE WRITERS' WORDS

Long ago, in the one and only Story Town, there lived an extravagant girl called Lillian. Lillian was one of the most amazing writers in human history. She always wore a frilly blue dress with elegant pink butterflies printed all over it. She also wore purple earrings shaped like blooming lilacs. Her hair was a pretty shade of red, with a brown tint to it. Her hair also had walnut streaks. Her face was dotted with freckles, mostly around her nose. Lillian was not only pretty, but she also had a very nice personality. She was very patient and helpful. She always helped people to come up with ideas for books, and she never lost her temper. Not only that she was very humble and never bragged about her talent at writing. She also had the ability, to write 100 romance books in a minute.

However, a few streets down lived Konie. She was also a writer and a part-time librarian at "Mikel's Public Library". Her power was to write 100 horror books in a minute. Her hair was dark and cropped up to her ears. Her face was as wrinkled as a pug dog. She wore a dark blue old-fashioned dress, which was so worn out that it could have been made in Jurassic times. She also had a watch that never seemed to tell the time correctly, which was a little absurd, but no one stopped to think about that. Her personality was dark and mysterious. She always spoke in code, and was sarcastic and looked at the negative side of things. Konie and Lillian first met at the "Best Writer of Story Town Program", where writers of Story Town gathered to win minor awards and see who the citizens voted as the "Best Writer". Konie was sure she would win, as she had already for 43 consecutive years since most authors' books were boring. However, Lillian won. Konie was a little jealous, but the drama wasn't over yet!

When Konie came to the library to fulfill her duties as a part-time librarian, she saw that parts of her section had been turned into Lillian's section. She was so jealous that she felt like she was turning green with envy, so she decided to do something about it.

Konie dialed Lillian's number and left a message. "We shall settle this debate with a competition. Meet me outside the building of books (Konie's code word for library) tomorrow when the sun is above (Konie's code word for noon)." The next day, Konie and

Lillian stood face-to-face outside the library. Konie glared at Lillian and said, "If you win, you shall have the remaining part of my book section. If I win, I shall have your section." Lillian didn't want to agree – if she knew that Konie wanted a bigger section, she would have given Konie a part of the others! However, she decided to stay strong for her fans. Before she knew it, she had blurted out, "Alright, may the best writer win." First, they decided to test who would write the most books. Konie was writing frantically, as she was as desperate as a hungry lion looking for its prey. Meanwhile, Lillian was also working hard, pushing her power to the max. However, it was a big, fat tie. Next, they decided to see who could write the best, most amazing, most fantastic, most extravagant book in 30 minutes. The air was tense, and the competition was steep. Lillian tried to push as much emotion into the story, making sure her readers would bawl from the start. Konie made sure all the adjectives, similes, and metaphors would put a chill through her readers' spines. They made the citizens vote. The judge announced the result, "Konie got 1370 votes, and Lillian got 1371 votes!" Once the judge announced the result, Konie's face fell while Lillian's lit up the delight. The competition was over, and Lillian had won.

Rather than taking over Konie's section, Lillian actually did fundraising to expand Konie's section. After Konie saw the kindness in Lillian's eyes, she knew that she was the selfish one all along! Konie set up a booth, teaching beginners how to write the best spine-chilling books. Seeing that Konie had changed, Lillian forgave her, and they became friends. Soon, they even started a series called "Undead Love", which was both horrific and romantic. It was a best seller for years. No more drama broke out between them, and Story Town forever remained peaceful.

After what happened, Konie learned an important lesson. It is better to talk things out with other people, rather than taking action immediately. Not only that, we have to be like Lillian, often forgiving people, rather than rejecting them. Konie decided she wouldn't be looking for revenge all the time. She's decided to do good and be kind, and she was as happy as an Olympian that won gold medals.

ANNABETH NIGHTSHADE AND ZOE GRACE

Back in the day, there lived a scientist named Annabeth Nightshade, who was renowned for her incredible inventions, and her contributions to the city. Annabeth had strawberry blonde hair, tied up in a high ponytail. She wore a pair of denim jeans and a bleached white lab coat that draped around her shoulders like a protective shield. She was always very curious, so she went to different places to discover new things. Annabeth was lanky, and she had almond-shaped blue eyes with pointy ears and freckles on her cheeks. She was also well-known for her amazing eyesight and photographic memory. She was a towering woman, standing at 7 feet tall, and built like a brick wall. She could spot a thin needle in a haystack from a mile away. Her brain was a supercomputer that never ran out of storage.

On the other hand, there lived a woman called Zoe, who was always jealous of Annabeth's fame and ability. She liked attention so much, and her catchphrase was "Where's your favourite reporter? The best reporter on earth!" That was her, the reporter named Zoe Grace. Zoe had braided hazelnut-brown hair and wore a black T-shirt with a milky-white skirt. She was an attention seeker and envious of what others had. Zoe had beady eyes, shell-like ears, and dimpled cheeks. She had sensitive hearing and super speed. Her hearing was so amazing that she could hear a pin drop from 50 miles away. Her speed was so fast that she could travel from one country to another in just a blink of an eye.

One day, Zoe and Annabeth met at a global science conference. Before the conference began, Zoe walked around the building, trying to create a mess, so that she could get others' attention. When she found the fire alarm, she smirked, "I am going to get other people's attention!" She thought. Ding! Ding! She pressed

the fire alarm. The alarm was like a lion's roar. Everybody rushed there in a blink of an eye, but unfortunately, Zoe dashed away before they could figure out who did it. Then, she heard Annabeth and other professors discussing a new vaccine although she was a few rooms away from Annabeth. The new vaccine was Annabeth's invention, and it could cure any disease. The vaccine was very pricey, as it was very rare and precious. Zoe muttered, "If I could have the box of vaccine, then I could rule the world!" Ding! A brilliant idea popped into her mind. She would need a distraction, so she could steal the box of vaccine.

Bang! Cling! Zoe messed up the tables and chairs around her by creating a small tornado with her super speed. She was as fast as a cheetah. The other participants were so confused about what happened. They stood there staring at the mess Zoe created, not knowing who did it. Her plan had worked. All of the security guards dashed to help. While the participants were trying to figure out what happened, Zoe secretly snuck away as fast as a horse and stole the vaccine. Then, the meeting began after Zoe had left. Annabeth spotted that the hall room door was slightly open, so she decided to take a look. She quietly tiptoed like a mouse towards the door and departed from the conference hall. With Zoe's sensitive hearing, she still heard Annabeth's footsteps, even though Annabeth was a few rooms away from her. Annabeth knew this building very well because she took a glance at the building map a few weeks before she came to the conference and her brain was a supercomputer that never ran out of storage. Soon, Annabeth found Zoe, "What are you doing with the box of vaccines?" She demanded, "Give it back!" Zoe stood there as still as a statue. "How did she find me?" Zoe muttered to herself, "Wasn't she supposed to be in the conference hall?" Zoe thought.

PET PEEVES

Do you know what pet peeves are? Pet peeves are actions or things that people do that make you feel angry and annoyed. My pet peeves are people who don't return things after borrowing them and chair kickers.

I really dislike people who don't return things after borrowing them because the items I lend them might be expensive or precious. In addition, I feel furious when I lose something precious. Furthermore, I will be extremely disappointed. People who don't return things are the worst. They lose your stationery or items and some of them won't even apologize. You will probably become a volcano and feel extremely mad when they say they have lost your items. Think of someone who ignores your requests to return the borrowed items and forgets to return things even after being reminded. You will feel frustrated.

Once, my friend lost her pencil case. Therefore, she asked me to lend her some stationery, but all my stationery was expensive. Since she was my best friend, I lent her my expensive stationery reluctantly. After the last lesson, I asked her to give me back the stationery, but she said, "Emm...since I lost all my stationery, I need to borrow yours for one more day to do my homework." At that time, I felt a bit angry, but I still let her take it home. I reminded her, "Remember to bring my stationery back tomorrow!" She replied confidently, "Yes! I will remember." Therefore, I trusted her.

The next day, I asked her for my stationery back. She whispered, "I...I forgot to bring it back." I was irritated and sad because my stationery was really expensive. However, I exclaimed to her, "I'll give you a last chance. Bring it back tomorrow, or else I will hate you!" She said, "OK!" After multiple days, I asked her again, but she still said she forgot to bring the stationery. I was a furious lion. I scolded her, "You'd better bring it back tomorrow, or else I will tell the teacher about it!" She replied ok and yes again. I really

hoped that she would bring it back the day after. The next day, I asked her seriously, "Where is my stationery?" She answered, "I lost it!" I wanted to hit her at that time. My stationery was so expensive. I cried a lot. My tears were as much as the rainfall during a Black Rainstorm Warning. She said sorry to me in a rude way. I hated her starting from that day on. Therefore, I really hate people who don't return things after borrowing them.

My second pet peeve is chair kickers because it's very annoying and irritating. Try to think of someone who keeps on kicking your chair when you are having an awesome time. You will probably feel extremely disturbed and bothered. If you are drinking, you will spill your drink. In addition, you will choke immediately and your clothes will get wet. Therefore, chair kickers are really aggravating.

One time, when I was in a cinema, I was enjoying an incredibly nice movie. Suddenly, a three- or four-year-old child was kicking my chair. I was very calm at first, but I started to feel annoyed and disturbed soon. Therefore, I decided to scold the kid who was like a naughty monkey. I exclaimed, "Hey you! Stop it, please! I hate it!" The kid was like, "OK." Therefore, I trusted the kid. After ten minutes, the kid kicked my chair while I was drinking my scrumptious beverage. The chair was shaking as strongly as a tornado. The beverage spilled because of him. I yelled, "My clothes are wet! Ahh!" Everyone was looking at me, but the kid didn't even apologize. Everyone laughed at me. I was furious and my eyes were full of fire. I stared at the kid angrily. Fortunately, his parents apologized to me, and the kid finally stopped kicking my chair after being scolded by his parents.

Therefore, my pet peeves are people who don't return things after borrowing them and chair kickers. They are annoying and bothersome. If you are doing this every day, please stop it.

PET PEEVES

Have you ever had something you don't like happen before? That's what we call a "pet peeve". Well, I want to share with you two particular pet peeves of mine. Both of these pet peeves make me want to punch through the Great Wall of China. These pet peeves are forgetting what I want to say, and someone ignoring me on purpose. These two pet peeves are like a non-stop bell ringing in my ear!

First of all, forgetting what I want to say is one of my aggravating pet peeves, when I want to say something meaningful or funny to someone, and I just forget it. Why do my brain cells stop working? I feel insanely exasperated whenever this happens to me. I also feel very bad if it happens to people speaking in front of a substantial crowd or on stage.

Now, I will talk about my experience with my first pet peeve. It happened during recess in my rowdy classroom. I was just sitting there, immobile, as if I was deceased. Suddenly, I thought of an amazing joke that would leave everyone crying in an ocean of laughter! Then, I rushed over to one of my friends, Cristiano, to tell him the uproarious joke, but then I forgot the hilarious joke! I'd bet he would've wheezed louder than a speaker on max volume. I got mad at myself after forgetting that joke! I wanted to smash an infinite number of tables after that.

My second pet peeve is when someone ignores me on purpose. The reason why this is my pet peeve is that I just want to talk to someone, but they ignore me as if I was a ghost. Why? What did I do to deserve this? Whenever this happens to me, I feel super bothered, and would like to yell at the top of my lungs!

So now, I'll talk about my experience with my second pet peeve. During my horrible Chinese lesson, I was minding my own business like a peaceful dove, when suddenly, my classmate inquired, "Hey, do you know the answer to Question 5?" I was trying to be a good friend or classmate, so I replied, "Oh yeah! It's B." But my classmate gave me no response, so I repeated the answer again, and again. Then I got tired of repeating it, so I just shouted in his ear, "The answer is B!" "Ow!" my classmate cried. "Chill! You could've just said it normally!" My head filled with animosity instantly. I felt as mad as a bull seeing red and my head was about to explode! Was I talking to some brainless person? Was he some sort of deaf bat? Then the teacher shouted at me in Chinese, "Calm down or you'll be going to 601 during lunch recess!" I was so miffed!

In conclusion, forgetting what I want to say and someone ignoring me on purpose are my two pet peeves. We shouldn't be bothering or annoying anyone. Instead, we should be affectionate and reasonable to everyone we come across!

PET PEEVES

Do you have anything that you don't like? I think everyone does. What you don't like or annoys you is your pet peeve. Here are two of my pet peeves - sleeping early and headaches.

I'm a person who doesn't like sleeping most of the time. Therefore, one of my pet peeves is sleeping early. The only reason why I have to sleep early is that I have to wake up early the next morning to go to school. So, holidays are my paradise. When I need to sleep early, time is a blink. I only have a bit of free time.

On 1st September, the first day of school, I went home from school after having school team training, and it was already 6:30 p.m. I had dinner, did homework, and revised for spelling test for only five minutes, then... came sleeping time! The time was going so rapidly that it was hard to come to terms with. I thought of the day before yesterday when it was still my summer holiday, and I played the piano, did exercises, played table tennis, watched a movie, and played ten hours of Nintendo Switch!

The other pet peeve is having a headache. It makes me feel dizzy like I'm dying. Sometimes, it is like my head is not attached to my body. Plus, many interesting and delightful things or events will get canceled. Headaches are loathsome, horrible, and terrible!

Here's an experience of mine where I had a headache. One sunny afternoon, when the radiant golden sun was glistening, I went to Disneyland with my mom and dad. When we arrived after an hour spent on the bus, I was a bit dizzy. Then, I dashed to the RC Racer U-shaped roller coaster, and I became extraordinarily dizzy after the ride. It was as painful as wearing an extremely tight cap. I felt like some sort of liquid deep inside my brain was whirling. So, we had to go home. Just because of a headache, Disneyland the Wonderland became a nauseating hell!

These are two of my pet peeves. In fact, they also have a silver lining: sleeping early is healthier and when I have a headache, I don't need to practise the piano (Sh! Don't tell my mom). However, they are annoying and awful most of the time.

THE TULIP OF IMMORTALITY

Sakura Penguinsie ran down the stairs of the White House screaming. Her boyfriend, Hugo Bruno, sent a spider to chase her, knowing her biggest fear was spiders. Sakura shut herself in the toilet, begging Hugo to take the spider away. She heard the spider's soft footsteps near the toilet door. She was so frightened. Sakura saw a nearby drain and jumped into it. She heard soft sounds from Hugo, saying, "Sakura, don't try to run away from the spider. Face it bravely!" But she had already faded into the drain and felt water swallowing her. She blew some bubbles into the water, closing her eyes, knowing she would drown.

All of a sudden, she breathed out and realized: She could breathe underwater! She gasped. Sakura saw a glimpse of light. An elegant woman with a tail of a fish emerged. The woman had fair skin and blue eyes. Sakura rubbed her eyes. She thought, "This can't be true! I'm meeting a real-life mermaid?!" The mermaid smiled warmly at her. She said, "Welcome, my dear. I am Queen Coral, the queen of Sarfoogle. It's my kingdom. We're in danger. I'm really glad you're here." Sakura looked awfully baffled, so Queen Coral explained, "This underwater world you're in is Sarfoogle. It's my kingdom. We're in danger because of a wicked witch, Anshino. She's plotting to steal the magic tulip, Tulipa, which can make her immortal. If she succeeds, she'll be able to take over Sarfoogle. Moreover, you'll never be able to return home."

Sakura questioned her, "Since I'm here, I might as well help. So, what do I do?" The mermaid sighed heavily, "There's supposed to be a magic pen that tracks down the tulip. However, the witch stole it, so she will know if we take it. But we don't have the courage to get it back. The witch's cottage is three miles away. To get there, just follow the seashell road. Oh, right! I almost forgot! Here's a companion for you!" Suddenly, another glimpse of light appeared very gracefully. This time, it was a tiny human with stunning wings. "A fairy!" Sakura exclaimed. The fairy bowed to Queen Coral. She politely introduced herself to Sakura, "Welcome, young heroine. I am Esmeralda, Queen Coral's number one assistant. I may seem young, but I am already 24, which is the average age of a fairy. I will accompany you to

Anshino's cottage. Sakura grinned sweetly and they set off for their journey.

Esmeralda's eyes shone after seeing Queen Coral's seashell road. The seashells were lined up in a rainbow color sequence. The fairy gestured to Sakura to follow her. Together, they followed the gorgeous seashell road eagerly. Esmeralda exclaimed, "We have to reach the cottage before dawn! The witch is planning to attack at night!" Sakura noticed a bottle that smelled awful near them. She picked it up and read the note behind it.

The note said, "Drink this, say where you want to go, and you'll fly there magically.

Christy, Witch of the East"

Sakura held it up and gulped it down. As she expected, she started to float. She said out loud, "I wish to go to Anshino, the witch's cottage!" Sakura glanced at Esmeralda and asked, "How are you going to get there?" Her fairy friend replied, "Oh, never mind that. Don't worry, I'll fly there, following you." Her wings glittered instantly and she began to fly. Sakura floated towards the South, with Esmeralda following behind.

Within 10 minutes, they reached a cottage that was black and very grand indeed. Spiders, pumpkins, and bats surrounded it. Sakura and Esmeralda breathed in, then opened the windows silently. Esmeralda whispered, "Since I'm tinier, I'll fly in to make sure Anshino's not inside." Sakura nodded. Esmeralda dug her head in. 10 seconds later, she came out and reported, "She's not home. It's clear. I bet she's wandering around somewhere collecting mushrooms for her new potions. Anyway, come on. I think I know where the magic pen is." She navigated Sakura into a room with several cauldrons and bottles of potions. Underneath a magic spell book was the magic pen.

Esmeralda gasped, "Calamum. The ancient pen." Sakura asked, "Wait, Cala what? Esmeralda replied, "Calamum. It's the Latin word for pen." The fairy reached for it cautiously. The

moment her finger touched Calamum, a thundering “boom” was heard outside. Esmeralda quickly whispered, “It’s either run or hide. Are you thinking what I’m thinking?” Sakura nodded and managed a soft grunt, “Run!” Sakura could swear she heard Esmeralda curse as they fled through the nearby window. They saw Anshino getting home with a new cauldron. There was even a price tag. It said, “\$327.”

Suddenly, Anshino spotted them. Their eyes locked for a few seconds. Then, Anshino became furious, demanding they give Calamum back. She screeched, “You don’t even know how to use the pen, you brats! Give it back! NOW!” The witch stomped her foot and chased after them. Unexpectedly, she stopped. She cackled, “Fine! Since you two brats won’t return it, I’ll transport y’all to Queen Coral’s castle and we’ll settle this!” Before Sakura could protest, their surroundings changed. Queen Coral’s castle stood before them. The witch appeared next to the mermaid queen. Esmeralda growled, “Don’t you dare touch her, you stupid witch.” Anshino just smirked, “Queen Coral, let’s settle this and fight a war? Just like old times? Whoever wins will get Tulipa.” The whole kingdom agreed, so the war began.

Queen Coral yelled, “To Sarfoogle! We shall win!” Anshino laughed. “We shall see, Coral. Positions, everyone! “The Tulipa War will begin,” Sakura complained, “but I don’t have a weapon! It’s not fair. I take fighting classes and...” Anshino glared at her, “Fine! Here’s a sword for you!” Sakura was surprised an enemy would help her, but she held it tightly. Queen Coral’s team included fairies and fauns. They all had spears. Queen Coral’s hands lit up with pink light. She launched an attack at Anshino, but Anshino was quick on her feet and she dodged it. The witch then launched a freezing spell. Fortunately, Queen Coral dodged it. This went on for 5 minutes.

Anshino couldn’t bear it anymore. She shouted furiously, “Ugh! Weak brats! Spiders, come out and have some fun!” Spiders emerge from the witch’s back. Sakura’s eyes widened out of fear and she fainted. Queen Coral and her team rushed over to

help her. While they were distracted, Anshino launched the most massive freezing spell ever, and they were all frozen. Sakura woke up just in time to roll and dodge. However, she did not grab her sword to fight back. Instead, she ran and hid behind a tree, not daring to face the spiders. Suddenly, she remembered her friends’ warm smiles, and how far she had already gone for them. She remembered what Hugo had said before she disappeared. “Sakura, don’t try to run away from the spider! Face it bravely!” Tears rolled down her face as she thought of those wonderful memories with him. She must face the spiders bravely. Sakura grabbed her sword and charged towards Anshino. Although the witch tried to freeze her several times, she dodged them. Sakura did not care about the spiders. Finally, she reached towards the witch, laying the sword’s tip on her neck. The war was over. Anshino had to surrender.

Anshino glared at her furiously. “You...you witch...” Sakura threatened, “you’re the witch here. Shut up and don’t move. Call back your forces and give me your staff or else your neck gets it.” Unwillingly, the witch agreed. Anshino grunted, “Spiders! Disappear! I don’t need you guys!” She turned to Sakura, “Take this, you useless brat!” She threw her staff to Sakura. Sakura used it to break every single block of ice that had frozen her friends. At the same time, Anshino melted into a puddle of water. Queen Coral appeared behind her. “Well done, my dear. I will grant you one wish for saving Sarfoogle from the witch.” Sakura smiled and replied, “I wish to go home. I’ll miss you all so much! I won’t forget you guys! Goodbye!” Everyone waved her goodbye and she disappeared.

Sakura appeared once again in her bathroom. She bravely stepped out of the door. Instead of running away from the spider, she picked it up gently with her hands. Hugo was shocked that she even dared to touch it. Sakura threw the spider at Hugo. He screamed loudly and Sakura giggled. It felt so good to finally overcome her fear. Hugo ran off and he never bothered Sakura ever again with spiders.

FANTASY STORY

One day, at 22 Cokerton Street in Britain, there lived a young teenage girl named Kaeya Kanroji. She had hazel brown eyes and dark, inky black hair which was tied up in a messy bun. She had lily-white skin and wore a lighthearted smile across her face every day. When she was walking home from school, she caught a mouthwatering smell of fresh miso soup. Her favorite udon shop, Ichiban, was opposite her. She thought to herself, “Well, I guess it’s fine for me to eat some udon before dinner. I’m hungry anyway.” A few minutes later, a steaming, savory bowl of udon appeared in front of her. Just as she picked up her chopsticks, a gleaming, dazzling blue light flickered on the wall opposite her.

As Kaeya went to investigate, she saw an endless, glowing white tunnel of light. A few seconds later, she got sucked into the light tunnel. Kaeya shrieked, “Help! Help!” After what felt like an eternity, Kaeya finally ended up in a lush, dark forest. She wandered around for a bit, but suddenly, an eagle with a human head screeched loudly in her ear. Kaeya shrieked, “Get off me!” “It’s okay! Leave it to me now!” said a voice behind her. A woman in iron armor was in front of her, sword raised. She cut off the harpy’s head and turned around. The woman stuck out her hand and said, “I’m Arlechinno, Royal Guard. Who are you?” Kaeya shook her hand and introduced herself.

