

Peoples Christian Academy, Canada (April 2019)

Six secondary school students took part in an exchange programme to Canada from April 10 -20, 2019. They attended classes at the Peoples Christian Academy, Markham and participated actively in school activities such as visiting the Toronto Zoo, taking part in the Maple Leafs & Raptors Day and the Battle of the Books. The experiences provided by the local school and the host families gave students a deeper insight of Canadian culture and inside/outside-of-class exposure to an authentic English-speaking environment. During the exchange, students became more independent, self-reliant and self-confident and were eager to build new connections and foster new friendships. The exchange has certainly opened up a whole new world for them to explore.

9B Man Yat Lok

My host family was extremely friendly and treated us with care and sincerity. We visited various attractions in Toronto such as the Niagara Falls. I was amazed by the scenery. School life in Canada is surely very different from Hong Kong. The French and Bible lessons were by far most memorable. The Peoples Christian Academy is a Christian school where most of the students truly believe in and respect God. The teachers, students and I prayed every morning at school. This was my first time visiting Canada. I have no regrets joining this programme to experience school life in Canada.