Arlecchinno showed her out of the woods and took her to meet the Empress. When she approached some golden gates, Arlecchinno opened the gates and said, “Welcome to Sumeru!” Kaeya was stunned by what she saw. A golden castle was in front of her. It was pristine white and its turrets were gleaming.

Arlecchinno then took Kayea to a massive room draped in a royal blue curtain. “Good evening, Ms. Kanroji. We have been expecting you,” quoted a serene voice. Kaeya turned around and saw a ravishing woman. The woman continued, “I am the Empress of Sumeru, Akane Shoji. There is a mission I want you to lead. A malevolent witch named Mahito is roaming free in Sumeru, wreaking havoc in every city. She aims to plunder a magic crystal which will give her prodigious abilities. Legend has it that only a human can kill the witch. You are that human. You will operate this mission. You will enter the witch’s cave and destroy the crystal and the witch.”

Kaeya nodded her head and Arlecchinno gave her a glistening sword. “This sword is made out of moonstone, which can burn

Mahito. It’s time to go, Kaeya,” said Arlecchinno. With a giant pop, Kaeya was spinning swiftly, and they ended up in a remote, dark forest. Kaeya ran towards a murky, eerie cave and went in. Suddenly, out of nowhere, a spine-chilling voice said, “Well, looks like I’ve caught myself some puny humans. Park, get my silver dagger.” It was Mahito and her servant. In one agile move, Machito conjured up more daggers and made them fly towards Kaeya. Arlecchinno made a protective shield, and the daggers fell to the floor with a crash. Arlecchinno shouted, “Sectumsemptra!” A wide gash appeared on Mahito’s chest. He screamed in agony. Kaeya heard a cage rattling and went down some stairs. She found a crystal and a little girl rattling her cell bars. Kaeya took one of her hairpins and used it to unlock the cell and the girl stepped out. She then stared at the crystal, and it burst into blue flames.

Machito entered the room and fired jets of blinding green light. Kaeya thought, “Ugh! I can’t block the curses anymore! I guess I need to ask the girl for help.” The mysterious girl put her hand on the ground and cried, “Impedimenta!” With a resounding crash, the dark cave exploded. After all the smoke and ash had disappeared, Kaeya stabbed Mahito with the sword ten times. “You haven’t...seen...t-the last of...me...,” Mahito muttered. She burst into fiery, scorching flames. Arlecchinno stabbed the crystal with her sword and the crystal shattered. It was over.

The girl explained, “Thank you for freeing me. My name is Kana Kanroji. I got captured by the witch. I also have a sister whose name I do not know. I discovered that I could perform magic two weeks ago. I can summon Embry to give us a lift.” Suddenly, a colossal phoenix flapped its wings and one by one, Arlecchinno, Kaeya, and Kana climbed onto the phoenix, and it flew away.

Kaeya said, “Wait a minute...I think you’re my sister! We share the same last name.” Kana was shocked. “I think you’re right! Come with me to Rosewood High. It’s a school for the magically gifted,” Kana gasped. So, they flew to Rosewood High. Arlecchinno waved them off and went back to her duties.

As Kaeya entered the majestic wrought-iron gates, she realized that with teamwork, anything is possible and chatted animatedly with Kana as dawn approached. Back in the obliterated cave, Mahito got up and leered.

FANTASY STORY

Once upon a time, in Akita Higashi High, there was a young boy called Kazuki Hayashi. He had hazelnut brown hair which hid one eye with his bangs. It was recess time. As usual, the boys talked about the new videogame “Kokoro no Kizuna” and the girls chatted while enjoying mouth-watering snacks. Feeling left out, Kazuki decided to go to the school library. When he arrived, he saw an interesting book on one of the bookshelves. As he turned to the first page and started to read, a wormhole burst open and absorbed Kazuki into the unknown.

“What’s this place?” he thought to himself. Kazuki wandered around the meadow and saw a nearby cave. As he tried to step forward to explore, suddenly, a demon jumped out from behind a pine tree and pounced on Kazuki. “Get off me!” he yelped as he struggled to get out of the demon’s firm grip. “Ha! Never,” growled the demon as it slung Kazuki on its back and dragged him to a deep, hideous cave.

“O mighty king, I am back from hunting,” the demon bellowed. “I see,” bellowed another demon who was sitting on a stone throne that had vines on it. “Hear me out all of you! We’re feasting on this fellow tonight,” roared the demon king. Then, a troop of demons marched out of the hallway. The troop tied him up and left him in a locked room.

“Help, help! Someone free me, please!” Kanzaki shrieked. A few minutes later, he heard a voice. “Psst! Don’t move or make any noise! I’m coming!” The wooden door creaked open as a girl with a tidy ponytail and light amber eyes walked in. Then, she cut the rope using a short knife and successfully freed Kanzaki. “Hi! I’m Kana Aki. Nice to meet you!” “Thanks for saving me. I’m Kanzaki Hayashi. How did you know I was here?” questioned Kanzaki. “Oh! I have very sensitive ears so somehow, I can follow the sounds to lead me to a destination. I was carrying some berries I picked in a nearby forest back to my village, when I heard someone call for help, so I came here,” answered Kana.

“C’mon! Let’s get outta here! Just now when I came, the demon troop went hunting so it was easy to get here. But now, I think they’re back. We’ve got to fight, I guess.”

Kanzaki and Kana walked towards a hallway quietly, but a demon guard caught them. “Hey what do you think you are doing?, Trespassers?” it bellowed. The dreadful demon raised up its humongous axe and tried to smash Kana, but Kana instantly dodged the attack and used freezing power which turned the guard into a giant block of ice. “Woah! Your freezing power is really cool,” complimented Kanzaki. “Thanks,” replied Kana. They obtained a healing potion from the guard’s satchel and walked towards the throne room together. “So, you two decided to challenge me, eh? Ha! Then bring it on! You twerps will never stand a chance of defeating me anyway!” snarled the demon king. “Kokoro, Yuki, and Akuma! Some unexpected guests came. You know what to do...”

Just then, three werewolves ran towards them and pounced on Kana. One of the werewolves, Akuma, bit one of her arms and released venom into her body. “Help...,” wailed Kana as she fell into a deep sleep. “KANAI!” yelled Kanzaki as he slayed the wolves. “Hahaha...,” the demon king chuckled wickedly, “now you don’t have your little friend. I can finish you off!” “Not so fast!” Kanzaki shouted as he hastily took out the healing potion they obtained from the satchel. “Whew! Thanks for saving me, Kanzaki!” exclaimed Kana. Then, Kana slayed the awful demon king and escaped with Kanzaki.

“Thanks for everything, Kana! If it wasn’t for you, I would have been eaten by now!” thanked Kanzaki. “No problem! It was nice meeting you! I should go back to my family now,” Kana replied as she gazed up at the starry night sky, “Visit soon, okay? Bye!” “Bye!” Kanzaki said as he returned to the wormhole, thinking about his exciting adventure with Kana and learning that teamwork is dreamwork.

DRIVER IS UNCONSCIOUS AFTER CAR CRASH

At 8 o'clock in the morning, on 28th December, at Southwest 56th Street, a shocking car crash happened. A car crashed into a lamppost and the driver is unconscious till now.

The police declared that a driver and a student, aged 9 and 32 respectively, were involved in the accident.

The police spokeswoman shared, "The student did not notice the red traffic light while crossing the road."

"Therefore, the driver immediately made a U-turn to avoid colliding with the student. It successfully prevented the collision with the student," continued the police spokeswoman.

"Yet, the car knocked into a lamppost after overturning. The driver is now seriously injured. We feel sorry for the accident," replied the spokeswoman.

Images from City Media showed that the front of the car was damaged, its window smashed, and that a tow truck arrived to remove the wrecked vehicle.

The driver was rushed to the Queen Elizabeth Hospital by ambulance.

Doctor Chan explained that the driver has a serious back injury, and it could be long-lasting.

"He also got a fractured leg, which may require surgery to repair," stated Doctor Chan.

Ms. Wu, a witness, responded, "When I heard the thundering sound, I instantly looked up, and I saw a vehicle collided with a lamppost! Everyone was shocked. The driver's face was pale white. Wreckage from the car and blood was everywhere!"

The police officer, Mr. Wong, commented, "We hope citizens can learn from this accident, and always look at the traffic light when crossing the road."

John Teeve, the student who was involved in the accident, has been expelled from his school. John Teeve has not responded yet.

According to the law, children who have not reached the age of 10 should not have any consequences after breaking the law.

Therefore, John Teeve will only be warned by the police officer, Mr. Wong.

Southwest 56th Street will be closed, so the police can conduct a complete investigation until 10th January, 2024.

Mr. Wong, the police officer, concluded that police are still investigating the accident. He hopes a similar accident will not happen again.

DRUNK DRIVING CAUSES ONE DEATH AND TWO INJURIES

At 1 p.m. on Thursday, a gray Tesla car crashed into the back of a vehicle near Mark Road, causing one death and two injuries.

The Tesla driver, Josh Richard, tried to inform the police that he was not paying attention to the road conditions. However, it turned out to be a case of drink driving since he failed the breathalyzer test.

The car crashed into another car in the next lane which resulted in 3 victims. Chan, one of the victims, was certified dead after the crash while his wife and his daughter were severely injured with bone fractures.

Sofie Abert, the wife of Chan, cried, “I can’t believe that he left us! It was only three days before his birthday!”

She mentioned that she felt a huge crash on her back, and she fainted within a few seconds.

Ng, a witness, reported, “I have never talked to Josh since we got into a huge fight. The last time I saw him, he walked straight into William’s Beer Shop and drank three whole bottles of beer!”

The daughter of the Chans was sitting on the ground, crying hysterically. Her eyes were bright red, and her nose was bleeding heavily. She kept screaming in front of the police, “I want my daddy!”

Another witness, Angel Scott, exclaimed that she saw a gray car driving in an “S” shape on the road and that the driver tried to control her car so she would not crash into the Tesla.

The police officer also concluded that Josh Richard drank three bottles of beer before driving which possibly caused the car crash.

Chan’s wife and daughter were both sent to On Lok Hospital. Mark Road was closed for further investigations. Broken glasses and debris were scattered on the ground.

The police announced that citizens should avoid going to Mark Road to prevent the police and workers from working.

Chan’s daughter and wife are in the hospital. Chan’s daughter has a severe bone fracture in her right leg. Chan’s wife has a bone fracture in her left hand. The nurse mentioned that they would be fine in a few months.

CAR CRASH ON RAIL ROAD – ONE WOMAN DEAD AND ONE MAN BADLY INJURED

A 37-year-old man, Mark Bob, was speeding on Rail Road at 5:52 p.m. on 7th October, 2024.

After investigation, Inspector Nick Ma found that Bob Mark was drunk driving at high speed and fell asleep. The police suspected that Bob Mark pressed the accelerator instead of the brake in his car, so the car went out of control and crashed into a lamppost, where Mary Bob was standing.

The policemen found that Bob Mark was intoxicated. He had drunk six bottles of Recharge Bear and three bottles of Recharge Beer Plus. Bob Mark was careless and decided to drive home.

The cause of Mary Bob’s death was that her spine was fractured, and her rib perforated her lung. Substantial debris had stabbed her body until her body could no longer be recognised.

A witness called Mark Boi stated, “After Bob Mark had crashed into Mary Bob, I saw Mary Bob was squashed like a flat pancake and all her insides were on the ground.” Another man shared that he almost got hit while the car flipped over. Another person commented that it was Mary Bob’s birthday, and she was just about to arrive at her birthday party. A witness declared, “Luckily, no one else got hit as the place was crowded.” Another witness, Simon Sui, claimed that he had seen Bob Mark fleeing from the scene.

When Bob Mark was interrogated, he came up with an excuse, “I only drank a little beer!”

Mary Bob had died at the scene due to facial and internal injuries. The police concluded that the death of Mary Bob was an accident. Bob Mark will appear in court for drink driving causing a fatality in the next few days.

MY FAVOURITE ENGLISH BOOK

Did you know reading can lower blood pressure and heart rate, and even cure depression? Reading is like a world full of magical wonders from words, where we can dive in and feel right at home, where there are no boundaries that can trap us or anything to make us feel frustrated or lost. My favourite English book is the famous bestseller *Holes* by Louis Sachar, which was also awarded a Newbery prize. *Holes* is about a boy sent to a boot camp and discovers many special things and unknown secrets about the camp.

In the book, the main character is a young, overweight boy named Stanley Yelnats. Because of his weight and appearance, he often gets picked on at school by kids smaller than him. Thus, he feels very insecure about his looks and his belongings often get damaged from the bullying. Stanley, as the main character, is the perspective of the story. I think that the plot of this book is very interesting, and it always seems to make you want to read more because it uses many plot twists and unexpected scenes to grab the reader’s attention and make it more interesting and enjoyable.

Stanley Yelnats, the main character in this book, comes from a very ancient family. Stanley is very loyal and brave and never wastes food, no matter how bad it tastes. Elya Yelnats, the grandfather of Stanley, is a very stubborn person, who tends to forget promises that he made to others because he once promised his old friend, Madame Zeroni, that he would carry her up a mountain and let her drink from a mythical stream that granted magical powers and sing her a lullaby as she drank. He was also stubborn because he was in love with a young lady called Myra Menke. Even though Madame Zeroni warned him that Myra couldn’t even push a plow or do anything useful and only cared for herself and nobody else, Elya was very stubborn and couldn’t see anything but Myra’s raw beauty, so he ignored Madame Zeroni’s warnings about the young lady. Madame Zeroni, Elya’s good friend, was a kind and humble old woman who lived in Latvia, where Elya had been born. She was a seer and was paid by people to foretell their future with her crystal ball. She was also very helpful because even if Elya ignored her warning about Myra Menke, she still helped him compete with a farmer called Igor for Myra’s hand, even though Elya didn’t marry Myra in the end. There were many scenes in *Holes* that caught my

attention, but one of the most memorable was when Elya and Madame Zeroni were talking about competing with Igor because it was a very exciting scene that made me sit on the edge of my seat.

The main writing style that the author used in the story was short, simple and choppy sentences, while also a triple timeline, in Elya’s, Stanley’s and Katherine Barlow’s (a woman who went crazy after the man she loved died from being shot and became a famous outlaw) perspective. The short and simple sentences in the story make the scenes very easy to understand for younger readers, and less complicated words make it suitable for readers of any age. The author also used special similes to describe the characters and the environments, such as Myra’s head being ‘as empty as a flowerpot’ and the bus that Stanley rode to the boot camp being ‘almost as stifling as the handcuffs’. This writing style made me enjoy this story a lot because it was easy to comprehend the dialogue, the timelines, and the scenes happening in the book.

There are many themes in this book, but one of the main themes is the importance of friendship. Stanley makes many friends at the boot camp with the other boys, such as Zero, Squid and Zigzag, who help him get used to the surroundings and troubles of his new environment. After Madame Zeroni dies, Elya understands how important she was in his life and how much she had helped him, while he never did much in return for her kindness and wisdom. Like Elya Yelnats, I have also realised that friends are a very important part of our lives, and friends are people who support us through thick and thin and never give up on us no matter what, and I should always appreciate them helping and being there for me.

This book has changed my perspective on friendship and the consequences of choices you make. Every choice must be made wisely, or else the consequences might be horrible, like when Elya Yelnats didn’t listen to Madame Zeroni’s warnings about Myra and walked away with a broken heart and a dead best friend. *Holes* has inspired me to be more kind to others, just as how Madame Zeroni helped Elya even though he was too blind to see the extreme unintelligence of Myra Menke.

I would recommend Holes to my friends and family because I think that this story is funny, interesting, meaningful, and full of morals that we should learn from. There was a quote that Stanley Yelnats said, and it quickly became my favourite quote in any book. "I understand that you've made some bad mistakes in your life. Otherwise, you wouldn't be here. But everyone makes mistakes. You may have done some bad things, but that doesn't make you a bad kid." This quote was meaningful to me because

it made me understand that nobody's perfect, that everybody makes mistakes, and that mistakes don't make you a bad person, nor do they prove your personal worth.

To conclude what I have said above, Holes is an easy-to-read, witty, funny tale bursting with meaningful morals and friendship. If you haven't read this book before, make sure you borrow it from your library the next time you visit it!

HARRY POTTER – MY FAVOURITE ENGLISH BOOK

Since humans have used the ability to communicate with sophisticated and complicated forms of expression that no other species has, they have created fictional stories. Gradually, people decided to put whatever they knew or imagined into writing or books.

My favourite book is Harry Potter and the Deathly Hallows, written by J.K. Rowling. In this, the last book of the Harry Potter series, Harry Potter leaves his former residence, experiences difficulties related to his destiny, and faces lifelong enemies for the final time in the last parts of the book. A book with philosophy and action, one could easily deem it as his or her favourite book. I love it because it is thrilling, yet sometimes sad, and contains ethics buried deep inside it.

As Harry Potter turns 17, the protective charm that his mother gave him breaks. He leaves Privet Drive and is safely transferred to his friends. Not long after, Harry's biggest enemy, Lord Voldemort, seizes control of most of the Wizarding World, making it dangerous for Harry and his allies to show up, especially in Hogwarts School where he studied. Harry and his friends live in hiding while attempting to find and destroy the remaining objects, called Horcruxes, which contain parts of Voldemort's soul. Harry and his friends must find all the Horcruxes and make Voldemort once again mortal. They must defeat the Dark Lord once and for all. The final battle must begin. Harry must face his destiny. His friends must ignore the risks of entering and fighting on the final battlefield at Hogwarts. The fate of the world lies on the shoulders of Harry and his allies.

The main characters in this book are Harry, Ron, and Hermione, also known as the Trio. They contribute to the destruction of Voldemort's Horcruxes and help Harry all the time. Other major characters included Severus Snape, a side-switching double agent with a complicated background, Albus Dumbledore, the deceased former Headmaster of Hogwarts who supplied Severus and the Trio with crucial information even when he was dead, and last but not least, Lord Voldemort himself, formerly known as Tom Riddle, the main antagonist, deadly villain, and the leader of the Death Eaters, who were supporters of Tom's view on the Wizarding World.

The plot is remarkable. Written from different perspectives, mostly from the Trio, it tells us how each character developed an understanding of one another. From dating and marriage to the importance of parental love shielding children from danger, the main theme of love is shown in every aspect. There are flashbacks and memories of Severus, which make Harry realise where Snape's loyalties lie. The conversation between Harry and Voldemort at the final duel is the key to the whole plot. It was intriguing and captivating for me. This piece of literature is irreplaceable.

A Potterhead cannot ignore the temptation to introduce these characters to others. I will briefly discuss the personalities of some characters and how they are relatable to me. Harry Potter is the main character. He is ambitious, determined, and shows remarkable leadership qualities and magical skills. His determination to achieve a goal and sometimes uncontrollable temper lead to a few arguments with friends. However, one

cannot doubt his kindness, generosity, and loving heart. Ron Weasley, Harry's best friend, is less intelligent and relies heavily on his future wife, Hermione. His academic work may not be as good as Harry's or Hermione's, but his loyalty towards his friends makes him a great companion for the Trio. Hermione Granger, the smartest member of the Trio, relies on her logical skills to solve problems. She shows extraordinary intelligence, proves herself to be trustworthy and loyal, and is the most important person in the Trio's life. Without her, Harry and Ron would most likely either end up being strangled by deadly plants, or even worse, expelled. Hermione's prioritisation of knowledge is relatable to me because I also rank knowledge at the top of my priority list. Harry is less like me because he is too determined. However, he is memorable because only a few people would have enough courage and bravery to risk their lives to save the world.

The iconic scene of the final duel is the most significant moment. In the last chapter, Harry slowly explains the truth to Voldemort in front of the people who participated in the Battle of Hogwarts. Right after Harry finishes talking about who is the master of the wand in the Dark Lord's hand, Voldemort blasts his final spell on Harry Potter. Finally, the Killing Curse and the Disarming Charm hit at one point, resulting in one surviving while the other died. It was exciting yet worrying to picture the whole scene in one's mind.

J.K. Rowling wrote the story mostly from Harry's perspective. From leaving Privet Drive to the Final Duel, we feel the atmosphere in our hearts and minds. Harry watches with terror as Molly Weasley's wand slashes and twirls. Bellatrix Lestrange's

smile falters and becomes a snarl. Jets of light fly from both wands. The floor around the witches' feet becomes hot and cracked. Both women fight to kill. The descriptive language is beautiful. Rowling does a great job which explains why it has sold more than 65 million copies.

The themes and messages are simple. It is about love and death. The biggest bridge between Harry Potter and Voldemort is their ability to love people and accept death. Voldemort is afraid of what he feels is man's biggest weakness, death. He can't love either, since he doesn't care about his "friends". His allies are more like servants and followers than friends and advisors. He has no love for anyone, not even his family, as he kills his father and destroys his maternal family. Harry, on the other hand, accepts death. He is not scared of death, nor is he scared of losing everything. He only fears losing love. He loves his family, even though his parents have died. He loves his friends and professors. He feels remorse for others, even for people who were his enemies! His ability to treasure life and love reflects the theme of the story.

This book certainly had a huge impact and influence on me. The message behind the story is as philosophical. It made me understand the importance of love. That love can protect us, even in death, at least to some degree. It makes me think about love, its fragility, its strength, and how evil man can be.

I would without hesitation recommend Harry Potter and the Deathly Hallows to everyone. This book is a literary masterpiece. It is a great book. Each time you read it will be different.

Sam’s Fish and Chips Restaurant
147 Lo Mein Street,
Kowloon, Hong Kong

Dear Sir/Madam,

I am Carson Lai, a customer who dined at your restaurant on 15th April, 2023. I am writing to complain about some problems with your restaurant service.

Firstly, the Wagyu Beef I ordered was extremely overpriced, costing more than 400 Hong Kong dollars. I thought, maybe it would be of better quality! But I was wrong. I waited for over an hour, then when the food arrived, it was undercooked, and the piece of Wagyu was smaller than other neighboring restaurants! If you were in this situation, what would you do? Does your restaurant always treat customers like this?

Secondly, the service quality of your staff was lower than expected. When I placed my order, the waiter serving me was using his phone the entire time! He also wore earphones, so I had to repeat my order three times and the first time the waiter ignored me! This is completely outrageous! If this continues happening, I am afraid I will have to report you to the Consumer Council and give negative reviews on Openrice.

Lastly, the environment as a whole needs improvement. When I sat down, the air conditioning was not working properly. I addressed this problem to one of your staff, but he ignored me. Also, there was still food on the table! When I cleaned it up, I found out the tablecloth was torn. If you can fix this issue, I will reconsider hosting my birthday party there with a ten-course meal next year.

Sam’s Fish and Chips Restaurant is one of the most famous in Hong Kong. I trust that a reliable company like yours will address the problem promptly to maintain the high quality of your food and services. To prevent some similar cases, I have some recommendations.

Firstly, to improve the quality of the Wagyu Beef I ordered, the beef should be imported straight from Japan to make up for the high price. Also, to increase the efficiency of your staff, I have some ideas. You can hire more chefs or start an internship programme to have more people working in the kitchen and add more cooking devices so the waiters can deliver faster, or a fancier option to make a conveyor belt delivering the food to the customers quicker like the sushi restaurant Genki Sushi.

Secondly, you should host an employee of the month programme, and have a small prize, maybe a day off, for the employee who works the hardest and puts in the most effort. Mobile phones should be prohibited with anyone caught using one during work receiving a warning letter to make the staff more focused during work.

Lastly, you should create a retraining programme for your staff. The retraining programme should include teaching staff to clean the table after people have dined there. Also, the staff should know when to change the tablecloth. If they pass the test, they can continue working there. To fix the air conditioning issue, you should hire a professional to check it every week.

I am a long-time customer of Sam’s Fish and Chips Restaurant. I hope my case will be addressed, otherwise, I will stop visiting your restaurant. I can be reached at 8888 8888, and my email address is abc@learn.hkbuas.edu.hk. I look forward to hearing from you shortly.

Yours faithfully,
C L

OBSERVATIONAL REPORTS

Huang Shanming Coral (6C)

HOKKAIDO, JAPAN

As the last leaf on the withered tree fell, winter tiptoed into the world, and the Christmas holiday started. I was thrilled to hear that I would be going on a vacation to Hokkaido, Japan. Looking through the windows of the plane, I saw our destination, Hokkaido. Once we arrived at Hokkaido, my father decided to rent a shiny, spacious car. Just like this, our journey in Hokkaido began.

After settling into a luxurious and spacious hotel, we hit the sack on our first day in Hokkaido since we were exhausted from the long flight. The next day, we drove to Goryokaku Park, which is famous for its massive number of Sakura trees and splendid scenery. Altogether, Goryokaku Park consists of 1,500 Sakura trees. Walking through the park, a Sakura flower petal danced elegantly like a pink ballerina as it fell lightly on my eyebrows. I looked up, hoping to see the flowery view; another pink, soft, and delicate petal fell onto the rocky, hot ground. When I looked up again, a tint of sadness and unwillingness came over my face because the last Sakura flower had fallen to the ground since it was wintertime, and flowers rarely bloom at that time.

In the wintry landscapes of Hokkaido, Sakura trees stand dormant, their branches adorned with delicate, soft flower buds, patiently awaiting the arrival of spring, when they can bloom and dance around. The serene atmosphere is accentuated by the anticipation of vibrant blossoms, promising a breathtaking transformation when the cold grip of winter finally yields to the gentle touch of warmer days.

Soon, a question came into my mind about the Sakura flowers. How do they taste? So, I took a Sakura flower petal which had fallen onto my face, and I took a bite. Once I put it in my mouth, I immediately spat it out because even if there was a hint of sweetness, it was still very bitter. During this time, the birds fly to warmer parts of the Earth, so the park is very peaceful and tranquil. I tried to grip onto the Sakura tree bark, but it felt rough and prickly. As I closed my eyes to enjoy this calming and peaceful scene, a sharp voice suddenly struck my ears like lightning. It turned out that the splendid, majestic view of the Sakura trees had distracted me and I had wandered off without my parents, so they were worried about me and had been looking

for me. I immediately ran back to my parents and explained that I was just looking at the Sakura scenery and that I was safe and sound. Then, I decided to leave with my family as it was already getting late, and nighttime is a dark and terrifying monster, ready to gobble up little children when they run around alone, so we must travel to our next destination.

Then, I travelled with my family to the Sapporo Resort to ski as Sapporo is well known for its extremely snowy weather, which makes the temperature drop rapidly to -8°C during winter. This is what makes skiing an enjoyable experience, so I was very enthusiastic about this exciting activity! While I was putting on the plain and dull ski gear that I had borrowed, the beautiful snowflakes with exquisite and unique patterns seemed like professional ballet dancers dancing elegantly through the vast, azure blue sky. After I finished putting on my gear, I had to do some warm-up exercises to prevent the risk of hypothermia. After warming up, it was time to ski. As I hopped on the ski lift, the frozen wonderland of Sapporo shone brightly before my eyes. Amidst the frozen wonderland, skiers glided down the pristine snow slopes, immersed in the exhilarating experience of winter sport.

The powdery, clean, white snow glistened under the winter sun, providing the perfect canvas for thrilling descents and breathtaking ski jumps, evoking a sense of pure adventure. With each turn and twist, the skiers embraced the crisp air and stunning mountain vistas, creating unforgettable memories etched in their minds forever. Finally, the ski lift arrived at the highest point of the massive, steep, snowy mountain. As I set my feet down on the thick pile of snow, a crispy “crunch!” sound came from the snow. Then, I took up a pile of snow and sniffed it as there was a very strong smell of vanilla, and it lured me to take a bite of it. The snow was very soft, clean, and white but it tasted like plain water. Soon, it was my ski turn. I confidently put on my ski glasses to protect my eyes. Then, I zoomed off immediately. As I skied around the pine trees on the mountain, the scent of pine floated in the air. Suddenly, something caught my eye! My parents were waiting for me and my elder sister to ski down to the bottom of the mountain. So, I made my pace faster as the cold, strong wind hit my face. As I was getting closer to

the bottom, I suddenly tripped and stumbled. Poof! I went face down on the ground. Thank goodness the snow was thick enough to save me from getting severely hurt. Then, I heard my sister standing beside me laughing like a maniacal monkey because of my clumsiness. I frowned at her like an angry tiger as I got up. After I got most of the snow off my winter coat, my sister and I took off our ski gear and left with our parents to eat dinner.

Finally, after a long drive, we arrived at Niseko, Hokkaido, a seafood restaurant known for its huge Hanasaki crabs. We decided to eat there because Hokkaido is known for its exquisite, good-quality seafood. As we went into the restaurant, I saw a lot of people digging in to appealing seafood. Once the nice and helpful waiter had guided us to our seat, I ordered the Hanasaki crab using the online menu and waited eagerly. After a few minutes, the crab dish arrived at our table, causing me to drool as the fishy, briny smell of the crab flowed into my nose. The Hanasaki crab shell was very spiky and tough. So, it took almost an eternity to remove it. After taking off all the crab shell, I decided to look

out the window. There stood Mount Yotei, which is also known as the “Son of Fuji Mountain”. Just as I was about to snap a photo of this majestic, splendid view, two soft and delicate hands covered the mountain, creating a sense of mystery. But then, the sun arrived and chased the two hands forcing them to float away, making it easier for me to snap photos. This winter, Mount Yotei shone brightly like a star under the dim light of the sun. Then, as it was turning late, I gobbled up all the crabmeat and crab roe, and departed from the busy restaurant.

Finally, I want to thank my lucky stars that I was able to go on this trip. During this trip, I saw splendid, breathtaking views of Sakura trees. I also went to a ski resort to ski, which I found blissful. Then, I went to eat Hanasaki crab. The Hanasaki crab was finger-licking good so I could eat it all day. But time flies, and soon it was time to leave Hokkaido. I was reluctant to leave but had no choice since school would start soon. So, I left with a heavy heart and lots of amazing memories from Hokkaido.

HONG KONG DISNEYLAND

I’m so excited! I’m standing outside the entrance of Hong Kong Disneyland, eagerly waiting to enter the park. As I observe my surroundings, the air resonates with the lively hum of people chattering and laughing loudly, while more visitors add to the queue. I’m exhilarated by the thought of going on all the rides and eating scrumptious food. Before I know it, the gates open. As I walk through the entrance, I see the grand, majestic Castle of Magical Dreams, with a sea of people surrounding it, taking photos, and creating an energetic, vibrant atmosphere. In the background, lively Disney songs play, sending a wave of enthusiasm over me. All of a sudden, my mouth begins to water from the sugary aroma of sweet treats and baked goods from the shops on Main Street, U.S.A. The freshly popped popcorn makes a loud “pop-pop-pop!” The color and design of each shop offers a delightful view for visitors. On the ground, the wide, even street is a perfect size for bustling, busy guests to walk on. Families and friends stroll along the street, their faces beaming with joy. The look of happiness on the welcoming cast members’ faces are like a field of sunflowers, radiating bliss into the atmosphere. I can’t resist the urge to try freshly baked pastries, so I hop into

a nearby pastry shop and find myself in the midst of an array of delectable treats, such as crispy, flaky croissants and colourful donuts. A Mickey-themed chocolate chip cookie catches my eye. Crunch! As I take a bite, the chocolate chips melt in my mouth, and a smooth, velvety chocolate flavour spreads across my taste buds, releasing a luscious, scrumptious flavor.

After I devour the rest of my cookie, I head over to Tomorrowland. The first thing to catch my eye is the elevated structure called the “Orbitron”. I catch the laughter and giggles of little kids as the rocket-shaped vehicles rise into the air and begin to spin. I stroll over to Space Mountain and find myself in a long line of people eagerly waiting to ride. However, before I know it, I’m at the front of the line. The worker at the front of the line directs me to a space designated for people about to enter the roller coaster. I obediently follow their directions and patiently wait for the roller coaster’s reappearance. The roller coaster returns to the starting point as a flickering flame, slowly losing its intensity. After I place my belongings into the secure net, I settle into a comfortable position and pull the safety bar down.

The bar is cushioned with soft padding, making it easy to grip. Creak-clack! I hold my breath as the roller coaster is pulled up the incline at the beginning of the ride. Once the roller coaster starts to plunge downward, exhilaration fills the room, the wind washes against my face, and the rush of adrenaline amplifies the sounds of screams and laughter. The thrilling ride leaves me satisfied but wanting more. My stomach begins to growl like a ravenous beast, demanding to be fed. So I hastily make my way to the Comet Café.

The Comet Café with its somewhat futuristic theme welcomes me with sleek and modern furnishings, and space-inspired artwork along the walls. The café surroundings are as if I’m floating through the vast expanse of space! When I head over to the counter to order my meal, I take note of a range of visually appealing food such as freshly made sandwiches, salads incorporating crisp ingredients, and beverages like coffee, fruit juices, and more tempting, heavenly food! I am spoilt for choice and stand there, unsure of what to choose, when the aroma of mouthwatering fried chicken delicately dances through the air. I immediately change my mind and instead, I order a plate of fried chicken, French fries, and a glass of coke. A couple of minutes later, I’m seated at a clean, polished table, about to devour my appetizing savory meal! Chomp! The chicken skin is crispy and fried to perfection with a nice golden colour. The chicken is juicy and tender on the inside, providing a satisfying contrast to the crispy exterior. As I munch on my delicious chicken, the fries and soda wink at each other from across the tray, knowing they are going to be the perfect companions to end a delightful meal!

I wander out of the restaurant feeling satisfied wondering where to journey to next. I decide to make my way to Fantasyland. As I joyfully skip, nature conspires to enhance the magical experience. I find myself immersed in a realm that seems to have sprung from the pages of a fairy tale! Looking around in amazement, I can’t help but notice the elegant, intricate details of the huge, towering Sleeping Beauty Castle. Venturing a little further, I soon hear some lively yet soft music. The melodious, gentle songs make the soundscape of this wonderful land a symphony of enchantment. I begin to roam around the place, exploring my choice of rides while admiring the well-placed architecture. As I approach “It’s a Small World”, my eyes shift

to a long line of eager visitors awaiting their turn to embark on the enchanting journey. The line stretches out like a meandering river, flowing with anticipation and excitement as guests patiently navigate its twists and turns like explorers on a grand adventure. I debate whether I should battle the lengthy line, but ultimately decide not to. I’m compelled to try some ice cream from the ice cream shop nearby before I leave. I join the line to order. The air is filled with the sweet aroma of freshly made waffle cones and the tantalizing scent of various flavours of ice cream. I decide to try the rainbow frozen slush with a scoop of chocolate ice cream. The frozen slush glistens under the sunlight, displaying a vibrant hue of blue and yellow, while the velvety chocolate ice cream sits atop, forming a contrasting dark, brown crown.

As I take my first sip of the slush, a flavorful ensemble dances on my tongue. A burst of sweet and tangy flavours awakens my taste buds with fruity notes. The icy concoction of blueberry and lemon slush refreshes my senses and sends a delightful chill through my body. Afterwards, I proceed to the Mad Hatter Tea Cups ride. My eyes are immediately drawn to the vibrant and whimsical carousel of cups spinning in a circular motion with every rotation, they lean in closer to one another, as if they are engaging in an enthusiastic conversation. Each cup is uniquely designed, featuring bright colours, playful patterns, and embellishments that reflect the eccentric style of the Mad Hatter. However, since I haven’t finished my cooling slush yet, I opt to visit the Fairy Tale Forest. While sipping on my slush, a delightful fragrance of blooming roses and lavender permeates the surroundings, filling my nose with a sweet and earthy aroma. As I walk deeper along the winding paths, I brush my fingers against the soft petals of the flowers, experiencing their velvety texture. The whimsical details, hidden surprises, and interactive elements within the forest bring about a feeling of contentment. After wandering about for a while, I start to get tired, so I decide to call it a day. I have a whale of a time, and as I walk away from Disneyland, a sense of nostalgia and fulfillment washes over me. It has been a day filled with magic, wonder and cherished memories. As I turn back for one last glimpse, I see the iconic Castle of Magical Dreams fade from my view as I bid farewell to this magical place.

MYSELF

Shall I compare myself to a great god?
As I am full of such creativity,
Creations are actually somewhat odd,
They help God have clarity.

Though I am a human encyclopedia,
A student with incredible knowledge,
Binging on all sorts of social media,
Even viral memes can't hide in the hedge.

But sometimes I'm crazy like Frankenstein,
Crazy scientist doing the unexpected,
My fury will unfortunately end your bloodline,
The fuming fire has left my brain infected.

Even though I am a raging beast,
With my creative mind, I sit down to feast.

MYSELF

Shall I compare myself to a sweet candy, making people happy easily?
Making everyone smile with my sweet little face,
Putting a happy face on everyone gladly,
Giving everyone the mood to work at a very fast pace.

Am I a monkey that climbs so quickly, faster than the wind that will pass?
Impressing everyone in just a blink of an eye,
I am the fastest in my class,
Always find new methods that make me consistently try.

But I'm the president who doesn't like people doing things,
Demanding everything to be done the correct way,
Even the slightest thing can end up as stings,
Doing everything correctly is the only way for you to stay.

Although I'm a picky queen,
I'm the super-fast monkey everyone has seen.

HERITAGE

In lands of old where echoes lie,
A tapestry of tales untold,
Whispers of heritage amplify,
Stories passed through generations bold.
In roots entrenched, a sturdy base,
Our heritage, a cherished guide,
Ancestral wisdom, time cannot erase,
Their legacy we shall forever hide.
Through customs, rituals, and traditions,
We honor the past with utmost pride,
A tapestry of vibrant compositions,
Each thread, a heritage magnified.
From mother's tongue to father's gaze,
Inheritors of a cultural embrace,
We carry the torch, our spirits ablaze,
Nurturing the flame with steadfast grace.
Heritage, a treasure to behold,
A legacy of stories to impart,
Through generations, stories unfold,
Connecting us, heart to heart.
So let us celebrate our ancestral ties,
Embrace the richness of our past,
For in our heritage, our spirits rise,
A timeless bond that forever lasts.

STORIES WITH FLASHBACKS AND CLIFFHANGERS

Charice kept punching Daisy. Daisy was scared and used her hand to cover her head, but Charice was much stronger than Daisy. Charice pulled Daisy's hand away and pushed Daisy's head into the wall again and again. Daisy's legs kept shaking and she fell on the floor. With her other hand, Charice took an umbrella and hit Daisy. Daisy started feeling unwell and dizzy. Charice whispered in Daisy's ear, "If you try to escape from me, you will be dead."

Three months earlier, Charice wanted to adopt children from the adoption center because she was evil and wanted them to be her maids, so Charice had adopted Daisy. Daisy was a child who didn't have any parents. When Daisy was Two years old, her parents died in a war. When Charice brought Daisy to her house, Daisy was surprised that the house was huge and fancy. Before Daisy got her room, she thought she would have a fancy big room, but Charice took her to the garage and gave her a sleeping bag. Charice said, "You will be living here forever." Daisy was angry, but she couldn't say anything. Daisy was scared that Charice would kick her out of the house. Then, Charice said, "You must help me clean the house and be a maid. You will only get one slice of toast and water every day. You must follow my rules, or I will kick you out of the house. After that, Daisy slept in the sleeping bag in the garage, helped clean the house, and only got toast and water every day.

Daisy suffered very much being a maid in the house. To stop the nightmare, Daisy thought of a plan. Daisy said, "I don't want to be a maid anymore, nor do I want to sleep in the garage. Daisy thought about using a knife to kill Charice, although she was scared that she was not as strong as Charice. Daisy was only a

child, so Charice would defeat her. She had another idea. When Charice was sleeping, she would sneak out of the front door and run away. Daisy thought this was a perfect plan. If Charice was asleep, she wouldn't notice. Daisy decided to escape from the house that night.

That night, Daisy got up and sneaked to the front door. As soon as she tried to open the door, she found it was locked. Charice heard the door opening. She ran to the door and caught Daisy. Charice kept punching Daisy's head as she was mad. Charice said, "Don't try to escape as I will always find you." Then some blood dripped from Daisy's head. Daisy felt dizzy and fell on the floor. Charice kept punching. A person called Muji walking in the street saw Daisy on the floor covered in blood. She was scared and quickly called the police and ambulance to help.

When the police and ambulance came to Charice's house, they quickly ran in and took Daisy to hospital. The police took Charice to the police station and asked her why she did it. Even though Charice kept saying she didn't do anything, the police knew that Charice had hurt Daisy as they checked the street camera which had captured the scene through Charice's house window. The police said, "Thanks to the camera, we know what happened"

The police sent Charice to jail. After Daisy got out of the hospital, she was sent to an adoption center. After three years, a woman came to the adoption center and adopted Daisy. When Daisy got to the woman's house, there were other children celebrating Daisy joining their family, but Daisy found there were lots of children in the garage with some knives on the floor covered in running blood.

SHATTERED FAITH

A downward slash, impeding an attack from the top, a quick parry and riposte.

Orion freely danced to the rhythm of battle, sparks flying between swords of different origins. A smirk fixed on his face, hacking and sliding through defences like a fearsome snake. Skills he had honed for battle. Perfection at its finest. His opponent leapt back, electric blue eyes flashing. Orion quickly slid away as his opponent's hand cut an area in the air, a blade of blue light impregnated with spiritual energy gathered behind his palm. Orion raised his sword for a deflection but leapt away at the last second, leaving his sword behind. "Damn it!" He thought. His sword was useless in long-range combat, but it would not matter. If he could attack at range, he would approach at close quarters. Orion paused, chuckling, his hands gathered a sphere of darkness, and it exploded into a blinding void. Orion readied the orb of darkness. "Disappear among the darkness!" With a measured throw, the orb was launched at the enemy, and a cloud of shadow engulfed their impromptu arena. When the light returned, Orion had descended upon him, the sword separating into twin, razor-edged daggers. They jumped back, a blue glow surrounding their body as they punched Orion away. Orion grunted as he blocked the attack. It was time to get serious. He merged his daggers into a midnight-coloured bow and fired off an arrow. Parts of his black hair covered his right eye. "Without light, there is no darkness; without darkness, there is no light. Our meaning is delineated by our contrast, reaching its equilibrium of shadow. There shall be no room for errors, devour all, Erebus!" Orion fired. The plain arrow's visage began its metamorphosis within the blink of an eye. Black, feathery wings sprouted as its shaft became the pitch-black breast of a crow, elongating into brilliant plumage and a shadowy tail. This attack was fired at a near-instant speed at Orion's enemy. Just as he did, he saw his opponent pull out one of their aces, an orca, crashing right back at the crow. The creatures of the sea and the creatures of the sky clashed for dominance, before ending up in the crow's favour. However, it seemed that the orca had damaged the crow far more than it could handle, and it exploded into a shower of pitch-black feathers and darkness, knocking both Orion and his opponent unconscious.

It had only been a few weeks ago that Orion had patrolled the surrounding area of the mighty fort that towered over the hill

it was built on; an excellent defence against infantry, rendering the fort impenetrable by normal means. Sighing, Orion wiped the sweat off his forehead, feeling the dampness of his hair. Getting the scout shift was honestly the worst job he could do; he wouldn't have accepted it even if they doubled, not tripled the pay! He sighed; there was nothing interesting today. He had seen nothing but empty fields, with normal trees, normal shrubs, normal views of the fort, and a normal beam of bluish-white light encroaching on the ground. Orion rubbed his eyes as a large rumble shook the ground appearing to come from where he saw the beam land.

Hastily, he melted into the light and near-instantly appeared near the crash zone. A singular injured body had landed in the small crater. Orion stumbled in shock, observing the person who had fallen from the sky. He had several gashes and bruises on his body as if spiked sledgehammers had hit him in a game of catch. As Orion approached the teenager, he leapt back as he noticed a large amount of magical energy gathering around the stranger. Slowly, his wounds faded as his eyelids fluttered open, revealing stunning blue eyes. "H-hello?" He asked, "When-where am I? Wh-Who am I?"

He clutched his head in pain, "Careful there, head injuries require care, else there is a risk of further worsening them. Judging by what happened, you seem to have bumped your head when landing on the ground, possibly leading to temporary amnesia," Orion took a moment to breathe, "As for your requests, you are in Aechotria, within the country of Vandyke. You are in the territory of Fort Mouche. Please follow me to the fort for a safety check of your wounds, specifically to your head."

In around 15 minutes, they arrived at the fort. Orion nodded at the stranger, "I will be leaving you in the medical wing for now. I will leave now to continue my duties. But first, I need your name to make a report." "Echo," the stranger replied. In about three minutes, Echo had replenished his rations and water supply and had travelled to the front gate (not without first receiving his bonus, of course). And as he prepared for another uneventful journey, his skin pricked as an intense heat encroached on his back. He turned around and was greeted with a blast of extremely hot air. His eyes widened as his sleeve nearly caught on fire. Most of the fort had caught on fire and was spreading to areas

that had escaped the flames. Orion reacted quickly, disappearing into the fluctuating shadows, and jumping through, rescuing civilians as fast as he could; in about 58 seconds, all the civilians were secure. Orion breathed a sigh of relief - all the shadow hopping had been taxing on his magical reserves. Steadying himself, he aimed for the best vantage point: The Grandmaster's Office. The Grandmaster had already left to put out the fire and was slightly alarmed when he saw Echo up there; that foolish boy. "What are you?!" Orion paused. Echo was reading his magic. Disturbing magic can harm everyone in its radius, especially when combined with other magic. Orion watched Echo's magic, and a white dragon with blue eyes flew out. It flew over the town and started to drench the flames. The flames put up a good fight, however the water won. Its job was complete; the dragon flew into the air and out of sight. Orion approached Echo, "Are you okay? You seem to have focused a lot of energy into your actions!" Echo shook his head, "I was just trying to help. The Grandmaster was so nice to let me stay." Orion nodded; the Grandmaster was indeed a very kind individual. "You should be glad that was the only wave—" Without warning, a gargantuan hammer fell through a portal, followed by a godly figure surrounded by white light. His abs were rock-hard, and his biceps were nothing to scoff at. His red eyes flashed at Echo. Without warning, Echo's eyes glazed over as a whitish light surrounded him, before snatching him away. The god faced him, "My champion seems to have lost his memory. You seem to have imprinted on him the most, I expect your death soon." Orion felt a shiver down his spine as the god left with a flurry of bright light.

A downward slash, a block to the top, a quick parry, a riposte, and a lunge. With clunky movements, his opponent did not know how to use a sword, yet it seemed his mind had no more influence on his body. Orion danced to the rhythm of battle, sparks flying between his and Echo's sword as they parried. A smile fixed on his face, hacking and sliding through defences like a slippery snake, while the god was strong, he had no power over the mortal realm. Skills he had honed for battle, to the point of perfection, the assassin skills he had spent the better part of the year training were useless. Echo leapt back; his hood pushed up slightly revealing a pair of glazed blue eyes. Orion quickly slid away as his opponent's hand cut an arc in the air, a blade of blue light impregnated with spiritual energy gathered following his palm. Orion raised his sword for a deflection, but he leapt away

at the last second. Damn, he thought. His sword was useless in long-range combat. His abandoned sword was cut like a knife through butter by the light but thankfully neutralized the energy in a shower of shadowy shrapnel. Nobody bothered to dodge the trivial spikes of darkness, far more interested in waiting for either side to engage. Orion paused, his hands gathered a sphere of darkness, and it exploded into a blinding void. Orion chuckled, as he readied his newly created bow. "Welcome to my domain". With a swish of a bowstring, three arrows, camouflaged by the darkness flew towards his enemy. Yet before any of the arrows could get in range, a white glow zoomed across the darkness of the shrine they were battling in, ridding the void of all the arrows. However, the distraction had given Orion all the time he needed. As soon as the blue-eyed man's retinas got used to the light again, Orion descended upon him, his bow split into twin razor-edged daggers, Orion growled in impatience as his attack missed by an inch. His enemy looked rattled at the near-death scenario, having dodged at the very last second. They had jumped back, a blue glow on their arms as they punched Orion away. Orion grunted as he blocked the attack. It was time to get serious. Orion fired a volley of arrows. The plain arrow visage began its metamorphosis within the blink of an eye. Erebus was a fascinating spell, its structure built for assassination and sabotage. Within a few hours, Orion woke up. It was midnight, the moon glimmering through the hole in the roof. The darkness reinvigorated Orion's energy. He looked around. Echo was mumbling in his sleep, a childlike behaviour unlike when he was possessed because of the war between Men and God. Cruel acts like these were commonplace. Echo looked as if he was a child when he was taken in as a champion. Hopefully, he could live a free life now. Yet as Echo woke up near him, the god decided to take no chances with them. Orion felt his eyes widen as the ground rumbled below him, their battle had started the delicate defence mechanism in the shrine. Without warning, a crack occurred on the floor, and a green dragon flew through, impacting Orion and Echo, and causing them to fly through the air. Orion closed his eyes, "I guess this is the last of me..." He found himself and Echo falling into a ravine. It seemed to be never-ending like the darkness that started to surround them. It grew wider as they fell, the rocks and stones no longer visible.

Orion lost consciousness...

WORLD CLASS INVENTIONS

Most people are familiar with the four inventions of ancient China: papermaking, gunpowder, printing, and the compass, but fewer people are aware that there are world class inventions in Traditional Chinese Medicine (TCM) as well. TCM is a medical system used to treat, diagnose, and prevent illnesses over thousands of years. It includes cupping, acupressure, moxibustion, Tui Na, and many more. Let's explore the magnificent and honourable contributions of China within the realm of TCM, specifically the inventions of artemisinin and acupuncture.

Artemisinin Achievement

The 2015 Nobel Prize in Physiology or Medicine was awarded to Professor Youyou Tu for her key contributions to the discovery of artemisinin and the qinghao extract, which have saved millions of lives and represent one of China's influential contributions to global health.

History

Artemisinin, the active substance of the qinghao extract for preventing malaria, was discovered during the Chinese 'Cultural Revolution' in the 1970s. Malaria has been an extensive and damaging disease with global influence since ancient times. The first use of artemisia, also known as qinghao, with its active ingredient as artemisinin, was first used in the Eastern Jin Dynasty (317-420 AD), but people didn't know it could defend against malaria. As malaria became more severe from the late 1960s to the early 1970s, over 380 extracts sourced from approximately 200 herbs were collected and tested with unsatisfactory results. Despite many failures, the qinghao extract, having artemisinin as its active substance, had promising results in one of the most important breakthroughs in the process to prevent malaria.

How it works

Once the juice of Artemisia annua, the source of the antimalarial drug artemisinin, is consumed, artemisinin spreads throughout our body, killing malaria parasites and viruses that are common worldwide, including SARS-CoV-2 and common cancers such as breast cancer and lung cancer.

Risks

Although there are many benefits, artemisinin has multiple risks, including skin rash, nausea, vomiting, tremors, and liver issues. However, the chance of experiencing minor side effects is around 0.9%, which means that less than one in a million people will suffer from its risks.

Conclusion

Artemisinin, a drug-resistant medicine recommended as malaria's first line of defence by the World Health Organization, has saved millions of lives around the world, especially in Africa. In fact, this notable invention is considered to be one of the most important breakthroughs in medicine in the 20th century, and because of it, 12 countries, including China, are now malaria-free as confirmed by the World Health Organization. Research is also continually conducted by scientists to enhance artemisinin production.

Acupuncture History

Acupuncture, one of the oldest practices of treatment in traditional Chinese medicine, is believed to have begun in China. In the first half of the 1st century AD, people began discussing that acupuncture's effectiveness depended on the time, the lunar cycle, and the season. Other beliefs stated that the human body had a rhythm, and acupuncture had to be applied at the right place to be effective. Sometimes, the imbalance between Yin and Yang was believed to be the cause of diseases. In the mid-7th century, Sun Simiao created charts and diagrams that provided more standardised methods for finding acupuncture sites. He also categorised acupuncture sites in a set of modules. Acupuncture became more popular in China as improvements in paper led to the publication of more acupuncture books. The public also learned stories about royal members having their diseases cured by acupuncturists. By the time the Great Compendium of Acupuncture and Moxibustion was published in the late 7th Century, most acupuncture practices currently used had been established.

How it works

Acupuncture involves inserting thin needles into the body to balance a life force called Qi, which can help with chronic pain and various other health issues. Inserting needles at the right place and penetrating through 361 points can allow energy to flow in balance, while the activity of sensory neurons, also known as receptive fields, can also be affected. It can also increase blood flow to different parts of the body, resulting in various pain relief.

What happens during a session?

During a typical acupuncture session, multiple activities are conducted. Firstly, the acupuncturist will assess the individual's medical condition before inviting them to sit or lie down for the treatment. Secondly, five to twenty single-use and disposable needles are inserted typically at the back of the individual's body. In this stage, the individual may experience a number of aches. After twenty to sixty minutes, the needles will be removed and disposed of, and the procedure ends. After around eight to twelve sessions, minor health issues typically improve.

Life-changing success

A woman who had struggled for twenty-two years trying multiple therapies and learning that she might not be able to walk for the rest of her life experienced a life-changing transformation when she met an acupuncturist. The acupuncturist conducted weekly acupuncture sessions with her for a few years, and as a

NEW TALES OF CHINA'S INVENTIONS

Most people know the famous four inventions of China, but they don't realize that so were many other things we use today, from noodles to ketchup. The Chinese tried out different economic systems and invented the first paper money more than 1000 years ago, and the compass was developed over many centuries!

In the past few years, with the pandemic going on, China still invented mind-blowing things!

From the fastest car to glasses that help blind people "see"! Now, let's talk about the short history of the smart glasses giving audible information of visual data to the blind ones. Unlike Google

result, she could now walk with a walking aid, which is nothing short of a great miracle.

Risks

While acupuncture offers numerous benefits, it does come with potential risks such as bleeding, bruising, soreness, infection and imbalances in blood flow. However, a prospective, observational study indicates that only approximately 10% of patients encounter mild and temporary adverse effects after acupuncture.

Conclusion

Acupuncture, as a supplemental therapy, has transformed the lives of many in recent years. This notable invention is considered to be an ancient Chinese medical treatment for relieving pain, curing diseases, and improving health. Ongoing research by scientists continues to enhance the understanding and practice of acupuncture.

World class invention

Traditional Chinese Medicine boasts world class inventions that have made significant contributions to healthcare. It has a deep history and is still popular around the world. It encompasses various traditions and has evolved into a comprehensive medical system that is not only popular in China but also in other parts of Asia and the Americas.

glasses, AngelEye - the smart glasses, is a pair of extraordinary wearable tech that allows blind people to navigate their world through the use of AI and sensors, pretty similar to that used in autonomous car. It is also the most versatile and advanced all-in-one device for people with visual impairment. Designed to move seamlessly with the wearer through daily life, it offers best visual acuity whether sitting reading, commuting to work, or exploring a new place. In 2016, China rolled out its first model of "Smart Glasses" for the visually impaired. The technology was the first of its kind to combine both navigation and recognition functions. While most people who are visually impaired rely on guide dogs and guide sticks to assist them in their daily routine and travel,

but these state-of-the-art glasses are providing a new option for the blind ones!

Besides the smart glasses, China still wasn't satisfied, so they invented a 3D printer that can print 10 full sized houses in a day. Later in 2016, construction company Hua Shang Tengda built a 3D printing machine and printed a 400-square-meter, two-story house in a mere month and a half! A study shows that the house will at least last 100 years! Although some people think that the house might be unstable, the study shows that the main pros of a 3D printed home are the opportunities for new designs, reduced costs, and fewer construction errors! On the other hand, a 3D printing company in China called Winson used their 3D printer and printed "The Office of the Future" in Dubai, and many other 3D printed houses in China. All in all, this leads to a more efficient construction industry, and the advancement of the technical skills of future engineers.

After inventing AngelEye the smart glasses, and the 3D printer, China didn't slow down. They again invented high-speed rail technology! The high-speed rail (HSR) network in the People's Republic of China (PRC) is the world's longest and most extensively used, with a total length of 42,000 km (26,000 mi) by the end of 2022! The HSR network encompasses newly built rail lines with a design speed of 200-350 km/hour! China's HSR accounts for two-thirds of the world's total high-speed railway network! Let's talk about the history of this HSR network. This high-speed railway network planning started in the early 1990s under the leadership of Deng Xiaoping. In December 1994, the state council commissioned a feasibility study for the line. After that, high-speed rail has developed rapidly in China since the mid-2000s. China Railway High-speed was later on introduced in April 2007 and the Beijing-Tianjin intercity rail, which opened in August 2008, was the first passenger-dedicated HSR line. Currently, the high-speed railway extended to all provincial level administrative divisions and Hong Kong SAR, with the exception of Macau SAR.

Now, let us share more interesting facts about the HSR line. The Beijing-Kunming high-speed railway is a 2,760 km (1,710 mi) long syntagmatic railroad line and is the world's longest high-

speed railway line in operation. The Beijing-Shanghai high-speed railway has the world's fastest operating conventional train services. The Shanghai Maglev is the world's first high-speed commercial magnetic levitation line, whose trains run on non-conventional tracks and reach a top speed of 430 km/hour (267 mph). In 2020, China started testing a maglev prototype train that runs at 600 km per hour (373 mph) and planned a 2025 launch date.

Talking about Chinese inventions, we have to mention the recently announced - the world's first unmanned air taxi. It flew commercially in Anhui, China. The air taxi uses the world's first EHang intelligent EH216-S unmanned aircraft that has obtained an airworthiness certificate. It can fly continuously for about 30 minutes, with a maximum flight altitude of 120 metres and a flight speed of 10 metres per second. The air taxi can carry up to two people and flies using 16 propellers powered by pure electricity. The most prominent feature is that it can achieve unmanned driving. The entire process is connected to the ground command centre via a 4G or 5G network, and ground personnel perform various operations on the aircraft. In order to carry more passengers and have a wider range of applications, many countries are actively developing unmanned air taxis, and China is the first country in the world to launch commercial flights of "air taxis" with unmanned aircraft. The unmanned aircraft is reported to cost more than two million yuan. It is currently mainly used for aerial tours of Logang Park in Hefei. In the future, it can realise straight-line air transportation, such as transportation to airports, train stations or important areas. Air taxis do not require a driver or safety officer, and there is no need for passengers to do anything. The flight routes are all set in advance. As long as you select the destination and execute the take-off command, the aircraft will automatically fly to the destination. Its aircraft has more than 42,000 safety test flight records in 14 countries around the world, which fully guarantees its comfort and safety.

Overall, China is a very popular country, and their inventions are mind-blowing. From high-speed railway technology to giving the visually impaired ones a chance to open their world! It's just amazing! I hope that China will have more inventions to give the disabled a better life.

《小貓的皮球》

王婧潼 (1B)

今天放學後，我和小兔在河邊開心地玩皮球。我們把球拍來拍去，玩得非常興奮！

突然，小兔用力把球一拍，球就掉進河裏了。我擔心地說：「啊！怎麼辦呢？」

看着水中的皮球，我急得哭了起來。這時，小烏龜鑽出了水面，溫柔地對着我們說：「發生甚麼事啊？」我着急地說：「我們的球掉進水裏了。」小烏龜笑着說：「別擔心！不用哭，我會幫你們把球推回來的。」我們馬上感激地說：「麻煩你了，有你幫忙真好！」

最後，小烏龜一邊慢慢推着皮球，一邊游到岸邊。我和小兔子高興地跳了起來，興奮地對小烏龜說：「小烏龜，謝謝你的幫忙！」小烏龜說：「別客氣！」我們都感到很快樂！

這個故事讓我明白到當別人有困難的時候，我們要盡自己所能去幫忙。

今天下課以後，我和好朋友小兔子一起到河邊玩皮球。我們拿着球拍來拍去，玩得格外開心！

忽然，小兔子用力一拍，把球打進了河裏。我擔心地說：「哇，怎麼辦呢？」看着球在水中漂浮，我不禁哭了起來。

這時，一隻可愛的小烏龜游了過來。牠溫和地對我們說：「別擔心，我來幫你們把球撿回來吧！」小兔子感激地說：「小烏龜，謝謝你願意幫我們！」

小烏龜開始慢慢地游向球，用頭把球慢慢地推回到岸邊。不一會兒，球終於被牠推到了我們面前。我和小兔子高興地對小烏龜說：「烏龜大哥，太感謝你了！」小烏龜臉紅紅地說：「不用客氣，這對我來說很簡單啊！」

從這件事，我學到了我們要盡自己所能去幫助別人。小烏龜真好，願意花時間來幫助我們，真是太棒了！

放學後，我和好朋友小兔在河邊玩皮球。我們把球拍來拍去，你傳給我，我拋給你，高興極了！

忽然，小兔用力一拍，不小心把球掉進河裏去了。我擔心地說：「哎呀！怎麼辦呢？」

我看着浮在水面上的的皮球，急得快要哭出來了。這時，小龜出現了。他慢吞吞地問我們：「發生甚麼事了？」小兔難過地說：「我不小心把球拍到河裏了。」小龜很有自信地說：「別擔心，我來幫你們！」聽到小龜的話，我們都平靜下來了。

最後，小龜慢慢地一邊游，一邊用力地推着小球到岸邊。我們高興地一起大聲說：「謝謝你！」小龜說：「別客氣，我們一起玩球吧！」

早晨，小貓在公園裏遇見了好友小烏龜，牠送給小貓一個又大又圓的氣球。小貓舉着氣球在公園裏蹦蹦跳跳，高興極了！

突然，小貓聽見「嘯」的一聲，風箏的繩子斷了。氣球已經隨風飛向天空。小貓焦急地說：「啊！怎麼辦呢？」

看着樹上的氣球，小貓不知道該怎麼辦。這時，小鳥出現了，溫柔地問小貓：「發生甚麼事了？」小貓難過地回答：「我的氣球飛到樹上卡住了。我太矮，拿不到氣球，不知道怎麼辦才好。」小鳥聽了，笑着說：「別擔心，我有信心把氣球取回來。」小貓擦了擦眼淚說：「你一定要幫我把它取回來，那是我最心愛的氣球呀！」

接着，小鳥慢慢地一邊飛下來，一邊把氣球銜在口中，還給了小貓。小貓高興得跳起來，對小鳥說：「謝謝你啊！要是沒有你，我心愛的氣球可能會飛到大氣層那邊去呢！」小鳥不好意思地說：「別客氣啦！能幫助到別人，我也很高興呢！」

最後，小貓和小鳥成為了好朋友。

小息的時候，同學們都會在課室裏進行各種不同的活動。

我看到文文和明明在專心地看圖書，他們的表情很認真，一定是學到不少新知識。旁邊的晴晴和小立在吃新鮮多汁的水果，讓我口水直流。而我就想睡覺，於是就趴在桌上休息了一會兒。

同學們都做自己喜歡的事情，這樣的小息時間真是太棒了！

聖誕節假期終於來到了。我們一家人去了澳門玩耍，開心又難忘！

首先，我們坐船到達澳門。下船後，我們參觀了很多有趣的地方，比如巴黎鐵塔、官也街和漂亮的巴黎人酒店。酒店裏面有很多好玩的設施：游泳池、大大的兒童遊戲室，還有一個會轉來轉去的旋轉木馬，我們在這裏玩得很盡興！

晚飯後，我們一家人在美麗的公園散步。我看到掛在天空中明亮的月亮，還聽到樹上的貓頭鷹發出「鳴—鳴—鳴—」的叫聲。最讓我難忘的是我在酒店的扭蛋機裏，扭到了一隻超可愛的小熊！

這次旅行真是太令人興奮了！希望下一個假期可以到其他地方旅行。

我們在深圳逛街和吃美食，還去了很多有趣的地方參觀。爸爸媽媽買了很多漂亮的紀念品送給我，我開心極了！

《我的假期》

陳博裕 (1B)

每到放假的時候，我們一家人就會出去旅行。去年的聖誕假期，我們來到了日本首都——東京遊玩。

第一天，我們欣賞了妹妹的音樂比賽。現場的氣氛緊張又熱烈，妹妹參加了大提琴比賽，並獲得了銅獎。我們都為她感到自豪！

後面的幾天，我看到了美麗的富士山，乘搭了新幹線。在東京郊區玩雪的時候，我堆了一個萌萌的雪人，然後就和家人一起打雪仗，我們玩得很開心呢！

整個旅程中，我不僅看到了很多優美的風景，還品嚐了熱騰騰的日式拉麵，味道鮮美可口，讓我回味無窮。

我的聖誕假期真精彩！希望還有機會再去日本旅行。

《探望生病的媽媽》

李盼淳 (1D)

今天早上，我到仁心醫院探望生病的媽媽。

我輕輕地走到媽媽的病牀前，溫柔地說：「媽媽，請吃三明治！」媽媽立刻開心地說：「謝謝我親愛的寶貝！」媽媽又摸着我的頭說：「寶貝兒，你真乖！」

聽到媽媽的話，我感到溫暖和幸福，希望媽媽早日康復！

《郊遊樂》

鄧朗翹 (1A)

今天真是太棒了！

早上，爸爸開車帶我和好朋友到郊外玩耍。我和羽羽手牽彩色的風箏，讓它在藍天白雲中高飛。好看極了！

可愛的妹妹和明明坐在柔軟的草地上，一邊開心地吃着美味的三明治，一邊看着旁邊的小朋友們蹦蹦跳跳地玩跳繩遊戲。

我覺得今天真是又好玩又難忘呢！

《郊遊樂》

鍾逸賢 (1A)

在一個晴朗的星期天，媽媽帶我和姐姐到郊外野餐。

美麗的郊外，到處都是快樂的小朋友。我看到有些小朋友在放風箏，五顏六色的風箏在藍天白雲下越飛越高；有些小朋友在草地上跳來跳去，看起來十分有趣！

我和姐姐坐在柔軟的草地上，吃着媽媽做的三明治，喝着清涼的果汁。真是太舒服了！

今天的郊遊真是又好玩又難忘啊！

《中秋節猜燈謎》

莫梓喬 (2A)

中秋節的晚上，爸媽和我到公園參加中秋晚會。

我好奇地走到一個燈籠面前，仔細地看了看謎題，入神地想了很久，也沒能想出答案。我越想越苦惱，決定去請教爸爸媽媽。我急切地問道：「你們能給我一些提示嗎？拜托了！」爸媽微笑着回答說：「牠屬於小型爬行類動物。」我心裏頓時有了答案，興奮地說：「是……」爸媽摸着我的小腦袋，欣慰地說：「你真是個既好學又愛動腦筋的孩子！」我興高采烈地跑去服務區，將謎底快速遞給職員，說：「請查看答案。」職員轉身從眾多禮品中取出一隻呆萌可愛的毛茸兔，說：「恭喜你得了中秋晚會的大獎！這隻小兔子歸你啦！」我高興得跳了起來！

回家的路上，我緊緊地抱着這隻來之不易的小兔子，心想：我一定要好好珍惜這份別具紀念意義的禮品！

《中秋節猜燈謎》

王若男 (2C)

中秋節晚上，爸媽帶我和姐姐到沙田公園裏參加中秋晚會。那裏人山人海，到處都是閃閃發光的花燈，熱鬧極了！

首先，我好奇地拿起其中一道謎題，上面寫着：胖乎乎，圓滾滾，不吃肉，只吃筍。我被難住了，心想：這到底是甚麼呢？我絞盡腦汁還是不得要領。

接着，我只好謙虛地向爸媽請教。爸媽微笑地回答：「牠可是我們的國寶喔！」我恍然大悟，原來是熊貓。我開心得跳起來。

最後，我滿心歡喜地把答案遞給服務區的工作人員。阿姨笑瞇瞇地誇獎我：「你真棒！這是你的獎品。」我雙手接住可愛的小兔子，心裏樂滋滋的。

我愛中秋節，更愛猜燈謎。

《中秋節猜燈謎》

黃傲晴 (2E)

中秋節晚上，爸媽帶我到沙田公園裏參加中秋晚會。那裏人山人海，到處都是五光十色的花燈，熱鬧極了！

首先，我拿起一個又可愛又美麗的獅子花燈，上面寫着「大口包小口」。我站在花燈前，思考了很久，仍想不出答案。

接着，我焦急地找爸媽請教。爸媽異口同聲地說：「你要做一個好學的小朋友，一定不可以遇到困難就叫大人幫忙。要自己動動腦筋思考一下。」突然，我靈機一動，想出謎底。當我講出答案時，大家露出滿意的笑容，還稱讚我了。

然後，我歡天喜地走到服務區，向職員說出答案就換領到禮物了。

最後，我緊緊地抱着可愛的布娃娃，我一定會好好珍惜它。我滿心歡喜地回家去。我們過了一個又特別又難忘的中秋夜。

《我記錯日期了》

黃煒皓 (2B)

今天早上的六點，我在牀上賴牀，我的鬧鐘響了，鈴鈴鈴！我心想：如果可以不用上學就好了，我就可以多睡會兒了！

首先，我走到洗手間一面刷牙，一面想：如果今天是星期天，我就不用上學了。

接着，我在飯廳一邊吃美味的三明治，一邊想：如果昨晚早點兒睡就不會這麼累了。我趕快地喝完牛奶和果汁，就去換校服。

最後，出門的時候，我看到日曆上寫着今天是星期天，原來我記錯日期了。這件事讓我明白到以後要看清楚日曆上的日期，不要再記錯了。

《我記錯日期了》

郭威涵 (2D)

一天早上，我聽到我的鬧鐘響起來。看見鬧鐘上寫着六點，我很想賴牀，但是我心想：如果我賴牀的話，那就上不了學。

首先，我懶洋洋地去洗手間刷牙洗臉，我只刷了兩次，就開始洗臉了。

接着，吃早餐的時候，我想：如果昨晚早點睡，就不會這麼想回到牀上了。我真的很後悔昨晚沒有早點睡覺。

最後，出門的時候，我才看到日曆上寫着今天是星期天。我想：如果今天是星期天，怎麼鬧鐘會發出聲音呢？我感到很後悔，為甚麼自己會記錯日期了。通過這件事，我明白了以後要看清楚日期。

《放風箏》

梁睿朗 (2B)

一個晴朗的早上，藍藍的天空中漂浮着一片片白雲。我放的風箏一不小心卡在樹枝上。我焦急得像熱鍋上的螞蟻一樣，坐在長椅上孤單地哭泣。

這時候，一位路過的男孩聽到了我嗚嗚的哭聲。他走來關心地問我：「小妹妹，你發生了甚麼事？需要我幫助你嗎？」我一邊點點頭，一邊指着樹上對大哥說：「我剛才放的風箏，絲線突然卡住在樹上，你可以替我拿回來嗎？」他溫柔地回答：「沒事！不要害怕！我嘗試吧！」我感到有些緊張，但心裏還是鬆了一口氣。

接着，大哥哥不停地東張西望，在綠油油的草叢中發現一根禿禿的樹枝，便拿着它不斷地往樹上撥弄。但風箏仍然不能掉下來，因為他不夠高。我提議他不如站在長椅上。終於，他順利地把風箏拿下來，我們興奮地大叫起來！我很感激他把我緊張的心情安定下來。

最後，我邀請他一起放風箏。我們度過了一個愉快的上午。我明白當遇到困難時，不要放棄，要想辦法解決。

《放風箏》

陳樂兒 (2E)

這是晴朗的一天，蔚藍的天空中漂浮着一朵朵棉花糖似的白雲。我在公園裏開心地放風箏。突然，我的風箏卡在了樹枝上。我焦急得像熱鍋上的螞蟻一樣，難過地坐在長椅上哭泣。

這時候，一個路過的男孩走過來，問道：「你為甚麼哭呀？」我指着書上，傷心地對大哥哥說：「我心愛的風箏卡在樹枝上了！」大哥哥一邊溫柔地安慰我，一邊努力地幫我想辦法拿回風箏。

接着，大哥哥靈機一動，他東張西望，在密密麻麻的草叢中發現一根長長的樹枝，大哥哥用樹枝往樹上撥弄，但還是拿不到。因為不夠高，所以我就提議哥哥不如站在長椅上試試看。

最後，大哥哥順利地把風箏拿了下來。我真的很感激大哥哥。我還邀請他一起放風箏呢！我們在開闊的草地上愉快地放風箏。經過這件事情，讓我明白到遇到問題的時候，應該冷靜地想辦法解決問題。

《過新年》

汪祉辰 (2A)

年三十晚，我、媽媽、爸爸和妹妹正在吃美味的年夜飯。我們吃得津津有味。年夜飯上有香噴噴的魚，寓意年年有餘，還有很多很多好吃的。我感到很開心。

吃過年夜飯後，我們一家人去年宵市場逛一逛。那裏人山人海，設立了很多攤位。妹妹說她想要一個可愛的小熊氣球。於是，爸爸給妹妹買了一個小熊氣球，給我買了一串金閃閃的金元寶。我說：「真熱鬧！」我聽到老闆的叫賣聲。琳瑯滿目的商品真美麗！

接着，媽媽買了香氣洋溢的年花，有：水仙花、年桔、桃花和五代同堂果。我心裏喜洋洋的。我捧着芬芳撲鼻的水仙花。我說：「水仙花很漂亮呀！」爸爸說：「是的。」

回到家裏，我和妹妹裝飾桃花。我們都期待紅包的到來。家裏一片喜氣洋洋。媽媽拿出湯圓，爸爸則把錢裝進紅包裏。我一下感到非常幸福。我明白到與家人一起度過美好的時光是多麼幸福的事情。

《遠足》

黃浚哲 (2D)

星期天的下午，爸爸、媽媽和我一起出發去遠足。我們都很興奮！

到了遠足徑後，我們一面看風景，一面說說笑笑，往前走。我看見有五顏六色的花兒，有翩翩起舞的蝴蝶，還有勤勞的小蜜蜂。媽媽說：「這裏的風景真美啊！」爸爸說：「空氣也很清新。」我一邊點頭，一邊心想：和爸爸、媽媽去遠足真愉快！

接着，我們走了一個多小時之後，我們都感到累了，就坐在路邊的大樹下休息。我感到口渴，坐在石頭上，掏出水壺大口大口地喝起水來。媽媽擔心地說：「女兒，慢慢喝，不要噎到了！」爸爸點點頭，我心想：我們已經走到這裏了，我還有力氣走到山頂嗎？我不開心，因為我已經很疲倦，不想再走了。

最後，我們終於在下午走到山頂了！爸爸幫我和媽媽拍照留念。我說：「我們終於到達山頂了！」我心想：哇！這裏的風景太美了！我又激動又難忘。我學到不能半途而廢，要堅持的道理。

《遠足》

彭梓芊 (2D)

秋高氣爽的早上，爸爸、媽媽和我背着包，興高采烈地跟着地圖出發，開始遠足啦！我感到很興奮！

最後，我們終於順利地到達山頂了。我說：「終於到達山頂了！」爸爸幫我們拍照留念呢！我感到又激動又難忘。在這次的經歷裏，我學會了不要半途而廢。

《難忘的一天》

卓詠蕎 (2B)

早上，我和其他乘客在巴士站等候巴士，可是巴士遲遲沒有來到。我一面看着手錶，一面想：巴士甚麼時候才來？我感到很焦急。

然後，我上了巴士，拿出八達通拍卡時，忽然聽到刺耳的聲音。原來我的八達通卡不夠錢付車費了。我感到又擔心又緊張。我想：上學快遲到了！怎麼辦啊！

這時，陳老師看見我車錢不夠，於是掏出了一枚硬幣給我，讓我付車費。陳老師說：「不用慌張，我幫你付車費吧！」陳老師向我微笑。我連忙向陳老師道謝說：「謝謝陳老師！」路上，我想：陳老師真友善啊！我感到很愉快。

最後，我終於順利地回到學校。小息時，我取了一張美麗的卡片，在課室寫了一張感謝卡向陳老師道謝，卡上寫着：「陳老師，謝謝你！」

經過這次經歷，我明白到出門前要檢查清楚隨身物品，不要忘東忘西的道理。

《難忘的一天》

黃子穎 (2C)

今天早上，我在巴士站等待巴士，我看着手錶心想：巴士甚麼時候才來？我很擔心上學會遲到。

巴士終於來到了，上車後，我迫不及待地掏出八達通付車費。忽然，「嘟——」的聲音響起，我發現八達通餘額不足。我驚慌失措，因為我沒有帶現金付車費。這時，我看到我的中文老師陳老師，她看到我有困難，走過來對我說：「不用慌張，我這裏有零錢，我幫你付款吧。」我感激地說：「謝謝您！」

回校後，小息時，我寫了一張感謝卡給陳老師，上面寫道：「陳老師，謝謝您！」我把感謝卡送給陳老師的時候，她說：「你真是一個好學生。」

經過這次的教訓，我明白到凡事要做足準備。

《難忘的一天》

李敦靖 (2C)

今天早上，我在巴士站等巴士。我想：巴士甚麼時候才來？我低頭看看手錶，想：唉！我快遲到了。我感到很焦急。

終於，車來了！我上車後立刻拿出八達通卡付款，誰知「嘟——」一陣刺耳的聲音響起，我一看，原來是我的卡餘額不足，不夠錢付車費，我的心裏更是着急，因為我沒帶現金。我更驚慌失措了。

幸好陳老師也在車上，她說：「不要慌張，我這裏有。」我聽到後，微笑着向她連聲道謝。

我到了學校，親手寫了一張感謝卡，上面寫着：陳老師，謝謝你！

我發自內心感激陳老師，她那雪中送炭的行為，讓我明白要熱心助人的道理。同時，我也告誡自己凡事都要小心謹慎，檢查好物品再出門，避免再次發生同類事件。

《一次幫助別人的經歷》

謝謙佑 (3A)

在一個萬里無雲的早上，我和爸媽不慌不忙地吃過美味可口的早餐後，便因為想要親近大自然，所以決定出發到沙田郊野公園遊玩。

我們興高采烈地乘車到達目的地。這裏除了山明水秀，鳥語花香，還有各式各樣的遊樂設施，例如：足球場和羽毛球場。正當我們玩得萬分高興時，我們聽到了一陣微弱的哭聲。我們循着聲音看去，便看到遠處一個小女孩正在不知所措地哇哇大哭着。我心想：我怎麼可以對一個弱小的小女孩無動於衷，袖手旁觀呢？於是我想也沒想，就走到女孩的面前問她發生了甚麼事情。

小女孩吞吞吐吐地回答：「我……我迷路了！」我和爸爸便陪着他去尋找他的父母。我們邊走，邊呼喚他們的父母。最後，我們在沙田車站找到了小女孩的媽媽。她的媽媽才鬆下緊鎖的眉頭，擁抱着小女孩。我看到她們團聚的情景，就眉開眼笑。小女孩的媽媽轉過身來，對我們說：「謝謝你們！」我回答：「舉手之勞！」

經過這件事，我明白了助人為樂的道理，我要做一個心地善良的好孩子！

《一次幫助別人的經歷》

翟珀醇 (3B)

每當我經過老人院，便會想起一次我幫助別人的經歷。

午息時，我一如以往，和同學到操場打籃球。忽然，我們從不遠處聽到哭聲，便放下籃球，立刻向傳來哭聲的方向走。

走啊走啊，才發現原來有個小朋友坐在地上，雙手流血。我上前安慰小朋友，並問他發生了甚麼事情。小朋友結結巴巴地告訴我：「當我心花怒放地玩耍時，一個籃球打到我……」話還未說完，他的淚水已經像雨點流下來了。我掙扎了一會兒：只有我們在打籃球，是我們打到他吧！我二話不說，立刻跑到教員室找老師協助了。

我不好意思地回到操場，並跟老師的指示把小朋友帶到醫療室，讓簡姑娘替小朋友檢查傷口。我跟小朋友說明事件的來龍去脈。最終，他原諒了我們。

回到操場時，老師稱讚我們，說：「醇醇，你不但幫助別人，還勇於承認錯誤，做得好！」我的心裏樂滋滋。

從這次經歷，我學會了要勇敢承認錯誤和樂於助人的道理。

《到超級市場購物的經過和感受》

王安之 (3C)

上星期六中午，爸爸、媽媽和我到石門超級市場辦年貨，準備迎接農曆新年！

超級市場人山人海，十分熱鬧。貨架上放滿了美味可口的賀年食品，有果仁，有瓜子，還有我最愛吃的糖果，琳瑯滿目！

我們一家來到糖果區選購賀年糖果。然而，當我們在購物的時候，卻發生了一件令我十分慚愧的事。我因為過於興奮，上竄下跳的時候不小心碰倒了三大箱糖果。結果，產生了「骨牌效應」——整排貨架的東西「呷——！」一聲全都掉了下來！路人看到後都紛紛睜大眼睛，目瞪口呆地看着惹出禍的我。頓時，我感到又慌張又尷尬，不知所措地望向不遠處的爸爸媽媽。

爸爸媽媽連忙走過來，輕聲道：「沒事的，現在需要把這些糖果物歸原位，然後向工作人員道歉吧！」於是，我把散落滿地的糖果逐件逐件拾起來。幸好，超市經理不但沒有責罵我，還好心地幫忙收拾。

這次難忘的經歷讓我感到十分慚愧！但是我學會了下次購物時，一定要加倍小心，走路時也不要那麼大動作。我意識到了做錯了事情要主動負責任，做個知錯能改的人！

《學校旅行日》

吳尚昕 (3B)

一個陽光普照的早上，我吃完早餐便匆匆忙忙地走到學校。由於今天是一年一度的學校旅行日，我感到非常興奮。

我們登上旅遊巴去沙田公園，旅途上，有些同學說說笑笑，有些同學在看風景。不一會，我們便來到達沙田公園。

一踏進公園，我看到一片綠油油的草地，還有很多彩色繽紛的花朵正在盛開，蝴蝶在花間中飛舞。我聽到小鳥在樹上唱歌，還聽到同學的歡聲笑語，真令人感到心曠神怡呢！老師帶着我和同學們在草地上放上野餐墊，把食物拿出來，有薯片、梨子、果汁等，大家都吃得津津有味！

接着，有些同學參加集體遊戲，有些同學就自由活動，整個公園頓時變得熱鬧起來。突然，我聽到同學的叫喊聲，原來是志明在玩遊戲時不小心跌倒了。我連忙走過去看個究竟，並關切地問他：「志明，你還好嗎？」志明說：「沒事，只是有點兒擦傷了。」我把他扶到椅子上坐下來，然後去拿藥水膠布。貼膠布時，我看到志明表情有點痛楚，我感到有點兒擔心。幸好，志明很快就沒事了，我便繼續與同學玩耍。

太陽下山了，我們依依不捨地離開沙田公園。今天真是又高興又難忘啊！可是，想起受傷的志明，我學習到玩的時候也要注意安全，不要得意忘形而導致樂極生悲。

《學校旅行日》

錢思穎 (3D)

一個陽光普照的早上，我、同學和老師乘坐校巴來到郊野公園遊玩。下了校巴後，我們馬上排隊跟着老師進入郊野公園。

我們踏進郊野公園，映入眼簾的是盛放的花圃，這裏的花朵色彩繽紛，還有很多蝴蝶在翩翩飛舞，看着如此美景，大家都感到心曠神怡。老師說：「我們開始野餐吧！」然後，我們拿出很多食物，有西瓜、蘋果、梨子，還有牛奶……大家一邊談天說地，一邊品嚐美味的食物。野餐後，我們便收拾東西和垃圾。

當我們把垃圾分類回收後，老師說：「我們現在可以玩集體遊戲或自由活動。」老師說完後，我們便開始玩，同學們有的在追逐，有的在拍照，有的在玩遊戲……

不久，天已經黑了，所以我們要回家了，大家都乘校巴依依不捨地離開。

《學校旅行日》

劉宏羿 (3D)

昨天是一年一度的學校旅行日，我們和老師一同乘坐旅遊巴到笑哈哈公園郊遊。那是一個陽光普照的早上，到了目的地，我們看到色彩繽紛的花朵，像走進了夢幻的童話世界。

到了午飯時間，我們在一大片草地上野餐。我們準備了很多食物，有雪梨、蘋果，還有餅乾。我們一面談天說地，一面享受美食，真讓人心曠神怡。在這片綠油油的草地上，我聽到清脆的鳥語聲，看到五顏六色的蝴蝶飛舞。我感到心情舒暢。

接着，我們進行了一場集體遊戲——「蒙眼遊戲」，真是既緊張又刺激。在「蒙眼遊戲」中，蒙着眼的我要聽從其他同學的指引去完成任務。當我蒙上雙眼時，走起路來踉踉蹌蹌的，聽着四面八方來的聲音，我迷失了方向，在原地來回走了好幾圈，心情異常焦急。這是，我深呼吸了一下，靈機一動，請同學們輪流發言，並從同一個方向發出指令，讓我更容易掌握方向。就這樣，我們好不容易完成了這個任務。從這個遊戲中，我們不但明白了合作的重要性，還提升了彼此的信任度。

隨後，便到了自由活動時間，有些同學選擇追蝴蝶，有些同學則選擇跟朋友談天說地。而我因為四周環境太美，所以找朋友一起拍照留念。真寫意！

經過這次難忘的學校旅行，讓我更喜愛親近大自然。我想明年能再來這裏旅行啊！

《學校旅行日》

沈曉槿 (3D)

在橙黃色的燈光下，我的筆沙沙地寫着今天的家課。其中一份寫作題目是《學校旅行日》，這令我想起一件事……

一個萬里無雲的早上，老師帶我們到海洋公園遊玩。到了海洋公園，我看見五彩繽紛的花兒，又看見各式各樣的動物，真令人大開眼界。我感到十分興奮。

突然，我看見一個錢包，裏面有很多張百元鈔票。我頓時心花怒放，就像中了獎一樣。我心想：我終於有足夠的錢買洋娃娃了。小美說：「錢包不是你的。你不可以把錢據為己有。」於是，我把錢包交給老師。老師摸摸我的頭說：「你真是一個誠實的小孩。」聽完這句話，我心裏暖呼呼的。

到了自由活動的時間，我和小白一起玩耍。本來像一隻兔子在蹦蹦跳跳的我，一不小心，我便被石頭絆倒，應聲摔倒在地上。我頓時不知所措，只見膝蓋滲出絲絲血跡，疼痛隨之而來，我的眼淚在眼眶內翻滾，眼看四周都沒有人在，我心裏既緊張又徬徨。這時，忽然聽到遠處有一把聲音傳來，「你怎樣？你還好嗎？」小白跑過來扶起我。陳老師也隨之跑來查看我的傷勢。陳老師說：「幸好你只是擦傷了，沒有大礙。」陳老師替我貼上膠布。我微笑地說：「你們不要擔心，我沒事！」我心裏不再徬徨，只有對陳老師和小白的感激之情。

不知不覺下午三時了，我們踏着愉快的腳步回家去。經過這件事，我學會了要誠實，不要貪心，還學了「助人為快樂之本」的道理。

《學校旅行日》

陳詠琛 (3D)

每當我看到桌子上的照片時，就會想起學校旅行日的情景……

那天早上，天氣晴朗，老師帶領我們到達挪亞方舟。到達後，我們看到有遊樂場、大自然公園……那裏人山人海，有的在興高采烈地玩耍，有的在大自然公園拍照，有的在博物館參觀，十分熱鬧。

首先，老師帶我們到遊樂場玩耍，有滑梯、鞦韆……我們玩得樂而忘返。

午餐時間到了，我們匆匆忙忙地跑去餐廳。我們狼吞虎嚥地吃着香噴噴的午餐，大家都吃得津津有味，感到十分滿足。

突然，我聽到一陣奇怪的「沙沙」聲，有一個男人偷偷地把一位太太的錢包放在自己的袋子裏。我心想：不好了！原來是個小偷啊！我對同學說：「我去找老師和保安，你們站在這裏觀察。好不好？」同學靜靜地點點頭。於是，我像小鹿般飛快地跑去找老師和保安叔叔，並向他們說出事情的緣由。保安叔叔跟隨我來到案發現場，把小偷捉住了。小偷見事蹟敗露，慚愧得面紅耳赤，垂下頭來，不敢正視圍觀的人。那位太太也稱讚我們是個見義勇為的好孩子呢！

最後，我們帶着愉快的心情依依不捨地離開。這件事讓我明白到做壞事的人，總會被人拆穿的。真是又難忘又愉快的一天啊！

《我受稱讚了》

黃思朗 (3E)

在回程的巴士上，我帶着愉快的心情回家了，因為我受稱讚了。

星期六早上，我站在石門火車站的大堂門口，和媽媽一起賣旗。「早安！東華三院賣旗日，請問想要買旗嗎？」我向一位哥哥說。只見他拿了錢包出來，對我說：「你好，請問多少錢，我想買旗。」聽到之後我的內心無比雀躍，因為這是向我買旗的第一位客人！成功地將旗賣給他後，我既害羞又開心地說：「謝謝你！」

媽媽看到我，就跟我說：「你剛剛做得很好！但是有點緊張呢，你先把宣傳語小聲地念幾遍，再向人們賣旗吧！」接着，我不斷地練習我的台詞，直到我說得自然又熟練。之後，我又向一位姐姐賣旗，也成功了！我為自己感到高興，因為變得更加自信了。「做得好！」媽媽稱讚我說。

這一天，我成功賣出了很多旗，籌得很多善款。我學到了凡事要勇於嘗試，不怕尷尬，並且不斷練習，最終會取得成功。

《我受稱讚了》

龐曼盈 (3A)

「盈盈，你真是個樂於助人的孩子！」一想到媽媽的稱讚，我的心便如蜜糖般甜。

今天，烈日當空，驕陽似火。因為大廈停電的關係，所以我和媽媽便到上水商場吃了一頓既美味又豐富的早餐！

我們走進一家裝潢漂亮的餐廳，裏面的空調送來陣陣涼風，媽媽溫柔地為我擦拭額上豆大的汗水。就在我狼吞虎嚥地享用那一桌令人垂涎三尺的早餐時，突然「砰！」的一聲巨響，把我嚇了一跳，我心想：究竟發生了甚麼事？

我扭頭一望，原來有一位老婆婆暈倒在餐廳門口了，我連忙如閃電般衝上前查看她的狀況。我心想：慘了！她的臉色異常蒼白，我們要立刻報警求助！我鎮定地對媽媽說：「媽媽！不如你幫忙報警吧！」媽媽點點頭，立刻拿出手機！

在等待救護員期間，我一面把濕毛巾放在婆婆的額上，一面撥動涼風，希望這樣可以舒緩她的病情。五分鐘後，救護員到了，他們送婆婆去醫院之後，我們便安心地回到餐廳享用早餐。

雖然早餐已經涼了，但我能幫到婆婆，便心滿意足了。媽媽摸着我的小腦袋，稱讚我是個樂於助人的孩子。經過今天這件事，我終於明白「助人為快樂之本」所帶來的喜悅是多麼令人難忘！

《我受稱讚了》

關澄懿 (3B)

星期天的下午，我到荃灣遊樂場參加足球比賽後，拖着疲憊的身軀乘搭地鐵回家去。

當我進入車廂內時，我看見一個空着的座位，便似火箭般飛快地跑去坐下。當我舒舒服服地坐着休息時，一位拄着拐杖的老婆婆走進了車廂。頓時，我的心裏掙扎起來，心想：踢完足球的我已感到十分疲累，我應該讓座給老婆婆嗎？經過內心一番鬥爭之後，我還是想讓位給老婆婆，因為她一定比我更需要這個座位。

接着，我便站起來輕輕地拍了一下老婆婆的肩膀，然後扶她到座位前。老婆婆跟我說：「小妹妹，謝謝你讓座位給我啊！」老婆婆朝我豎起大拇指，稱讚我是個有愛心的好孩子。聽了老婆婆對我的表揚，我害羞得滿臉通紅，。可是心裏卻無比的甜蜜。

下車後，我帶着愉快的心情回家，樹上的小鳥唱起了輕快的歌曲，好像跟我說：「你做得好，你做得真好！」今天真是讓我歡天喜地的一天啊！

經過今天這件事，我明白了「助人為樂」的道理，當中所帶來的喜悅是多麼令人心花怒放啊！

《我受稱讚了》

和思璇 (3E)

今天回家後，我心裏樂開了花，為今天做的事而感到自豪。

回家的路上，我看見一位老奶奶提着一個沉重的菜籃子，我心想：老奶奶的籃子一定很重吧！她一定很辛苦，我應該幫老奶奶！於是，我問外公：「我可以幫那位老奶奶提她的菜籃子嗎？」外公欣慰地點了點頭，誇我是個好孩子。

我上前溫柔地問老奶奶：「老奶奶，您的籃子一定很重，我來幫您提吧！」接過老奶奶的菜籃子後，我心想：籃子真重啊！但我一鼓作氣，把菜籃子抱在身前，使盡力氣，堅持走到老奶奶的家前，才把籃子還給她。老奶奶的臉上露出了讚許的表情。我的心裏甜滋滋的。

我跟老奶奶說完再見後，就回家了。我滿心歡喜地回到家，迫不及待地吧剛才發生的事情告訴了家人，他們都紛紛讚揚了我。

經過今天這件事，我終於明白了「助人為快樂之本」的道理，就是幫助其他人後，心裏會像吃了蜜一樣甜。

《記一次參加學習活動的經歷》

吳爾晴 (3C)

每當我聽見家喻戶曉的《平安夜》，去年聖誕節時舉行的「冬季音樂會」美妙回憶便會湧上我的心頭。

表演前夕，雖然我已經把曲子練習過無數回，可是仍然緊張得如坐針氈，擔心自己上台表演時會五音不全，引來觀眾的嘲笑。我皺起眉頭，雙手不斷發抖，還冒出冷汗。我越想越擔心，更大聲地哭了起來。媽媽聽到了我的哭泣聲，馬上拍拍我的肩頭，柔聲道：「加油！只要把台下的觀眾當成布偶，就可以了。」我抹去淚水，點點頭，記住了媽媽的辦法。

表演當天，我來到學校禮堂，看見周圍高朋滿座，四處鬧哄哄的。我穿上華麗的表演禮服，小心翼翼地走上舞台，台下的目光聚焦在我身上，我頓時面紅耳赤，心裏像住着十五隻兔子七上八下地跳個不停。這時，我記起媽媽的叮囑，嘗試把觀眾幻想成喜愛的布偶。我頓時精神一振，眼神變得凌厲了許多。我和同學們表演得淋漓盡致，就像平時練習時一樣行雲流水。表演結束了，台下的掌聲如雷貫耳。媽媽激動得站起來，豎起拇指，高呼叫好。下台後，我長長的舒了一口氣，接着，我和同學們就開心地歡呼雀躍起來，我的心裏像吃了甜甜的蜜糖一樣，樂滋滋的。

通過這件事情，我學到了「世上無難事，只怕有心人」的道理。我感到無比快樂，猶如一隻正在歌唱的快樂小鳥。

《記一次參加學習活動的經歷》

何悅儀 (3D)

每當我和媽媽看見黏土教室裏美麗的黏土，就想起了上年暑假的往事。那時候，因為我看到同學在黏土教室製作美麗的黏土，所以央求媽媽陪我參加黏土班。

活動那天，我用力地抓住黏土，想搓一個圓形出來。可是由於我捏土太用力，所以把它壓碎了。老師看到後，提點我說：「你太用力了，所以做不出來，不如你試試用工具來幫忙吧！」於是我就小心翼翼地拿出工具來，打算按照老師的方法來做。不過，由於我不懂得怎樣用工具，又不會控制力度，所以有很多形狀都無法做出來。看到別人的製成品時，我為自己的無能感到很失望。

然後，我回想起媽媽的話：「只要多練習，就可以成功了！」於是，我回家後，便先用工具來製作一些簡單的形狀，比如長方形等等。

接着的一個星期，我請教了老師，並虛心學習。老師說要先在家練習手指的力量，再用工具試製作一些形狀。

經過一個月的苦練後，我可以純熟地使用工具，還可以製作一些美麗的黏土呢！我感到很開心。

經過這件事，我學會遇到問題不要放棄，因為放棄不能解決問題。

《一件令我後悔的事》

張佳澄 (4A)

每當我吃梨子的時候，都會想起那一件令我後悔的事。

那天放學後，我看到爸爸的朋友——林叔叔家外種了一棵大梨樹。看着樹上黃澄澄的梨子，我口裏的口水匯聚成河，心想：不如偷摘一顆回家吧！我看見四下無人，又看了看那顆梨子，然後，我快速地把梨子摘下，再把梨子放進書包裏，拔腿就跑回家了。

回到家，我在房間把梨子拿出來。這時，爸爸正巧走進我的房間，他好奇地問道：「這梨子是哪兒來的？」「我……我花錢買的。」我吞吞吐吐地回答。爸爸繼續問：「在哪裏買的？」我只好謊稱是在街上的水果攤買的。爸爸再次追問：「那多少錢一斤呢？現在帶我去看看吧！」最後，紙包不住火，我只能紅着臉，低着頭，老老实實地向爸爸交代真相。

爸爸聽後把我大罵了一頓，然後叫我把梨子還給林叔叔，並且跟他道歉。林叔叔不但原諒了我，還給了我幾個梨子！我拿着梨子一步步走回家，覺得手上的梨子猶如千斤重。

天下事沒有後悔藥可以吃，梨子摘下來就放不回去了。從這件事上，我學會了我們要做一個老實的人，不可以說謊，更不可以惡小而為之，要學會自律。那真是既難忘又後悔的一天啊！

《一件難忘的事》

陳靜凜 (4A)

至今，我仍然記得那件難忘的事。

上星期五，我在馬鞍山體育館練習中國舞。練習後，我感到筋疲力盡，所以一回到家後，我立刻在床上睡着了，因此忘了把舞衣拿出來清洗。

昨天在更衣室準備換上舞衣的時候，我才發現上星期沒把舞衣拿出來洗。我心想：糟糕了！上星期忘了把舞衣拿出來洗，怎麼辦？無奈之下，我只好穿着骯髒的舞衣上課。

上課時，我一邊聽着動聽的音樂，一邊翩翩起舞，但舞衣緊緊黏着皮膚，我感到十分不自在。與此同時，我還發現身上傳出一陣臭味。過了一會兒，一位同學問道：「這是甚麼味道？為甚麼又酸又臭的？」然後同學們開始討論味道出現的原因。我頓時面紅耳赤，不知所措，感到尷尬萬分。

最後，我向大家坦白了：「對不起！我上星期忘了清洗舞衣，所以有一陣臭味……」同學們回答道：「原來是這樣！沒關係！我們跳舞出汗的味道也是有點臭的呢！」

通過這件事，我學會了做任何事情都不要拖延，應盡快處理，否則情況就會變得更加糟糕。

《一件難忘的事》

鍾卓希 (4C)

今天放學後，我和哥哥在睡房裏做功課。突然，「鈴——」電話響起了，哥哥走到客廳接電話。

趁着哥哥到客廳接電話，我像老鼠一樣悄悄地爬上哥哥的牀，想到那裏一探究竟。突然有些聲音傳了過來，我以為是哥哥走進來了，便慌慌張張地跳下來，裝模作樣地做功課。看到哥哥還在客廳，我決定再一次冒險上牀繼續一探究竟。

我蹣手蹣腳地爬上去往前一看，原來是哥哥珍藏的模型飛行系列，怪不得哥哥不許我上去了。我像一隻小貓咪看到毛絨球般，情不自禁地碰了一下那模型。誰料到，飛機模型竟摔在地上。「嘣！」哥哥飛快地開門走進來，看見地上的碎片後，傷心地說：「為甚麼我的飛機會碎了？」「對……對不起，我一時貪玩才上去一探究竟的。」我支支吾吾地說。

最後哥哥原諒了我，還讓我一起把模型砌好。

這件事我領悟到：做錯事要勇於承認錯誤。我也告訴自己同樣的錯誤不可以再犯。

《一件難忘的事》

彭一心 (4D)

無論過多久，只要我看到這個花瓶，就會想起兩年前的一天，我和弟弟玩我們最喜歡的遊戲——捉迷藏時，發生了一件令我難忘的事。

我數着：「一、二、三……我找到你了！」弟弟被我發現後，就說：「雖然你發現了我！但你還沒捉到我呢！」隨着遊戲變得越刺激，我們也變得越興奮，便從房間跑出客廳，屋子裏不時傳出了嘻嘻哈哈的笑聲。忽然，我一不小心，把媽媽最珍貴的花瓶打碎了！只聽見「呼——」的一聲，花瓶從半空墜落的剎那，我腦海一片空白。下一秒，彷彿有隻大手把我心頭掏空了，我驚慌不已。這時，媽媽正在廚房準備晚餐，還不知道發生了甚麼事情。我趁媽媽還沒發現，悄悄把碎片扔到垃圾桶裏，希望沒有人發現。

不久，媽媽從廚房出來，問：「咦？花瓶呢？」我看到媽媽臉上寫滿了「焦急」二字，就敵不過良心的譴責，脫口而出：「媽媽，對……對不起。我把它打碎了！」媽媽的愁眉稍瞬即逝，下一秒竟變得和顏悅色起來。她說：「既然你承認錯誤，我就原諒你吧！」我心裏的大石頭終於放下，感激地說：「謝謝媽媽！」

雖然媽媽原諒了我，但我也知道是自己的魯莽而導致了意外的發生。這件事令我最難忘的不僅是無法修復的花瓶，還有那令我無法忘記的道理——要勇於承認錯誤，也許就能獲得別人的諒解。

《假期記趣》

莫聲淪（4D）

今天是聖誕假期的第一天，我和家人一起去北京參觀了著名的故宮博物院。這座承載着中國古代文化的寶庫，就像一本厚重的歷史書。我們遊覽其中，被它的魅力所吸引，難以忘懷。

剛下過雪的故宮，宛如一幅畫卷。玻璃瓦上的雪在陽光的照射下閃閃發光。我不禁心想：難道我們穿越了時空，來到了古代宮廷嗎？首先映入眼簾的是宏偉壯麗的午門，我們效仿其他遊客，觸摸午門上的金屬裝飾，相傳這樣可以得到福氣。兩側的石獅子栩栩如生，守護着這裏的威嚴。有些地方的雪已經融化了，雪水順着瓦礫滴落，就像一串串寶石反射出陽光的七彩光芒。地面有些濕滑，我緊緊地牽着爸爸媽媽的手，在石板上小心翼翼地走着。看着周圍壯闊的景象，我問爸爸：「故宮這麼大，要用多久才建成呀？」爸爸揉揉我的小腦袋，感慨地說：「用了十四年呢！」我睜大了眼睛，使勁點了點頭，心想：這雄偉的故宮真是人類智慧和辛勞的結晶，是跨越了歷史的讚歌。

穿過午門，是故宮的核心區域——乾清宮，這裏是皇帝居住和辦公的地方。金碧輝煌的裝飾極為精美，展示了古代建築藝術的精髓。繼續往北走，便來到了太和殿，它是故宮的最高建築，通常重大典禮會在這裏舉行。我站在太和殿前，感受着莊嚴和神祕，俯瞰整個故宮，這壯美景象實在令人歎為觀止。

走到最北邊是皇家御花園，這裏是皇帝休閒娛樂的場所，也是皇后和妃子們遊玩的地方。花園內種滿了各種名貴的花草樹木，美不勝收。我們在如畫美景旁擺了很多可愛的、俏皮的姿勢拍照，希望能留下美好的回憶。

故宮博物院讓我們領略到中國古代文化的博大精深，了解到了中國的歷史和傳統，我們被這裏深深吸引，心情久久不能平靜，期待下次再來。

《手鏈的風波》

林傲雪（4C）

一個烏雲密布的週末，爸爸打算帶我們到迪士尼樂園遊玩。可是，因為天色欠佳，我們只好放棄這個計劃，決定留在家裏玩玩具。玩樂時，妹妹脫下特意佩戴的珍珠手鏈。看着光彩圓潤的珍珠，我趁妹妹不注意時偷走了她的手鏈。

過了一會兒，妹妹焦急地跑過來問我：「姐姐，你有沒有看見我的手鏈？」做賊心虛的我連忙把手鏈藏在身後，並對她說：「我……我不知道。」可是，我背後的鏡子卻出賣了我。妹妹看着鏡子裏那條閃閃發亮的珍珠手鏈，便氣沖沖地質問我說：「你為甚麼要偷我的手鏈！」我不甘示弱地反駁道：「小氣鬼，我只是借來看看而已！」接着，我便和妹妹爭吵起來。在與妹妹爭搶手鏈的過程中，我一不小心把手鏈給扯斷了，妹妹馬上嚎啕大哭。

看見妹妹這麼傷心，我馬上意識到自己的無理取鬧，於是我便和妹妹道歉：「對不起妹妹，我不應該偷偷藏起你的手鏈，更不小心把它扯斷了，我保證會把手鏈恢復原樣，你原諒我吧！」儘管妹妹十分難過，但她看見我誠懇地道歉後便原諒了我。

經過這件事，我明白了一個道理：人誰無過，過而能改，善莫大焉。只要我們勇於承認錯誤，並努力彌補，承諾下次不要再犯，這也算是一種良好的品德。

《公園遊記》

王敦敏（4E）

沙田公園坐落於沙田市中心旁的城門河畔。我從墜粉門（公園南閘）進入公園遊覽。這是一個圓拱形的大門，我走進去，看到一條幽靜的小路，兩旁種滿了植物，有枝葉茂盛的大樹，有嫩綠的小草，還有美麗的花朵。

我沿着小徑向前走，來到南園。這裏古色古香。我看見一個水池，池水是綠色的，像一塊碧玉。池子裏還種了荷花，荷葉寬大，就像芭蕾舞裙。

經過小池向前走幾步，就來到長廊。紅色的磚砌成長廊的頂和欄杆，配上白色的牆，真是好看極了！

《海洋公園遊》

林晉緯（4C）

今天風和日麗，爸爸決定帶我們到海洋公園遊玩。海洋公園位於香港島的南面，是香港第二大的主題樂園。我獨愛海洋公園，因為除了刺激的機動遊戲外，還能欣賞到不同的大自然美景。

在山上體驗過機動遊戲後，我們往南走，便來到高山纜車站。隨着纜車行駛，我們被漫天的紅葉包圍着，猶如置身於寂靜的紅海。從纜車的另一方俯瞰，便能看到水天相連的畫面，凝視那一望無際的大海，讓人忘記一切的煩惱，感到心曠神怡！

在海邊纜車站下車後，我們沿着路牌的指引往入口方向走，便來到購物村。一排排西式建築風格的商店，錯落有致地排列着，彷彿是一堆色彩斑斕的積木。商店售賣的貨品林林總總，應有盡有，有七彩繽紛的風車、有香甜柔軟的糖果、有香氣撲鼻的花茶……琳瑯滿目的貨品，看得人眼花繚亂。

殷紅的夕陽緩緩地躲進雲層，我們也戀戀不捨地回家去，希望爸媽有空時，能再帶我來遊玩！

《海洋公園遊》

王信堯（4B）

上星期三是學校旅行日，我們全班歡歡喜喜地去海洋公園遊玩。一路進海洋公園，一股爆米花的香味撲鼻而來，周圍人山人海，旅客們的歡笑聲響遍四周。

我們沿着小徑，來到海洋奇觀。海洋奇觀內有無數像螢火蟲般發光的海洋生物為我們引路。我們先後會見了儀態萬千的水母、活潑好動的海馬、悠閑自在的海星等等。當我站在落地玻璃前，面對一片蔚藍的海底世界，各種魚兒在我身邊游來游去，感覺多麼舒暢！我真想走進去和魚兒一起游泳呢！

然後，我們往山上走，乘坐觀光纜上到山頂玩機動遊戲——「漂流」。我們登上了一艘橡皮艇，橡皮艇隨着水流漂着。突然，一股水花從水管裏噴出來，我們冷不防地被噴了一下，弄得衣服都濕了，卻有幾分清涼。過了一會兒，來到一個下坡道，我們的橡皮艇發出「轟隆轟隆」的聲音，艇身劇烈地抖動，最後急速向下俯衝，我和同學都嚇壞了，老師卻樂得哈哈大笑。

離開「漂流區」，我們拾級而上，陸續參觀了「北極之旅」、「南極奇觀」和「熱帶雨林館」，真是大飽眼福。大家都眼界大開，被奇妙的大自然吸引了。

夕陽西下，我們懷着依依不捨的心情離開海洋公園。我心想：能夠和同學一起是多麼的幸福呀！我的心暖如春風，感恩有老師和同學的陪伴。

《這就是我》

許康兒 (4A)

我的名字是陳小明，大家都叫我明兒。我今年九歲，是王錦輝中小學的學生，爸媽都說我是一個孝順的小朋友。

我有一頭又長又蓬鬆的頭髮，一雙明亮有神的大眼睛和一個小巧可愛的鼻子。鼻子下面是一張小嘴，笑起來會露出一排整齊潔白的牙齒。

我是一個孝順的孩子。有一次放學後，我、妹妹和媽媽一起去買東西。我看到媽媽不僅背着妹妹的書包，手上還提着三個大袋子和一個沉重的手提包，媽媽越走越慢，身子都快彎成月亮的形狀，甚至有幾次差點被書包壓得跌倒了。而我只背着自己的書包和一個小袋子，妹妹也只拿着她的小提琴，相比之下我倆輕鬆多了……於是，我立刻上前幫媽媽拿起兩個大袋子。

雖然媽媽說不用我幫忙，她自己可以拿，但我不肯放手，堅定地說：「我年紀不小了，應該要幫爸爸媽媽多分擔。」媽媽聽後，感動地給了我一個大大的擁抱。

在照顧媽媽的過程中，我感到快樂和自豪。這就是我，一個孝順的小朋友。

《這就是我》

沈希哲 (4E)

我叫希哲，今年十歲，是王錦輝小學四年級的學生。很多人都說我是個富正義感卻帶點衝動的小孩子。

我有一張又圓又白淨的臉龐，長着一頭烏黑發亮的短髮，鼻子上掛着一副圓圓的眼鏡，眼鏡背後是一雙像黃豆般大的小眼睛，鼻子下有一張櫻桃小嘴，微笑的時候會露出參差不齊的牙齒。

我是一個富正義感卻帶點衝動的人，我覺得凡事都需要公平。記得有一次，學校舉行班際閃避球比賽，我們班的同學都信心滿滿，覺得可以獲勝。一進入球場，我發現對方的人數比我們班多，心裏不滿的情緒油然而起，感到很不公平。比賽開始了，球來球往。突然，我們發現對方不守規則，即使身體被球碰到也不離場，而且老師也不喊停比賽，我立即火冒三丈，大聲道：「太不公平了！難道老師連這樣也看不到嗎？」我甚至衝動地叫同學離開現場，希望老師能正視不公平的情況。最後比賽被迫中止，大家都感到失望和生氣，後來老師細心地向我們解釋他沒有喊停的原因，是因為角度的不一樣，其實對方並沒有犯規。這時，我才明白到自己的衝動，也感到後悔，我應該找一個更好的方式處理問題。

這就是我，一個富正義感卻帶點衝動的小孩子。

《這就是我》

黎昊熙 (4E)

我的名字叫昊熙，今年十歲，是王錦輝小學的四年級學生。老師和同學都說我是一個忠厚老實的小男孩。

我有一頭烏黑發亮的短髮，頭髮下閃爍着一雙水汪汪的小眼睛，一張乾澀的小嘴巴掛在高挺的鼻子下。我的身材又矮又瘦，所以大家都叫我「小矮人」。

我是一個忠厚老實的小男孩。記得有一次，上數學課時，老師說：「今天我們會派發試卷。」頓時全班變得鴉雀無聲，死氣沉沉的。很快，我便拿到期待已久的試卷，拿到試卷後，我感到很開心，因為我拿到了滿分。但很快我就發現了不對勁的地方，原來老師改錯了一道題，我心想：「要不要告訴老師呢？」看着這難得的滿分，我想起爸爸曾對我說：「比起成績，我更看重人的品格。」所以我便毫不猶豫地告訴老師我的分數有誤。老師知道這件事後，便連忙誇讚我：「你真是個誠實的小孩子啊！」聽到老師的誇讚後，我的心就像吃了蜜一樣，甜甜的！因為我不但得到了老師的誇讚，還實踐了做人要誠實的良好品德。

這就是我，一個忠厚老實的小男孩。

《長洲遊》

陳連宇 (4B)

秋高氣爽，趁着學校假期，我和媽媽到香港南方的海島——長洲郊遊。

一早，我們就到中環坐渡輪去長洲。海面上波光粼粼，好像無數的碎金子，無比美麗。

下了船，我們沿着充滿魚腥味的大街向西走，不久就到了歷史悠久的天后宮。這座建築物比想像中來得小，但形象優美，環境寧靜。屋頂上有兩條龍頭魚，還有許多惟妙惟肖的小人，有男有女，有老有幼，巧奪天工，十分精緻，讓人不禁佩服：小島上的居民也能創造出如此精美的藝術。

離開天后宮後，我們繼續向西拾級而上，很快就到了著名的張保仔洞。張保仔是一名海盜，據說他把搶來的金銀財寶藏在這個洞裏。我興致勃勃地打算在洞裏尋寶，可當我爬進洞裏才知道，洞裏又黑又窄，而且上下左右都是奇形怪狀的石頭，我得十分小心才不會撞到頭，這實在有點危險，所以我的尋寶大計自然就落空了！

離開神祕的張保仔洞，我們還去了東灣沙灘，吃了美味的巨型魚蛋，直到傍晚才離開。在回去的船上，我看到鹹蛋黃般的夕陽倒影在海面上，鱗光閃閃，依依不捨地向我們道別。今天真是愉快的一天啊！

《長洲遊》

梁錯悅 (4B)

上星期日，我和家人去了長洲旅遊。長洲位於香港的西邊，從遠處看起來就像一塊狗骨頭。

一踏上長洲島的渡輪碼頭，我們就看到了整齊排列的房屋，像是一層層的玩具積木。船隻在清澈見底的海面上搖曳着，彷彿在向市民招手。還有幾棵翠綠的大樹站在岸邊，堅毅守護着長洲。

我們穿過市集，看見了許多特色小店。再往前走約十分鐘，便來到了東灣海灘。走進東灣海灘，眼前是一片人山人海，有人在游泳，有人在堆沙，有人在曬太陽，好不熱鬧！我和弟弟迫不及待地跑去海裏游泳，非常開心。我看着蔚藍的海水，聽着澎湃的海浪聲，感到心曠神怡。

離開了東灣海灘，我們經過了天福亭，再往前走，來到了小長城。我看到了叮噹石，形狀像個巨大的叮噹；還有花瓶石，形狀像個精美的花瓶。我對着各種奇形怪狀的山石感慨道：大自然的鬼斧神工實在是太令人驚歎了！

這次旅程讓我深深感受到長洲是一個美好的地方，因為這裏有許多美景和好玩的地方，希望爸媽有空的時候能再帶我去長洲玩。

《長洲遊》

郭沅霏 (4D)

昨天秋高氣爽，正是郊游的好時光。我們一家乘坐渡輪到長洲遊玩。快到達長洲時，我在窗外看到碼頭的小艇搖搖晃晃，彷彿在跟我們揮手說：「歡迎你們！」

走到岸上，穿過各式各樣的小店，一直往前走便到達沿海而建的小長城。我們沿着小長城走，一邊欣賞巧奪天工的奇山異石，一邊讚美大自然的神奇！你看，那名為「花瓶石」的大石頭，像不像一位優雅的美人魚坐在岸邊眺望大海？一直前行還有「叮噹石」、「山羊石」、「饅頭石」等嶙峋的怪石，其形態萬千，真令我大開眼界！

步出小長城，沿着小路走，映入眼簾的是風光如畫的東灣海灘。那時恰好是黃昏時分，遊人不多，我們在日落美景下漫步。我踏着綿綿細沙，看着碧綠清澈的海水；迎着清涼的海風，聽着沙沙細語的海浪聲，頓時忘卻了所有煩憂，悠然自得！

這次旅程讓我們暫時離開喧囂的城市，擁抱寧靜的小島。我真期待再次來到恬靜的長洲，舒展身心！

《到大澳一遊》

黃康齊 (5B)

每當我看見電腦屏幕上的相片，腦海便會浮現出前段時間到大澳遊玩的歡樂片段……

考試後的一個星期天，天氣晴朗，我和家人從東涌乘搭巴士到大澳遊玩。

下巴士後，我們走向露天市場。大清早，市場已經被遊客擠得水泄不通，人聲鼎沸。店鋪內都在賣一種看似塑料，但十分堅硬的食品。我心想：這東西真的能吃嗎？媽媽告訴我這叫花膠，是一種名貴的食材。突然，我嗅到一陣陣食物的香氣，有咖哩魚蛋、烤魷魚，還有各式各樣的地道小吃，令人垂涎三尺。

我們大吃一頓後，再休息片刻，便沿着小路向前走。穿過市集後，很快就看見大海。我們一直向前走，映入眼簾的是幾棵很難在市區看見的大榕樹，最大的那棵樹的樹幹可以讓五個人合抱在一起，大自然真是很奇妙啊！微風輕撫着我的臉龐，我們放慢腳步，享受着溫暖的陽光、芳香的小草。這一切一切，都令人心曠神怡。

之後，我們順着小路，看見一座古廟。再往前走，我們經過一條蜿蜒曲折的山道，一直向上走，一路上鳥語花香，一大片的綠色盡收眼底，顯得格外幽靜，十分愜意。我們到達山頂後，看見遠方的藍天，很難分清它是海還是天，看見海天一色，我們享受着簡單而美味的午餐，感覺格外滋味。

吃完午餐，我們都有點疲憊，但大家都覺得不枉此行。拍照留念後，我們便依依不捨地踏上歸途了。

《日記》

十一月三日 星期三 晴

今天發生了一件令我感到高興的事情。

早上，陽光明媚，我和爸爸興高采烈地到公園去玩耍。一踏進公園，我就迫不及待地去騎自行車。

當我坐上自行車時，突然，自行車「咚」地一聲倒在地上。我摔了個四腳朝天，真慘啊！我坐在地上，久久不肯起來。我心想：怎麼辦？我不會騎自行車！我越想越傷心，哇哇大哭起來，眼淚像斷了線的珍珠鏈紛紛落下來。這時，爸爸急急忙忙地走了過來，他小心翼翼地把我扶起來，安慰道：「不要灰心！我來教你！」聽了爸爸的話，我點了點頭，眼裏充滿了感動的淚水。於是，我按照爸爸的方法，雙手握着車把，眼睛看着前方，大膽地向前騎。我勇敢地不斷嘗試，一次，兩次，三次……過了一會兒，我終於成功了！那一刻，我的腳下彷彿踩着一朵幸福的雲。最後，夕陽西下，我和爸爸依依不捨地離開了公園。

多麼令我高興的一天啊！今天，我要感謝爸爸教我騎自行車。如果沒有他，我一定不能堅持下去。我明白了了一個道理：做任何事情都不能灰心，只有勇敢嘗試，我們才能走向成功。

九月日 星期五 雨

今天發生了一件十分倒霉的事情。

今天早上，我吃過早餐後，由於天空下着大雨，我準備了雨傘和雨靴，自信滿滿地上學去。

可是，當我走到火車站的時候，突然一陣狂風吹來，把我的雨傘都吹壞了，我心裏傷心不已：這是最心愛的雨傘啊！我只好懷着悲傷的心情上火車去。

倒霉的事情接二連三地發生，當火車到達學校的時候，天空又下起暴雨來，由於快到上課時間，我只好硬着頭皮，冒着雨衝會學校去。

今天真是倒霉透了！唯一慶幸的是我這個「落湯雞」最後沒有遲到呢！

《日記》

翁心兒 (5D)

九月二十二日 星期五 暴雨

今天發生了一件驚險的事情。

今天早上，我遲了起牀，所以匆匆忙忙地衝出了家門，上學去。我走在路上時，天空開始下雨了。我打開書包，東翻西找，才發現自己沒有帶傘。我看雨勢已經開始變大，於是我連忙跑去前面的巴士站避雨。但是等着等着，雨越下越大，我感到徬徨無助。這時，一輛巴士駛進巴士站，巴士把地下的雨水濺到我的身上，我的校服全濕透了，但我顧不了那麼多，只想着衝上巴士。

到了學校附近的巴士站，雨仍然很大，還刮起狂風。看到學校與我還有一段距離，我唯有硬着頭皮，飛快地冒着狂風暴雨跑回學校。突然，一個胖子跑過，「咁」的一聲，胖子把我撞跌在地上，痛得我哇哇大叫。胖子頭也不回，不顧而去。我心裏不知所措，幸好，一位學姐經過，把我扶起來。她問我：「小妹妹，你沒事吧？你受傷了嗎？」我沒有回答，只是無奈地搖頭。她給了我一張紙巾，跟我一起用她的傘。回到學校後，我看見她的左邊身已經濕透了。她把我送到醫療室，跟護士說明我的腳傷。我望一望，才發現我的腳側真的在流血呢！當護士替我處理傷口的時候，學姐便悄悄地離開了。

我非常感激學姐給我的幫忙，我明天上學時要把我最喜歡的糖果送給她，答謝她！如果沒有她的幫忙，我想，受了傷的我還在巴士站呆呆地等着雨停呢！

《第一次做家务》

劉青林 (5A)

在我成長的道路上，有許許多多的第一次，第一次說話，第一次自己吃飯，第一次拉小提琴……在這數不清的「第一次」中，最讓我難忘的「第一次」是做家務。

上個星期日，工人姐姐放假。吃完午飯後，媽媽正準備洗碗。我衝進廚房，搶過媽媽的圍裙，說：「今天讓我來洗碗！」媽媽既吃驚，又疑惑地問：「你從來沒有洗過碗，你行嗎？」我自信地說：「當然可以！交給我吧！」

我迫不及待地穿上圍裙，擰起袖子，用力地把洗潔精按到海綿上，準備大展身手。「碗啊！碟啊！你們可真夠幸運的，能被我這『頂級洗碗師』洗乾淨……」我一邊得意地想，一邊把海綿上的洗潔精來回地擦擦拭碗碟。

匡噹！一隻碗從我的手裏逃到了水池裏。我又拿起另一隻碗，它也跟着溜回水池裏。我望着在水池中洗着泡沫浴的碗，困惑極了！碗怎麼都變成了一條條生猛的魚兒，從我手裏游走了呢？

聽到聲音，媽媽走進廚房，笑着說：「『頂級洗碗師』，是不是遇到麻煩了？」我尷尬地點點頭。媽媽接過海綿，擠出上面多餘的泡沫，再打開水龍頭，把碗上的泡沫沖掉。我恍然大悟，接過海綿，開始重新洗碗。它們乖了很多，再也沒有從我的手裏逃走了。

原來，東西不是加得越多越好，重要的是適量，否則就會適得其反。這便是做事的祕訣，也是我從這件事中悟出的道理。

《第一次做家务》

杜穎欣 (5C)

人生會有許多的第一次，有第一次騎單車，跳舞、溜冰……但令我最難忘的是第一次做家务。

去年的年二十八，我們全家人一起大掃除。我們分工合作：爸爸負責擦窗戶，媽媽負責拖地，姐姐負責洗碗，而我則負責抹灰塵。我的心裏頓時火冒三丈，想：不公平！為甚麼他們的工作那麼重要？我的工作太簡單了！我不想做了！

我心不在焉地東擦擦，西擦擦。爸爸過來看我的進度時，我便裝模做樣地擦，用力地擦兩下。但爸爸一走開，我便馬馬虎虎地擦兩下。爸爸感到疑惑不解，他問：「為甚麼我不看你的時候，你不認真擦，我看你時，你便裝得很認真呢？」我悶悶不樂地回答：「你們叫我擦灰塵，一點重要性都沒有！我不想做！」

爸爸摸摸我的頭，語重心長地說：「『人心齊，泰山移』，工作不分輕重，我們要齊心協力地打掃，房間才可以煥然一新。」

聽完他的話，我突然恍然大悟。接着，我盡心竭力地把每個角落都擦得乾乾淨淨。幾小時後，終於大功告成了！看着家裏一塵不染，我的心裏比吃了蜜糖更甜。

這一次做家务中，讓我感到難以忘懷。我學會了「人心齊，泰山移」的道理，原來只要大家眾志成城，齊一心志，力量可以這麼大。我以後做事都要有與人合作的精神。

《第一次做家务》

鄭以翹 (5D)

每個人的人生總有最深刻的「第一次」，而我最難忘的第一次是做家務。

暑假時，我一邊全神貫注地玩遊戲機，一邊看着媽媽不辭勞苦地做家务，感到有點不好意思，心想：我在玩遊戲，媽媽卻那麼辛苦地做家务，不如我讓她休息一下，幫她分擔一些家務吧！拿定主意後，我便像一支箭般飛快地跑進廚房，說：「媽媽，讓我幫您，您先到房間休息吧！」媽媽聽後喜眉笑眼。她苦口婆心地叮囑我：「記住，你一定要……」我把她的話打斷了，說：「唉，我知道啦。我是一位『家務專家』，這些對我來說小菜一碟！我去洗好了，你別進來啦！」

我迫不及待地走到盥洗盤拿到海綿和碗碟，得意忘形地說：「碗碟、碗碟，你們走運了，有幸得到我這雙尊貴的手為你們洗澡，不一會兒就成為最閃亮的孩子了。」

洗着洗着，我便開始驕傲起來：原來洗碗那麼簡單啊！怎料有個碗竟頑皮起來，它好像不喜歡我的手，一下從我的手裏蹦出去。「啪」的一聲就掉在盥洗盤，嚇得我魂飛魄散。媽媽一溜煙地跑進來：「有受傷嗎？」我驚惶失措地回答：「沒事……沒事……」我心有餘悸地繼續洗碗，小心翼翼地逐一刷洗，可是洗來洗去，手總是有種「油膩」的感覺，碗還越洗越髒，根本洗不乾淨呀！我頓時急得像熱鍋上的螞蟻，臉紅得像蘋果一樣。

媽媽看到我尷尬的樣子，便哄堂大笑。她和藹地說：「你用冷水沒用的，要用暖水。先用洗潔精擦一下，如果還有些擦不掉的污漬，要先在水裏泡一下，然後再使勁地擦就行了。」我按照媽媽的辦法去做，過了一會兒，所有污漬也被我消滅了。那份喜悅比完成遊戲中的任務還要大。

經過這次做家务，我學會了做事要認真做好，不能自以為是，如果遇到困難就要謙虛地向父母請教，然後根據指示把事完成和做好。

《第一次學游泳》

李卓嵐 (5C)

每個人都有許許多多的第一次，第一次騎單車，第一次學溜冰……不過最讓我難忘的是第一次學游泳。

記得那是三年級的暑假，天氣晴朗，太陽明媚地照着大地，花朵也向我揮手。大自然處處都是生機。爸爸媽媽打算帶我和弟弟去屋苑會所游泳池嬉水。

我看着清涼的游泳池，想都沒想就跳了下去，我心想：游泳應該很容易吧！我一定能輕鬆駕馭的！撲通！我居然不受控地一直往下沉，池水也一直在我的掙扎下噙進我的嘴。咳咳！咳咳！我心想：游泳好難！我不想學了！

爸爸連忙跑過來抱起我，看着我像「落水小雞」一樣，居然笑了出來。他耐心地告訴我，游泳要慢慢來，頭下水時要閉氣，不然會噙到水；吸一大口氣才下水，才不會被噙到……他小心地帶我一次次地嘗試，但我一次次失敗。經過我不斷的嘗試，終於，奇蹟般，我游到了一小段！看到此情此景，媽媽也身同感受，抱着弟弟為我歡呼。

經過這件事，我明白到學習一件事要循序漸進，沒有人一出生就精通。成功之前一定會有無數次的失敗，只要我們不斷嘗試，一定會成功。

《第一次學滑浪》

郭以賀 (5E)

今天，我在海灘玩耍時，瞥見一個滑浪板，它令我回想起我第一次學習玩滑浪的畫面。過去的記憶碎片，漸漸地拼湊在一起，真是感觸良多呢！

那天陽光普照，我和爸媽來到淺水灣滑浪。淺水灣一望無垠，水清沙幼，陽光照射在水面上，波光粼粼，宛如一顆顆鑽石。海風仰面吹來，帶着一陣陣鹹鹹的海鮮氣味。我赤腳走在沙上，感到冰冰涼涼，彷彿踏在冰塊上。

起初，我以為滑浪是一種很簡單的運動，所以第一個嚷着要試。但是當快艇一開動，我的身體不由自主地搖擺不定。我不知所措，眼珠子慌張地快如流星轉着，一種快要暈倒的感覺籠罩着我。我害怕得連靈魂也從身體飛了出來。我大聲地尖叫「呀！」，彷彿全世界都能聽到。

我一不留神，就掉進海裏，還喝了好幾口海水，那種鹹鹹的味道，簡直像吃了好幾勺鹽巴！海浪打得我全身酸痛，簡直像被一把把刀從四面八方刺進我的心裏。我費盡九牛二虎之力，才重新站在滑浪板上。

然後，媽媽大叫：「賀賀，努力啊！加油！」我知道她在為我打氣，所以我重拾自信，重新開始玩。雖然我跌倒了很多次，但我沒有灰心。最後，我終於成功地站在滑浪板上，勇破巨浪。

我的心裏充滿了成功感，像吃了蜜一樣，心裏甜滋滋的。媽媽向我豎起了一個大拇指，我欣喜地流下高興的淚水。最後，我也為自己豎起了一個大拇指。

《第一次學滑雪》

張天玥 (5D)

在一個寒冷的冬日，雪花飄舞在空中，覆蓋了整個雪山。我站在山腳下，滑雪板緊緊固定在腳上。而這次就是我人生中第一次學滑雪。

記得當時我緊張得不肯放開爸爸的手，心裏充滿了驚恐。面對着陌生的挑戰，內心像小鹿般膽怯。然而，爸爸鼓勵着我說：「你能夠做到，爸爸會在旁邊保護你的。」他輕輕地握住我的手，鼓勵我放手一試。於是，我深吸一口氣，放開了他的手，迎接着我人生中第一次滑雪冒險。

在那一刻，我成功地滑行了一小段斜坡，爸爸不斷在我身旁喊着：「放鬆身體，保持平衡！」我努力地將重心向後移，彎曲膝蓋，用板面輕輕地切入雪地，讓滑雪板減速並停下來。然而，最終我還是摔倒在雪地上。

但我發現，其實摔倒並不痛，雪地的柔軟讓我感到安心。我心想：跌倒只是暫時的失敗，並不代表我無法再次嘗試！於是，我重新鼓起勇氣，站起身來，準備再次挑戰那段斜坡。這一次，我成功地減速並停了下來！成就感湧上心頭！

通過這件事，我明白到滑雪雖然辛苦難學，但只要我不半途而廢，就能夠克服挑戰。每一次的摔倒和失敗都是成長的機會，讓我更加堅定了自己的決心。

《第一次踏自行車》

林暘焱 (5D)

在學習的路途上，我們會遇到很多的第一次，第一次學習走路，第一次學習洗碗……而在這芸芸的經歷中，最令我刻骨銘心的是第一次學騎自行車。

一年級的一個星期天，爸爸看到超市大減價，就給我買了一輛嶄新的自行車。我想起，平時自己坐在爸爸自行車的後座上順風而行，看着樹影婆娑，嗅着花香陣陣，聽着小鳥啾啾，是一件賞心樂事。於是，我便纏着爸爸陪我騎自行車。

甫下樓，我便迫不及待地騎上我那輛閃閃發亮的自行車。爸爸語重心長地說：「你先練習平衡。」根據平日的觀察，我記得爸爸常常一跨上自行車後便可以輕盈地踏起車來。我心想：騎自行車應該沒甚麼難度！於是，我對爸爸說：「讓我自己試試吧！」誰知我上車後，一踏向前不足兩米，身體便向右面傾倒，膝蓋摔出了瘀青。為甚麼爸爸踏車時能像小鳥般輕盈，而我卻像一頭笨重的大象呢？

爸爸見狀，急忙跑來扶我。我忍着疼痛，傾耳而聽爸爸的循循教導：「先把兩腳踏上踏腳板，再把重心向上，然後嘗試向前踏。」

左右、左右……經過我不斷努力，摔倒了再重試，我終於拿捏到踏自行車的節奏，風兒在我耳邊為我打氣，我感到酣暢淋漓！

經過這件事，我領悟到一個道理：做錯了沒關係，更重要的是堅毅不屈，努力做事，認清法則。這便是在這件事中學到的祕訣。

《記一次解決困難的經歷和感受》

霍與楊 (5A)

一個週末的下午，媽媽提議晚上吃餃子，所以我們就從下午開始製作。

事前，我們預先準備了餃子皮、餃子餡、筷子、勺子等材料。待準備完畢，我們就開始包餃子。

一開始，我仿照媽媽包的餃子模樣，開始包了起來。我嘗試了一遍、兩遍、三遍……好幾次都沒有成功包好一隻餃子，總是露了餡兒。我本來心想：包餃子這件事不是很簡單嗎？看我來大顯身手。其實，包餃子沒有我想像那麼簡單。我皺着眉頭，心想：包餃子這麼難，我還是直接放棄吧！媽媽彷彿看穿了我的心思，問：「你怎麼不包了呀？」我回答道：「包餃子太難了，我不想包了。」媽媽告訴我：「首先，你要把餃子餡放到皮上，放太多太少都不可，再用水沾在餃子的邊兒上，然後把兩邊黏在一起，這樣就完成啦！」我按照媽媽指導的步驟，包了一個又一個餃子，越包越漂亮，我感到很自豪，很有成功感。

通過這次經驗，我明白了「辦法總比困難多」。只要堅持不懈，就一定能成功。

《這件事使我明白一個道理》

黃浩儀 (5A)

上星期天是農曆十二月三十日，我和媽媽到年宵市場買年花和應節物品。我感到又高興又期待，因為這是我第一次到年宵市場去。

年宵市場人山人海，水泄不通。我看見許多年宵攤位，售賣各式各樣的年貨，有：食物、玩具、揮春、年花……目不暇給。不同攤位的檔主都幹勁十足地叫賣。我還看見很多一家老小在購買應節物品，十分熱鬧！我心想：我想買冰糖葫蘆，也想買揮春，還想買玩具……

逛了一會兒後，媽媽便帶我去買年花。媽媽在那裏精挑細選了一個小時，我感到很納悶，我根本不想買花，一心只想去買玩具。只見前面有玩具攤檔被小朋友們包圍着，仔細一看，原來這裏有我夢寐以求的玩具呢！我央求媽媽：「我可以去買玩具嗎？」媽媽回答：「我買完花，再帶你去。」但我實在等得不耐煩，迫不及待地要到前面不遠處的攤位買玩具，心想：兩家店鋪的距離不遠，我先去視察一下環境吧！於是我偷偷地從媽媽的身旁溜走了。

我飛快地跑到攤位，好不容易擠進人群中，看見琳琅滿目的玩具時，我心花怒放，完全把媽媽拋諸腦後了，心想：我應該買哪個呢？正當我猶疑不決時，廣播裏傳來重複呼喊我名字的聲音，要我到一號出口跟家人匯合。我頓時醒覺：我跟媽媽走散了！而且我是偷偷溜走的，媽媽一定很擔心我了。我東張西望，終於在人群中找到媽媽的身影。我一看到媽媽，就鑽進媽媽的懷裏，並對媽媽說：「對不起，我不應該自己走開去看玩具的。」媽媽安慰地說：「平安就好了。」

最後，我和媽媽開開心心地買年花和玩具。經過這件事，我明白了一個道理：不可以任性，要顧及安全，不可擅自離開家人身邊。

《這件事使我明白了一個道理》

吳子樂 (5B)

人生中，我學過很多道理。最令我難忘的是學習彈鋼琴這件事。因為通過這件事，我明白了一個道理。

記得有一次，爸爸帶我去上第一節鋼琴課。我一路上興奮不已，就像小白兔一樣蹦跳起來。我心想：我很快就能彈出扣人心弦的歌曲了！彈鋼琴一定很簡單的！

一踏進鋼琴室，我就聽到了彷彿置身在天堂的歌聲了！有的人就慢吞吞地對準琴鍵去彈。然後，我坐在了鋼琴前面，模仿別人的動作去彈，怎料迎來的卻是一陣怪音。我再嘗試模仿別人多彈了幾次，情況還是一樣的。於是，我就大喊起來：「我不學了！真是太難了！」那時，我氣餒極了！

這時，鋼琴老師走到我面前，跟我說：「彈鋼琴，模仿別人只是起點，最重要的你有沒有用心練習、感受音樂。你應該要有耐性地在鋼琴樂譜裏細心閱讀應該彈哪一個琴鍵，還要學習注意手指的擺位和按下琴鍵的力度有多大……」於是，我耐心地跟着老師的方法去嘗試，果然彈出幾個動聽的旋律了！我頓時感到十分開心！我心想：原來凡事都要有耐性，多加練習才能取得成果！

最後，經過我不斷地練習，我終於彈到一首完整的歌曲了！我感到十分高興。這件事使我明白了一個道理，就是做每件事情都需要有耐性和要付出努力，才可以達到理想的成果。

《養成勤做運動的好習慣》

林襄鈺 (5C)

正所謂「運動，運動，更強壯！」，勤做運動可以維持良好的體態及活力，讓我們更健康。因此，我一定要養成勤做運動的好習慣。

首先，從反面來說，如果我們很少做運動，隨着我們愈漸肥胖，心血管功能也會隨之而減弱。如果我沒有養成這個好習慣，我們的身體將會有不良影響。

其次，從正面來說，勤做運動可促進我們身體的新陳代謝，讓免疫細胞增強，讓身體變得更健康、更強壯。還記得我們班的李剛同學，在剛轉來我們班時還十分瘦弱，經常生病，但是自從他培養了勤做運動的好習慣後，變得強壯了不少。由此可見，勤做運動是我們生活中不可或缺的一部分。

因此，為了能夠培養勤做運動的好習慣，我會讓家人和朋友督促我，防止我放棄這個目標。再者，我要堅持每天做不少於一小時的運動，提升我的心肺功能。我相信，以上的實行方法能夠有效地幫助我快速地養成這個好習慣。

總括而言，我會下定決心堅持做運動，養成這個好習慣，讓自己的身體更加強壯，更加健康！

《一次助人的體驗》

陳凱琳 (6B)

所謂「贈人玫瑰，手留餘香」，說起一件助人為樂的事，那要說說有一次我和哥哥一起幫助一位老婆婆的經歷。

那一天陽光明媚，天氣晴朗。媽媽叫哥哥和我去公園打羽毛球，我們便拿上球拍興高采烈地出發了。

我們去公園需要經過一個陡峭的山坡，我看到有一個老婆婆正很吃力地拉着老舊的人力車，裏面裝着幾箱水果。婆婆一步一步艱難地往前邁着，車子緩慢地朝前移動，看到這裏，我三步並作兩步往前走，準備幫婆婆推車。「咻！」一箱水果從車上掉下來，蘋果灑得到處都是，我和哥哥連忙把車停下來。婆婆瞥了我們一眼就立刻去撿水果了，我們也跟着婆婆一起去撿，婆婆雖然不知所措，但還是一個勁兒地說謝謝。路上的行人看見了，也跟着一起撿，只見他們把蘋果撿起來就放進了自己的袋子裏，我以為他們要拿回家，婆婆見狀，近乎哀求地說：「你們別撿了，別撿了。」婆婆一邊說，一邊喘氣，加快了撿蘋果的動作。行人們還是一個勁兒地往袋子裏裝，哥哥剛想上前制止，就看到行人們把袋子裏的水果倒進了婆婆的箱子裏。

就這樣，水果們又安安穩穩地回到了箱子裏，婆婆看到一箱子的蘋果欣慰地笑了。「施比受更有福」，經過這次的經歷。我更加明白了這句話的含義。

《一次助人的體驗》

李卓諺 (6B)

我們都曾經看到別人在困境中而伸出援手。有一次，我幫助了一位盲人，那個情景至今也令我難以忘懷。

一天夜晚，我打算搭地鐵回家。途中，我看到一位手拿拐杖的老人，他看起來 60 多歲，頭髮蒼白，還戴着一副墨鏡。他一動不動地站在路中心，用沙啞的聲音對周圍的路人說：「有人能幫幫我嗎？我看不到東西，又忘記回家的路……有人能幫幫我嗎……我嗎……」但旁邊的路人不但沒有幫助他，反而加快步伐，避開那位老人。看到他既難過又無助的表情，我感到十分悲傷。

最後，我決定向他伸出援手。我上前問他：「老伯伯，您需要幫助嗎？我可以帶您回家。」「太好了！謝謝你，好心人！我住在牛頭角。」那老人回答。我一步步扶他到地鐵站，幫他購買車票，然後帶他乘地鐵到牛頭角站。我和老人一出閘口，便有一位老婆婆跑過來大喊：「陳生！你又迷路了！我多麼擔心你啊……」老人緊緊地握着我的手，激動地說：「就是這位好心人，我才能回到這裏。謝謝你喔！」

老人和老婆婆離開前，給了我一個溫暖的微笑，至今我仍念念不忘那情景。一次看到別人在困難中而伸出援手的經歷，令我深深體會到「助人為快樂之本」的道理。

《一次助人的體驗》

吳卓霖 (6D)

我從小時候到現在幫助過的人並不多，卻有過一次讓我一生難忘的助人經歷。

有一天，我被朋友嘉比和她的母親拉到護老院當義工。嘉比告訴我，那一家護老院因為人手短缺，所以他們出手幫忙，但不用擔心，因為護老院的老人們會積極配合義工的工作。當我們到達護老院時，老人們用感激的眼神看着我們。工作開始，我和嘉比到廁所幫忙清潔地板。起初，有些老人家過來感謝我們幫忙清潔，令我們幹勁十足，但過了一會兒，我和嘉比逐漸疲累了，便坐在地上休息。

嘉比的母親看到我們這樣，便安排我們和老人家聊天。我們和一對老夫婦聊天，發現他們也有像我們一樣大的孫子，我們和他們溝通得很開心，就像朋友一樣聊得很暢快。通過跟他們的聊天，我知道了許多平日不會知道的趣事。我心想：原來和老人家聊天是那麼有趣的。他們很感謝我們願意與他們聊天，讓我和嘉比感到不好意思。開心的時光過得特別快，我和他們依依不捨地道別，並答應以後還會來探望他們。

這次到護老院和老人家聊天是我最難忘的經歷，也令我對老人家的生活了解得更深入，希望日後能再遇到那一對老夫婦。

《一次捐贈衣物的經歷》

陳倬瑩 (6C)

在一個秋高氣爽的秋天，我居住的屋苑舉辦了一個給月亮村孩子捐贈衣物的活動。

我一回到家，媽媽便向我提議說：「不妨把你不合身的衣服都捐給月亮村的小朋友吧！」我不假思索地回答：「不！不要！」我心想：我的每一件衣物都擁有一個特別的故事。沒有一件不合身的衣服會被我扔掉或捐棄，我會把它們小心翼翼地保存好作為紀念，而且這些衣服一點兒也不便宜呢！怎可以輕易捐給別人呢？我既不認識那些小孩，也不會收到他們的禮物作為答謝。如果我送給他們，豈不是便宜他們了？我一邊想，一邊露出一臉不屑的表情。

這時，我眼睛一瞥，看到電視正播出一段新聞：「月亮村的孩子小小年紀便要獨自去賺錢。馬上就要冬天了，他們沒有一件保暖、合身的衣服，身上只能穿着破破爛爛、沾滿泥土的衣服。希望大家可以盡綿薄之力將自己不合適的舊衣服捐給他們。謝謝！」看完後我十分詫異：原來他們這麼可憐。我頓時進入了兩難中。我不知所措，剛剛還平靜如水的心中開始泛起漣漪，漸漸地波浪翻騰，洶湧的海浪拍打着岸邊發出的巨響，如同是對我不無情的嘲笑。

經過一場激烈的拔河比賽後，我最終選擇捐出那些衣服給月亮村的孩子。因為我不忍心看到小孩們在凜冽的寒冷中瑟瑟發抖。我想了想：其實我把不合身的衣服放着，並沒有體現它們真正的意義，扔了更是不環保。於是，我下定決心把衣服捐了。雖然衣櫃空了，但我有了更大的滿足感。當我收到小朋友穿了我衣服的照片時，看見他們幸福、燦爛的笑容，我的心又起了波瀾。

這次的經歷令我體會了甚麼是「施比受更有福」。我們應該支持捐贈衣物。這樣既可以幫助貧困家庭，又可以為環保出一分力。讓我們一起珍惜地球資源吧！

《一次捐贈衣服的經歷》

區鶯千 (6D)

我的學校舉行了一個捐贈舊衣服的活動，目的是把舊衣服捐贈給中國的山區兒童，為他們送上一份溫暖，我決定查看我的衣櫃，看一看有沒有一些不合身的衣服……

當我查看衣櫃時，找到一件我曾經很喜歡的衣服——一件幻彩的上衣。這件上衣不但有我最喜歡的卡通人物，而且很有紀念價值。它是我第一次默書拿滿分時媽媽送給我的獎品。我高興得每天都穿着。可是，它已經不合身，所以它偷偷躲在衣櫃的一旁。當我拿起這件衣服時，我百感交集，我怎能把這件充滿回憶的衣服捐給別人呢？忽然，我想起媽媽從前教導我「施比受更有福」，我為甚麼這麼吝嗇呢？

當我想到山區兒童，他們的生活那麼艱苦，連基本的食物、水、衣服都欠缺。我的心感到十分鬱悶。我掙扎了很久，到底我應該怎樣做呢？

最後，我決定捐贈我那件幻彩上衣給山區兒童，因為我希望它同樣能為其他小朋友帶來美好的回憶。我想：如果我是那件衣服，我一定感到十分自豪，因為我將有機會幫助有需要的人。

我覺得捐贈活動真有意義，雖然只是一些舊衣而已，但是包含大家對山區兒童的關愛。而我這次能實現「施比受更有福」，感到十分滿足。

《一次捐贈衣物的經歷》

劉展睿 (6D)

今天我在放學路上看見路旁空空如也，冷冷清清的，令我不禁回想起昨天那些琳瑯滿目的捐贈衣物攤位，當時的情景仍然歷歷在目。

昨天，老師告訴我們沙田區在學校附近舉辦「山區捐贈衣物」活動，擺放了多個攤位，呼籲我們踴躍參加。

回家後，我迫不及待地打開衣櫃東翻西找，沒多久便找到一件小時候媽媽送給我的短袖圓領衫。正當我打算把它放進背包時，心裏突然閃出一個念頭：別捐吧！它是小時候媽媽送給我，作為我六歲生日的禮物，對我來說別具意義。如果我平白無故把它送給了素未謀面的山區兒童，不是不值得嗎？再者，這件衣服被我穿過多次，它給予我很多難以忘懷的回憶。

可是，我又想：山區兒童生活貧困，吃不飽，穿不暖，相比之下，我生活在香港這個富裕的城市，比他們幸福得多。媽媽常常教我「施比受更有福」的道理。所以，既然自己有能力，是否應該幫助他們呢？

想深一層，雖然這件衣服對我來說很有紀念價值，但僅此而已，對現在的我而言根本沒有任何用處，甚至只會浪費儲存空間，與其一直保留它，倒不如轉贈給有需要的人，讓媽媽給這件衣服贈予的愛，可以一直延續下去。我的內心好像十五個吊桶，七上八落，也像站在人生交叉點一樣，不知如何抉擇，真的是六神無主……

最後，我選擇捐贈，因為常言道：助人為快樂之本。除此以外，捐贈衣服也符合環保原則。

我為自己這個選擇感到很自豪，同時也深深感受到「助人為快樂之本」的「樂」的意思是樂滋滋啊！

《一次捐贈衣物的經歷》

黎喆 (6E)

當我在電視上看到天文台發出了寒冷天氣預告就想到一件事。上星期，老師為了幫助土耳其地震的災民，號召同學們慷慨解囊，踴躍捐贈禦寒衣物。同學們都踴躍萬分地討論着要捐些甚麼衣物，我也不例外。

回家後，我馬上打開衣櫃，看看有沒有合適的衣物捐贈給他們。我找到了一件爸爸早年送給我的羽絨服。正當我打算把它捐出時，心裏突然冒出一個想法：這是爸爸送給我的生日禮物，是限量版，有着各種回憶，要是我把它送給了土耳其災民，豈不是很可惜嗎？況且，即使我捐出，也沒有任何回報，所以還是留着這件羽絨服吧！

忽然，另一個想法出現了：雖然這件羽絨服很有紀念價值，但已經不合身了，而且一直裝在衣櫃裏，對我來說完全沒有用處。如果我把羽絨服送給土耳其災民，賦予它一個「新生命」，那麼這件羽絨就更具有意義。我內心真的七上八下。

此時，電視正播着土耳其地震的新聞，眼見當地大量房屋倒塌，災民無家可歸，加上天氣寒冷，那場景實在令人心酸。我心想：世界上有那麼多人需要我們的關心和支持，我們應該略盡綿力幫助他們。

想到這裏，我毫不猶豫地把羽絨服放進環保袋，我希望它可以為災民帶來一點溫暖。我相信爸爸會為我的決定感到自豪的！正所謂「助人為樂之本」，我此刻覺得既開心又滿足，臉上還掛着笑容呢！

捐贈後幾個星期，老師給了我們看土耳其災民穿着我們捐贈衣物的照片。看來他們非常喜歡呢！看完後，我也非常高興，因為我的決定幫助了有需要的人。

《伸出援手》

陳昭瑀 (6A)

我們經常能在電視劇上看到配角處在困境中，而主角主動伸出援手的老套劇情，但令我出乎意料的是這劇情竟然發生在我的身上，使我到現在還記憶猶新。

記得那是一個陽光明媚的星期天，我和媽媽正在新建好的公園裏散步，突然我們看到了一位衣服破爛不堪的乞丐在乞討，周圍的路人看到都是直接走開，不會停留片刻。這時，我看了看手裏的五十塊錢，心想：我究竟要不要把錢捐給他呢？可是這是我一星期的零花錢啊！

思考了片刻，我終於下定決心，走上前去拍了拍那個乞丐的後背，把錢遞了過去。乞丐看到錢後，突然愣了一下，然後伸出顫顫巍巍的雙手接過那五十塊錢，他的眼睛濕潤了，口中不停地道謝。媽媽在旁邊目睹了一切，等乞丐離開後，她詢問道：「女兒啊！你為甚麼願意把你的零花錢給那個乞丐呢？」我回答道：「我可能沒有辦法改變他的生活，但是我希望他別覺得生活沒有意義，這個世界上還是有很多熱心人的。」媽媽看着我，欣慰地笑了。

這件事雖然過去了幾個月，但我的印象仍然深刻，更讓我學會了要樂於助人的道理。

《伸出援手》

嚴可悠 (6E)

每次走到這條大街上，我總會想起那次幫助盲人的經歷，那情景至今使我難以忘懷。

一個星期前，我在放學的路上，遇到一個盲人。他拿着一枝細長的白色導盲手杖，一邊探測前路，一邊向前走。恰巧，我們在同一條路上走着，他的家應該在我家附近吧。不知道為甚麼，跟他一起走有一種莫名其妙的尷尬。

到了紅綠燈路口，他聽着聲音過馬路。一切都很順利，直到……

走到馬路中間時，他的白杖意外掉在地上了。路人若無其事，有些冷眼旁觀，更有一個路人經過時不慎踢飛了白杖。他聽着眾人的腳步聲和紅綠燈的聲音，嘗試找出白杖掉落的位置。可是，他沒有了白杖，瞬間迷失了，無可奈何只能四周摸索。時間一分一秒地流走，行人過路交通燈已轉為紅燈。貨車司機逐漸煩躁起來，貨車司機按下汽車響啞「砵——砵——砵！」，這一聲又一聲的巨響真令人煩躁。我心想：這些人太缺德了！我鼓起勇氣，奮不顧身地走回去行人過路處，撿起他的白杖，再扶他起來，把他帶到人行道上。司機立即踏着油門，發動貨車，響起「嗚！嗚！嗚！」的引擎發動聲，彷彿在投訴我們花了貨車司機的寶貴時間。

最後，盲人連連點頭道謝，說：「謝謝你！不然我會有生命危險！還幫我找回白杖。」聽了盲人的話，再想起那位貨車司機的行為，我心裏越想越氣。當別人遇到困境時，我們都應該盡自己所能，伸出援手，這次經歷也讓我體會到了盲人在現實生活中面對的困境，我們不應該冷眼旁觀，而要盡心盡力地幫助他們融入社會。

《十號風球下的香港》

鄒樂晴 (6C)

颶風——是一種破壞力極強的自然現象。假期第一天，天文台就發出了最高級別的十號風球，讓我留下深刻的印象。

「呼——呼——呼」，強風的咆哮聲已把我從美夢中吵醒。一起牀，便感受到颱風的威力。從濕淋淋的窗戶放眼望去，天空烏雲密布還下着毛毛細雨，雨點頑皮地在空中起舞。粗壯挺拔的大樹一動也不動，但樹枝和樹葉被吹得搖頭擺腦。強風迎面吹來，就像別人用手在拍打我的臉。

馬路上，人們都趕着回家，車子「嘟嘟」地響着，川流不息的。行人的衣服都濕透了，在雨中匆匆忙忙地奔跑，有的在找避雨處，有的跑向巴士站或地鐵站，還有的可能沒有目的了。

到了中午，颱風逐漸逼近香港，街上變得冷冷清清，只有寥寥無幾的行人在海旁感受颱風的威力。轟隆一聲巨響，雷公公發怒了，緊接着一道光劍劃破天空的沉寂，震破行人的耳膜。頃刻間，天空下起瓢潑大雨，豆大的雨「嘩啦嘩啦」，好像倒水般從天而降。刺骨的風宛如針一樣刺進皮膚，刺得人不舒服。大樹張牙舞爪，彷彿一隻咆哮的怪獸，血盆大口。小草也躲不過來勢洶洶的強風，被吹得東倒西歪。商鋪的招牌搖搖欲墜，還發出「啪！啪！啪！」的聲音。

黃昏時分，微風拂面，天空下着絲絲縷縷的雨，高樓大廈被大雨清洗得一塵不染，散出清新的香味。清潔工人收拾在散落在馬路的雜物。大風宛如狂怒的巨人，打破了商鋪的玻璃，玻璃散落一地。

馬路旁的車身凹凸不平，有的甚至被大樹壓至變形。停靠在路旁的巴士已經被大風吹翻，倒在馬路上，等待救援。經過一場風吹雨打，滿街都是垃圾，不時傳來一陣陣刺鼻的臭味。

看着窗外的一切，我不由得深深嘆了一口氣，感嘆大自然威力之大，人類又是多麼渺小啊！

《我最喜愛的季節》

甄皓璋 (6E)

有人喜歡春意盎然的春天，有人喜歡驕陽似火的夏天，也有人喜歡寒風刺骨的冬天，而我卻最喜歡秋高氣爽、充滿金色的秋天。

聽，淅淅瀝瀝的秋雨，是一把鑰匙。它帶着清涼和溫柔，輕輕地，輕輕地，把秋天的大門打開了。它沒有春雨般細膩溫柔，也沒有夏雨般豪爽熱烈，卻是如此地寧靜、典雅。細細小小的秋雨像是無數蠶娘吐出的金絲，密密地斜織着，為天間掛上了一道珠簾。秋雨過後便迎來天高氣爽的好季節——秋天。

看，大棠楓香林已換上了新裝。遠望那一片楓林，宛如一大團燃燒的火焰，染紅了天際。瞧着火紅的楓樹，不禁想起唐代詩人杜牧的詩句：「霜葉紅於二月花」。走近看，片片楓葉都有它獨特的色彩，有半紅半黃、葡萄紫紅，有朱紅色、赤紅色，更有些紅葉偶爾帶有星星點點的黃色和橙色斑紋作為點綴。每當習習秋風吹過，枯黃的落葉和紅彤彤的楓葉便舉辦起了舞林大會。他們穿着明黃、暗紅、暗紫的紗衣，像一羣蝴蝶在空中翩翩起舞，盤旋着，盤旋着，最後落下，為大地蓋上一層交織着不同秋色的地毯。

聞，那淡雅、清幽的香氣，隨着陣陣的金風從花園飄來，沁人心脾。原來是秋姑娘喚醒了秋菊。各式各樣的菊花在花園裏各展姿態，有金燦燦的萬壽菊展示着「滿城盡帶黃金甲」的風範，有五顏六色、毛茸茸的繡球菊，一層一層的花瓣宛若旋轉飄逸的舞裙。秋菊的顏色紅的似火，白的似雪，粉的似霞，大的像團團彩球，小的像盞盞精巧的花燈。那一團團、一簇簇的菊花，正在撥蕊怒放。看着菊花，不由想起了唐朝詩人元稹的一句詩：「不是花中偏愛菊，此花開盡更無花。」

秋天邁着沉穩的腳步緩緩地走來，又悄無聲息地離去。她不似春天那麼溫和，卻有春天不可企及的絢麗；它不似夏天那麼活潑，卻有夏天不可代替的別緻。我愛秋天這個好季節。

《再見，我的小學生活》

葉蔚施 (6A)

「叮咚……叮咚……」這熟悉的學校鐘聲在我耳邊響起。我的小學生活很快就結束了。我聽着，聽着，既沉浸在升中的喜悅裏，又會回想起往日的舊事。我的心臟突然像鉛一般沉重，伴隨着無數的回憶頓時沉下去了。

時光易逝。還記得當時我第一次上學，我顯得十分羞怯，老師跟我打招呼，我頭也不回就走了。當時我還以為五甲班在第五樓，就從地面艱辛地爬到五樓。可是，當我氣喘吁吁地爬到五樓，那裏空無一人。我頓時十分恐懼，左看看右看看不知所措，心裏大叫：天啊！我該往哪兒走！這時，一位老師走到我面前，溫柔地問我是不是迷路了，並向我伸出援手。最後，她一邊和藹可親地介紹自己，一邊帶我到我的班級。我還記得她是張老師。張老師，您在我心裏是一位美麗的天使。您的手像一朵白雲般柔軟，還十分地善解人意。直到現在，我對您的面龐依然記得這麼清楚。感謝您！您給了我無限的動力，還給我指明人生的方向。

突然，我耳邊響起同學的歡笑聲，把我拉回現實。我隨聲望去，看到同學們正在玩耍嬉戲。這一刻，我彷彿看見今年的運動會。那時，我真想不到自己竟然會被老師委派到參加社團接力比賽。開始時，我一直苦着臉，欲哭無淚。比賽時，我無奈地在起跑線等候，可是當我聽到同學們的吶喊打氣聲，我頓時精神一震，瞬間充滿了無限的力量。我全神貫注地盯着前方。隨着裁判一聲令下，我仿如一隻老虎一樣帶着老師、同學的信念衝了出去。隊友們一個個接棒後快速地跑向終點，我也氣喘吁吁地，不停地向他們大聲喊道：「加油啊！加油啊！」最後，我們成功為所屬社團贏得銀牌，連跑道邊燦爛的紫荊花也在向我們微笑道賀呢！啊！你看！我們的笑容多麼燦爛啊！我既感動又雀躍。

雖然我在這所珍貴無比的學校只讀了兩年。但是我已經積攢了很多美好的回憶。這兩年的生活，我不但結識了不同的同學並建立友誼，還學習到各種知識。一抬頭，看到那湛藍的天空，我想化為一只鳥，在天空上自由自在地飛啊，飛啊！因此，我決心更加努力學習，長大後成為那一隻大鵬。我的心情頓時既緊張又興奮。

我快要升上中學，小學生活快結束了。那些和藹可親的面容，歡樂的聲音，依然歷歷在目。這裏有我敬愛的老師和情同手足的同學。我們的感情像家人一樣永不分離。即使我們可能不再見面，但是我相信我們所走的方向是一樣的。我將會記住老師們的教誨：要奮發進取，不斷努力，為未來做出貢獻。雖然我感到百感交集，但是我會記着學校的點點滴滴，苦樂甘甜。再見了，我的母校！再見了，我的小學生活！
